

Local Plan Committee - Background Information

What is a Local Plan?

A Local Plan is the strategy for the future development of a local area, drawn up by the Local Planning Authority (LPA) in consultation with the community. The Local Plan sets out the vision, objectives, spatial strategy and planning policies for the entire Colchester Borough. A Local Plan provides the overall framework for the borough in terms of employment and housing growth, infrastructure needs and identifying areas that require protection i.e., open space and community uses. The plan making process includes several rounds of public consultation with local communities, stakeholders and statutory consultees.

The Local Plan usually covers a 15-year period and identifies how communities will develop over the lifetime of the Plan.

In law, this is described as the Development Plan Documents adopted under the Planning and Compulsory Purchase Act 2004. A Local Plan must be prepared in accordance with national policy and guidance.

The National Planning Policy Framework (NPPF) states at paragraph 15 that *“The planning system should be genuinely plan-led. Succinct and up to date plans should provide a vision for the future of each area, a framework for addressing housing needs and other economic, social and environmental priorities; and a platform for local people to shape their surroundings”*.

Planning involves making decisions about the future of our cities, towns and countryside. This is vital to balance our desire to develop the areas where we live and work with ensuring the surrounding environment is not negatively affected for everyone. It includes considering the sustainable needs of future communities.

Independent Planning Inspectors must examine all Local Plans that local authorities in England prepare. This examination is the last stage of the process for producing a Local Plan. The process should have fully involved everyone who has an interest in the document, and they should have had the chance to comment.

Why is a Local Plan important?

A Local Plan is a statutory requirement as outlined in Section 19 of the Planning and Compulsory Purchase Act 2004.

The Local Plan contains policies to guide development by identifying a spatial strategy, site allocations for employment and housing development and protecting the environment, land and buildings for certain uses to ensure delivery of sustainable communities.

Without a Local Plan to identify where and how the borough should develop, planning applications are determined in accordance with national policy which does not provide

the local context of Colchester. Without a Local Plan, the borough would be at significant risk from speculative development. A Local Plan provides certainty of where development can be delivered sustainably across the Borough.

What is a Neighbourhood Plan?

The Localism Act 2012 devolved greater powers to neighbourhoods and gives local communities more control over housing and planning decisions.

A Neighbourhood Plan is a planning document that communities can put together to set out how they would like their town, parish or village to develop over the next 15 years. The Neighbourhood Plan is prepared by the local community for a designated neighbourhood area, usually this is undertaken by the Parish/Town Council or a Neighbourhood Plan Development Forum can be established for areas without a parish/town council.

A Neighbourhood Plan enables communities to identify where new homes and other developments can be built and enables them to have their say on what those new buildings should look like and what infrastructure should be provided. This provides local people the ability to plan for the types of development to meet their community's needs.

A Neighbourhood Plan must undergo a number of formal processes to ensure it is robust and well-evidenced. This includes two formal consultation periods, independent examination and a public referendum.

A Neighbourhood Plan is subject to examination where the Examiner must determine if the Neighbourhood Plan complies with the Basic Conditions as set out in the Town and Country Planning Act 1990 (as amended). Following an Examination, the Neighbourhood Plan must be subject to a referendum. In order for the Neighbourhood Plan to pass a referendum and be 'made' (adopted) the majority of voters (more than 50%) must be in favour of the Neighbourhood Plan.

If a Neighbourhood Plan passes the referendum, this becomes part of the Statutory Development Plan for that area. Where a Neighbourhood Plan has been 'made', both the Neighbourhood Plan and Local Plan are used when determining planning applications alongside national policy.

What is included in the Development Plan for Colchester?

The Development Plan is a suite of documents that set out the LPAs policies and proposals for the development and use of land and buildings in the authority's area. This includes Local Plans, Neighbourhood Plans and is defined in section 38 of the Planning and Compulsory Purchase Act 2004.

Within Colchester Borough this currently includes:

- Section 1 Local Plan (adopted February 2021);
- Section 2 Local Plan (adopted July 2022);
- Tiptree Jam Factory DPD (adopted 2013);
- Neighbourhood Plans.

Section 1 of the Colchester Local Plan sets out the overarching strategy for future growth across Braintree, Colchester and Tendring, including the Tendring Colchester Borders Garden Community as well as including policies setting the overall housing and employment requirements for North Essex up to 2033. Section 2 provides the policy framework, site allocations and development management policies for Colchester Borough up to 2033.

In Partnership with Tendring District Council, a Development Plan Document (DPD) is being prepared to further guide development on the Tendring Colchester Borders Garden Community. This process is being governed by the Tendring Colchester Borders Garden Community Joint Committee.

There has been considerable neighbourhood planning activity within Colchester with seven 'made' (adopted) Neighbourhood Plans across the borough. These are:

- Myland and Braiswick
- Boxted
- Wivenhoe
- West Bergholt
- Eight Ash Green
- Marks Tey and
- West Mersea

Four further Neighbourhood plans are at various stages of the plan making process. These include Copford with Easthorpe, Great Horkesley, Great Tey and Tiptree.

For minerals and waste matters, Essex County Council are the authority responsible for production of the Waste and Minerals Local Plans, which forms part of the Colchester Development Plan. At present the adopted plans for Essex are:

- Essex Minerals Local Plan (2014)
- Essex and Southend-on-Sea Waste Local Plan (2017)

What is included within the Development Framework for Colchester?

The Local Development Framework (LDF) is a non-statutory term used to describe a folder of documents, which includes all the local planning authority's local development documents. A Local Development Framework is comprised of:

1. Development Plan

Currently for Colchester this includes:

- Section 1 Local Plan (adopted February 2021)
- Section 2 Local Plan (adopted July 2022)
- Neighbourhood Plans (Myland and Braiswick, Boxted, Wivenhoe, West Bergholt, Eight Ash Green, Marks Tey and West Mersea)
- Essex Minerals Local Plan (2014)
- Essex and Southend-on-Sea Waste Local Plan (2017)

2. Supplementary Planning Documents (SPD)

An SPD is a document produced by the Local Planning Authority to add further detailed guidance and information on a particular subject such as Sustainable Construction or Open Space, Sports and Recreational Facilities. An SPD is subject to a formal consultation period and then is used as a material consideration when determining planning applications.

Currently for Colchester these are:

- Essex Coast Recreational Disturbance Avoidance and Mitigation Strategy (RAMS) – August 2020
- Affordable Housing – August 2011
- Backland and Infill – December 2010
- Better Town Centre – December 2012
- Cycling Delivery Strategy – January 2012
- Provision of Community Facilities – July 2013
- Provision of Open Space, Sport and Recreational Facilities – July 2006, updated April 2019
- Shopfront Design Guide – June 2011
- Street Services Delivery Strategy – October 2012 revised February 2016
- Sustainable Design and Construction – June 2011
- Sustainable Drainage Systems Design Guide – April 2015
- Vehicle Parking Standards – September 2009
- ABRO Development Brief SPD (December 2021)
- Archaeology and Planning (2015)

A number of these will be reviewed and updated along with new SPDs to be compliment with new policies in the Adopted Local Plan.

3. Local Development Scheme (LDS)

The LDS is a project plan for a three-year period for the production of all documents that will comprise the Development Plan. It identifies each Local Development Plan Document and establishes a timescale for preparing each.

4. Authority Monitoring Report (AMR)

The AMR is a report published annually by the LPA, monitoring progress in delivering the Local Plan policies and allocations. The report covers the financial year from 1 April to 31 March and for Colchester is published in December.

5. Statement of Community Involvement (SCI)

The SCI sets out the standards that the Local Planning Authority (LPA) intend to achieve in relation to involving the community and all stakeholders in the preparation, alteration and continuing review of all Local Development Plan documents and in significant planning applications. The SCI also outlines how the LPA intends to achieve those standards. The SCI itself, is not a development plan document, but is subject to independent examination. A consultation statement showing how the LPA complies with its SCI should accompany all Local Development Plan documents.

What are housing targets and why do we have them?

The Government have committed to delivering 300,000 new homes per year across England to significantly boost the supply of homes.

A Local Plan identifies the minimum number of homes needed through policies which are informed by a local housing need assessment produced in accordance with the Standard Methodology as outlined in national planning guidance, unless exceptional circumstances justify an alternative approach. The Standard Method was introduced through the National Planning Policy Framework (NPPF) in 2019.

For Colchester, the minimum housing requirement has been established in the Section 1 Local Plan. Policy SP4 set out the minimum housing requirement figure for Colchester as 920 dwellings per annum and 18,400 new homes over the period 2013 to 2033. This number was based on the previous assessment method outlined in the NPPF 2012 known as the Objectively Assessed Need. The Local Plan has been examined in accordance with the transitional arrangements outlined in the NPPF 2019, which requires examination of the Plan under the NPPF 2012.

The Council are required to identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing against their housing requirement figure as set out in the Local Plan, this is often referred to as the five year housing land supply (5YHLS).

The Council publish annually a Housing Land Supply Statement. This sets out Colchester's housing land supply position over a five-year period from 1 April of each year and explains how this position complies with the requirements of national policy and guidance. The Statement is prepared by the LPA with engagement from developers and agents regarding expected delivery of new homes.

What happens if the borough does not meet their housing target?

If an LPA cannot demonstrate a five-year supply of housing, national planning policy takes precedence over the Local Plan. The '*presumption in favour of sustainable development*' as outlined in national policy (NPPF paragraph 11d) will be triggered.

This means that if a planning application is considered to deliver sustainable development, then planning permission should be granted, even if the site is not identified for development in the Local Plan. In effect, the Council would have little control over where new homes are built and would be required to approve planning applications for sites that they may not have chosen for development. Many authorities can reject these schemes, but the decision can be overturned, and planning permission granted on appeal.
