*REASONS*

This is an important milestone in the delivery of the Northern Gateway Sports Hub and is a major step in creating a destination of regional significance for sport. The appointment of contractor and acceptance of the revised budget requirement and

funding package will enable the 76 acre sports hub project to progress and allow the buildings, civils and infrastructure elements of the project to commence.

The advance pitch works contract for the grass pitches was let ahead of the main contract to ensure they were completed and allowed enough growing time. These have now been completed three weeks ahead of schedule.

This contract will see the buildings, the civils, the cycle track and all remaining works to the site completed, as well as improvements to the highway.

To appoint a contractor who can deliver a high quality scheme within the defined programme.

As the scheme has progressed through the design stages and has achieved planning consent the budget requirement has increased, and the funding package has changed, these are set out in the financial section of the Assistant Director's report.

### *ALTERNATIVE OPTIONS*

Not to appoint a contractor; however, this would mean the project could not be delivered within the required timeframe and the project would have to be re-tendered, meaning a delay of at least 6 months. By not appointing a contractor at this time the wider Northern Gateway project including moving the Rugby Club from Mill Road would be delayed and a number of other external funding opportunities and linked projects, including substantial forecast capital receipts could be put at risk.

Not to accept the revised budget requirement and funding package; however, this would also mean that the project as in its current form could not be delivered within the current programme. In addition a new scheme and a new funding strategy would have to be devised.
