GOVERNANCE AND AUDIT COMMITTEE

19 October 2021

Present:- Councillor Kevin Bentley, Councillor Michelle Burrows, Councillor Adam Fox, Councillor Chris Hayter, Councillor David King, Councillor Leigh Tate, Councillor Dennis Willetts (Chairman)

Substitutions: Councillor Maclean substituting for Councillor Bentley

Also Present:- Councillor Hagon (attended remotely)

278. Minutes of the previous meeting

Councillor King pointed out two typographical errors in the draft minutes, which would be corrected.

Councillor Fox requested that a copy of the letter sent to the Secretary of State on behalf of the Committee be circulated to all members of the Committee and it was confirmed that this would be done.

RESOLVED that: the minutes of the meeting held on 7 September 2021 be confirmed as a correct record subject to two typographical errors having been corrected.

279. Local Government and Social Care Ombudsman – Annual Review Letter 2021

Andrew Weavers, Strategic Governance Manager, attended the meeting to present the report and assist the Committee with its enquires. The Committee heard that the Local Government and Social Care Ombudsman's annual review letter contained less details than was usual which was because the Ombudsman's office had stopped taking complaints due to the pandemic. No findings of mal-administration or public interest reports had been issued against Colchester Borough Council (the Council).

Noting the comment made by the Ombudsman that he was concerned by the erosion of effective complaint functions in local authorities, Councillor King queried how robust the complaint processes of the Council were, and how easy they were to access for members of the public. In response, Andrew Weavers confirmed to the Committee that the Council had an effective complaint system which the Ombudsman had commented on in the past, and the complaint system was available via the Council's website to make it as accessible as possible. The

Committee were reassured that the Ombudsman's comments were contained within a letter with standard wording, and were not directed at the Council itself. Referring to data within the report, Councillor Willetts expressed his opinion that it was clear that when members of the public felt the need to make a complaint, that they had been able to do so, citing the example of the twenty three complaints that had been received in 2016/2016, and similar numbers in the intervening years, and the importance of maintaining an accessible complaints system was emphasised.

RESOLVED that: the contents of the Local Government & Social Care Ombudsman's Annual Review Letter for 2021 be noted.

280. Health and Safety Report 2020/2021

Carl Free, Corporate Health and Safety Officer, attended the meeting to present the report and assist the Committee with its enquires. The Committee heard that the report covered the period October 2020 to September 2021, and as a result of this the main health and safety focus had been on the response to the Covid-19 pandemic, and the work that had been undertaken to ensure the safety of staff and members of the public. Some of the more usual health and safety audits and reviews were now being carried out and were in progress, with no significant concerns to the health and safety of staff had been identified.

The Committee heard that the health and safety committee meetings had continued to be held online, allowing designated officers to share training, guidance and best practice for Covid safety measures and staff health, together with monitoring corporate health and safety action priorities for the future.

The regular Fire Risk Assessments for all corporate buildings had been completed by an experienced Fire Safety Consultant. These reviews were carried out on an annual basis as the Council's buildings contained staff or customers. No significant issues had been identified, and standard continual improvement work was ongoing.

Although face to face training sessions had been curtailed due to the pandemic, however, essential courses had continued via online training, and additional training had been organised to take place over the coming months. This included a recognised qualification for the Executive Management Team of the Council to help them become better influencers of health and safety.

There had been no serious health and safety incidents over the past reporting year which were reportable to the Health and Safety Executive (HSE) under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations (RIDDOR). Incidents which needed to be reported were serious such as fractures or incidents leading to more than seven days off work, or members of the public being taken to hospital for treatment. The number of reportable incidents had been declining over the past few years, but it was important that vigilance was maintained and incidents reported whenever necessary.

One of the focusses for the upcoming year was water safety, to ensure that the Council was legally compliant, and residents were kept safe around water sources in the borough.

Hayley McGrath, Corporate Governance Manager, explained to the Committee that the health and safety processes were a fundamental part of the Council's approach to physical risk management, and that as such the Committee were invited to review these on an annual basis to provide assurance as part of the Council's overall risk management process.

Councillor Willetts noted that there had been no serious incidents which may have indicated that the policies were deficient in some way, and that he assumed that the Committee could be assured that the policies were subject to the usual range of amendment and improvement as necessary. Further detail was requested with regard to the reported incident of an injury while lifting a bin, in order to give the Committee assurance that incidents were being dealt with under existing policies and no significant changes in procedure had been prompted.

Carl Free confirmed that as the reported wrist fracture while using a bin lift had been a more serious incident, he had investigated this, and as part of this investigation the policies and procedures in place had been reviewed. The member of staff had been trained and the lift was working as it should have been, and the accident had been caused through a number of environmental factors and individual error. All staff had subsequently been reminded of correct procedure, and no further incidents had been reported.

Councillor Fox enquired what processes had been put in place to safeguard staff who had been working from home over the past year, and it was confirmed that as the majority of staff working from home were using computers the guidance on screen usage had been updated, and additional guidance had been provided in respect of slips, trips and falls as well as fire safety. Care had been taken to provide staff with the correct equipment that they needed to work as safely as possible, including laptops, risers and chairs from the office, and the system seemed to be working well with no major incidents being reported.

In response to an enquiry from Councillor King concerning the current works at Rowan House, the Committee heard that although the building did need an uplift, this did not create specific health and safety hazards. Some minor amendments had been recommended as part of the fire safety report, but one of the key changes which was being made was the introduction of improve ventilation as part of the overall response to Covid-19, and the greater awareness that there now was to the importance of good ventilation in managing Covid-19 and other respiratory diseases. Improvements to areas where poor ventilation had been identified would be carried out as part of the overall improvement works which were taking place. In response to an enquiry from Councillor Willetts, the Committee were assured that all necessary improvement works were being carried out in Rowan House to fulfil the Council's duty to safeguard its staff.

With regard to the UK Drowning Prevention Strategy, the Committee heard that data in respect of fatalities was shared via the Essex Resilience Forum, but less information was available with regard to other incidents. The Council had identified areas of open water under its control and had developed action plans and risk assessments which were focussed on preventing people entering the water. It was hoped that the current review would reveal whether or not the Council was doing enough to promote water safety, and potential suitable measures that could be taken to improve this. It was confirmed to the Committee that the Council's safeguarding obligation related to areas where the Council owned the land on which a body of water was situated, or the water source itself, however, often the responsibility was shared with others, and the report would identify who those additional stakeholders were to enable joint working to be carried out to. Areas would be identified where there was a specific risk, and action taken to ensure that such risks were suitably mitigated against.

Councillor Burrows enquired whether there was a particular operational area of the Council where near miss reporting raised any concerns, and the Committee heard that the leisure and waste services reported the highest numbers of near miss incidents. The reporting of near misses was considered to be of key importance in preventing future accidents and was encouraged as much as possible, and was a feature of the new staff induction process. No issue was considered to be too small to report, and risk and hazard reporting contributed to overall safety management. The Committee were assured that no concerns had been raised over the working practices of a particular service area of the Council as a result of the reporting of near misses.

RESOLVED: that the Health and Safety Report for 2020/2021 be noted, and the Health and Safety Policy for 2021/2022 be approved.

281. Colchester Borough Homes Annual Governance Statement 2020/2021

Matt Armstrong, Director of Business Improvement for Colchester Borough Homes (CBH), and Karen Smout, an independent board member of CBH and Vice Chair of the Finance and Audit Committee, attended the meeting to present the report and assist the Committee with its enquiries. It was intended to provide the Committee with assurance that Colchester Borough Home's (CBH) governance arrangements were strong.

The Committee heard that CBH was managed by a board consisting of four independent members, three Colchester Borough Council Councillors and three resident members. The governance structure of CBH had been amended over the past twelve months, and the Operations and Performance Committee had been added to provide a greater amount of scrutiny in those areas, and the Residents Voice Panel had been re-launched which had improved engagement. The Code of Governance of CBH had been updated in December 2020, with the National Housing Federation's code of governance being adopted. In line with Colchester

Borough Council's approach, the company TIAA had been appointed to carry out internal audits for CBH, and this had been working well, with attendance at all Finance and Audit Committee meetings facilitating good dialogue. A new, simpler, risk management policy had been adopted in February 2020 and this had been supported by training for staff to give more structure to risk discussions at all levels of the company. The Committee were advised that the accounts for 31 March 2021 had been signed off, and the management letter had been received from CBH's external auditors, Scrutton Bland, which raised no governance or control issues. The only issue which had been flagged was the potential viability of CBH based solely on the company's pension liability. The Committee heard that there was a good internal dialogue at CBH's Finance and Audit Committee between both internal and external auditors and CBH Officers about governance matters and risk.

Councillor Willetts note that there had been a broadening of the activities undertaken by CBH over the past five years, moving away from domestic to commercial property management, and he enquired whether this had needed a change in the risk management approach taken by CBH? The Committee heard that there had been a change in approach, and risk was addressed at every board meeting. The Strategic Risk Register was kept up to date with changes in legislative requirements and advancing technology management systems with the aim of continuing to deliver excellent service to residents.

In response to an enquiry from Councillor King, the Committee were advised that the highest risks recorded on the Register were considered in great detail by the Board who sought advice from expert officers in relation to the identified risk and challenged the mitigating actions that were in place as part of a robust conversation. The Committee also heard that the Residents Voice Panel had a slot on all of the Board meetings of CBH, where the concerns of the residents could be highlighted for further investigation by officers, and that this feedback was considered in tandem with other complaints and comments received from residents to ensure that the Board had a flavour of current issues.

In response to a query from Councillor Willetts, Matt Armstrong confirmed that the reduction in the number of audits that had been carried out was a decision that had been taken when CBH had moved to a more risk based approach to auditing. TIAA, the internal auditors, attended the Finance and Audit Committee on an annual basis and advised on both the planned annual audits and the three year audit plan, together with offering advice on emerging risks in the sector.

Councillor Tate noted that some of the actions that had been listed on the action plan presented to the Committee were due to be completed in November 2021, and Matt Armstrong confirmed that approximately half the actions that were contained in the plan had been completed. It was anticipated that the agreement of the Strategic Plan 2022-2027 would be delayed until December to allow the new Chief Executive of CBH time to consider it in detail, however, this was not required to be in place before April 2022, which allowed sufficient time.

Councillor King commented on the improvement which had been demonstrated in the number of substantial assurance assessments compared to the previous year,

and sought clarity on whether this position could be maintained or even improved upon. Matt Armstrong offered the opinion that the organisation was moving in the right direction, but commented that the environment was changing constantly and it was part of the process of the Finance and Audit Committee to assess and review risk mitigations. With regard to the 'reasonable' assurances that had been given as a result of audits, the Committee were advised that the majority of these assurances were in relation to systems and record keeping, or areas where the risks were within the identified risk appetite of the Board. A new housing management system had been installed which would serve to codify the records system and improve processes.

Councillor Willetts reminded the Committee that the governance of CBH had been previously considered by the Committee when officers had advised on the compatibility of the approaches taken by both the Council and CBH, and he expressed his opinion that excellent practice had been demonstrated by both organisations. The Head of Internal Audit's opinion was noted that CBH had reasonable and effective risk management, control and governance processes in place.

RESOLVED that:

- the Committee had considered and commented on the Governance Assurance Statement of Colchester Borough Homes.
- The Committee accepted the assurance provided by Colchester Borough Homes regarding its governance arrangements throughout 2020/2021

282. Verbal update on remote meetings following the Covid-19 pandemic

Andrew Weavers, Strategic Governance Manager, attended the meeting to provide the update and assist the Committee with its enquiries. The Committee were reminded that on 25 March 2021 the government had called for evidence on local authority remote meetings, which the Council had responded to stating that it was in favour of having the ability to hold hybrid meetings if desired. To date, no response had been received from the government indicating how the implementation of the capacity for holding hybrid meetings would be advanced. It was therefore necessary to ensure that the physical meetings which were held were safe for Members, and dynamic risk assessment were continuing for meetings under the Health and Safety at Work Act. There were some Members who remained concerned about the prospect of returning to physical meetings, particularly for meetings of full council in the council chamber where no social distancing was possible. As a result of these concerns, the meeting of full council scheduled for 20 October 2021 was to be held in the Moot Hall with some social distancing mitigation in place. The position would be considered again before every meeting, however it was emphasised that the overriding concern must be to the health and wellbeing of Members and Council Officers attending formal meetings.

Research was continuing into ways to broadcast meetings from the Town Hall which was a Grade 1 listed building, containing three separate and very different meeting rooms which each potentially needed their own bespoke solution. Because of this, it had been decided to focus attention on finding a live streaming solution in the Grand Jury and West Committee Rooms, and Democratic Services and IT Officers were currently working on this.

Councillor Willetts noted that the vaccination status of any Councillor was an entirely private matter for them, but he wondered whether there was any sense of the numbers that had received full vaccinations, and whether this could have any impact on meeting planning. It was confirmed to the Committee that there was no information available about vaccination status, and that as even the vaccinated were able to be infected by Covid-19 and pass it on, this would not be a driving factor behind any risk assessment. The Committee were reminded that even if there was the capacity to attend meeting remotely and take part in debate, any Councillor doing so would not be able to vote on any item, which was of particular significance to the authority given its very fine political balance. It was confirmed that there was sufficient budget available to implement a suitable solution enabling the live streaming of meetings when one was found.

283. Assurance on Colchester Borough Council's Cyber Security Provision

Wayne Murray, Technology Delivery Manager, attended the meeting to present the report and assist the Committee with its enquiries. The Committee was advised that the report to be presented to it was informed by the need to maintain the security of the Council's information technology (IT) systems, and specific technical detail relating to the systems was therefore omitted. The Committee received an update on figures provided in the report, and heard that 100% of staff had now completed Cyber Security training. The Members briefing and training session had also recently taken place, with good attendance and interesting debate.

Councillor Hagon attended the meeting and offered his hopes for a hybrid meeting solution to be found, noting that there may be a variety of reasons that Councillors were unable to attend meetings in person, and suggesting that government needed to address this. Officers who delivered the Councillor cyber security were praised for the quality of the training, together with the Council's IT response to the pandemic which had provided protection to staff, Councillors and residents. It was vital that a secure digital infrastructure was implemented and maintained. Councillor Hagon wondered whether it might be possible to improve the ease of access for Members to shared calendar and email functions, and suggested that some consideration be given to hosting Councillor emails in a separate area to allow for more accessibility while maintaining necessary security functions.

Whilst noting the progress that was being made towards more comprehensive digital access, a question was asked as to how compatible this would be with the return to physical meetings. Was the required infrastructure in place to allow Councillors the space needed to use laptop or other devices to access meeting papers in the

Council Chamber? Not all Councillors were comfortable using technology, and it was suggested that there be more flexibility to providing printed documentation where necessary to support the different needs of Members.

Councillor Willetts noted that there were significant cost saving and environmental advantages associated with the move to reliance on accessing meeting papers electronically, but he also suggested that all Members should be able to have access to paperwork in a format that they were comfortable with; did we have the balance right?

Wayne Murray confirmed to the Committee that there was limited space available in the Council Chamber for technology, and this was one of the factors behind the decision to focus the current development in the Grand Jury Room which was more open. Consideration was being given to hosting Councillor email accounts in a way that made them more easily accessible, but discussions were at a very early stage and it was not yet possible to say whether this would be achievable, or what any associated costs may be.

The Committee noted that although there had been 100% completion by staff of the mandatory data protection training, only two thirds of Councillors had completed this, which was a cause for concern, and it was considered appropriate for the Committee to take action to encourage a great completion rate among Members. Councillor Fox suggested that it may be appropriate for the Group Leaders or the Member Development Committee to look into this issue further. He did not consider it was desirable to implement a two tier system, where Members had fewer responsibilities towards maintaining the security of the Council's systems than Officers, and suggested that the responsibility be shared equally. Although it may be a minor inconvenience to access data or emails by following additional security checks or requirements, this was a minor price to pay to safeguard systems and information, and Councillors should take their responsibilities seriously and follow the expert advice of Officers in this regard.

Councillor King lent his support to the comments made by Councillor Fox, and suggested that encouraging the completion of the training was something that the Member Development Group might appropriately consider. He enquired how secure it was felt that the Council's systems were, in line with other local authorities. Wayne Murray explained to the Committee that the Council had the benefit of a free service offered by the National Cyber Security Centre who helped monitor the Council's networks and provide alerts of any issues immediately. It was not possible to stop cyber attacks being made, however, the processes that the Council had in place were designed to combat these and quickly limit any damage that might have occurred, and it was felt that the Council was in a good position to respond to any issues.

Councillor Maclean appreciated the points that had been around cyber security, but asked how using a computer issued by Colchester Borough Council could be made simpler, as she had great difficulty logging into the system. She further commented that Members should be able to choose how they accessed agenda documents, and whether they wished to have printed copies to reference, as she felt that staring at a

computer screen for extended periods of time had potential negative health connotations.

Councillor Willetts commented that the position with regard to cyber security and access to information was an extremely complex one, and praised the work that was being undertaken to ensure that Councillors had an easy and effective way to access and process the information necessary to serve their constituents.

RESOLVED that:

- the contents of the report be noted.
- the Member Development Group be requested to consider the issue of Councillor completion of mandatory training, and to work with Group Leaders to attempt to secure higher levels of completion.

284. Work Programme

Matthew Evans, Democratic Services Officer, attended the Committee to present the report and assist the Committee with its enquiries. The Committee were asked to note that the Equality and Safeguarding annual update had been moved from this meeting to the meeting of this Committee in March 2022.

RESOLVED that: the content of the Work Programme be agreed.

- 5.6 In line with statutory requirements the Council has adopted the Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice on Treasury Management (revised 2017). This mid-year position report complies with the Code.

6 Economic Update

- 6.1 Total local authority borrowing has gradually increased over the last few financial years. This reflects the funding of local authority capital programmes. Given the impact of global pandemic, the amount of borrowing has remained stable during 2020/21 and even reduced given the large amount of funding provided to Local government that improves the cash position as well as a slowdown nationally in regard to Council's respective capital programme

- 6.2 Over the same period there has been an increase in the Council's short term investment due to the additional funding and economic slowdown.

- 6.3 There has been a considerable rise in the use of money market funds and other managed funds reflecting the low rates on offer from banks directly to local authorities. The table shows Colchester's comparative position as at September 2021.

| Table 1 – Investment distribution 30 September 2021 | | UK local authorities | Colchester |
|---|--------------------------|----------------------|------------|
| 1 | Bank | 27% | 52% |
| 2 | Building society | 2% | 3% |
| 3 | Money market funds | 23% | 37% |
| 4 | Externally managed funds | 21% | Nil |
| 5 | Local government | 19% | 8% |
| 6 | Other including DMO | 8% | Nil |
| 7 | Total | 100% | 100% |

- 6.4 The economic forecast remains difficult given the impact of the global pandemic. A recent update provided by the Council's Treasury advisors concludes the following over the next few years based on a level risk analysis:

- The Monetary Policy Committee (MPC) voted unanimously to leave Bank Rate unchanged at 0.10% and made no changes to its programme of quantitative easing purchases due to finish by the end of this year at a total of £895bn
 - Financial markets are now pricing in a first increase in Bank Rate from 0.10% to 0.25% in February 2022
 - The path of CPI inflation is now expected to rise slightly above 4% by the end of 2021. Underlying price pressures in the economy are likely to get embedded over the next year and elevate future inflation to stay significantly above its 2% target and for longer.
- 6.5 Full details of the Council's Treasury Advisors economic analysis are included at Appendix A to this report.

7 Treasury Management Strategy 2020/21

7.1 The TMSS includes the following key elements:

- The Council continues to maintain an under-borrowed position. It will borrow internally, reducing the cost of carry as current investment rates are substantially below long term borrowing rates. This also reduces the Council's exposure to credit risk by reducing the level of investment balances.
- The Council's investment policy reflects a low appetite for risk; emphasising the priorities of security and liquidity over yield.
- The budgeted return on investments placed for periods up to 100 days is 0.5%.
- That the Council complies with the CIPFA Prudential and Treasury Management Codes (Revised 2017); in relation to setting of capital plans, setting and reporting on prudential indicators, evaluation of the General Fund MRP and other related governance guidance.

7.2 No immediate mid-year changes are proposed to the TMSS.

8 The Council's Capital Position and Prudential Indicators

8.1 This part of the report updates:

- The Council's capital expenditure plans and their financing
- The impact of changes to the Council's capital plans on prudential Indicators and the underlying need to borrow
- Compliance with the limits on borrowing activity.

Capital Expenditure

8.2 The table below identifies the revised 2021/22 capital programme forecast since the original capital budget was approved by Council in February 2021.

| Table 3 Capital Expenditure 2021/22 £k | Original Estimate | Revised Estimate |
|---|----------------------|---------------------|
| General Fund capital expenditure | 42.106 | 19,868 |
| HRA capital expenditure | 40.292 | 46,172 |
| Total capital expenditure | 82.398 | 66,040 |

8.3 The main variances are as follows:

- On-lending to Colchester Commercial Holdings Limited £26.6m. This relates to the delays in the development of Mill Road site.
- Additional HRA expenditure has been incurred due to delays in the 2020/21 programme which have been reprofiled in 2021/22

Changes to the financing of the capital programme

8.4 Funding of the capital programme is updated for the lower than expected level of expenditure. The Medium Term Financial Forecast provides minimum revenue provision and interest for new debt.

| | Table 4 - New Borrowing Requirement 2021/22 All £k | Original Estimate | Revised Estimate |

| 1 | General Fund capital expenditure | 42.106 | 19,868 |

| 7 | Finance leases | 0 | 0 |
| 8 | Revenue | 9,790 | 10,518 |
| 9 | New borrowing requirement | 33,704 | 36,149 |

Capital Financing Requirement (CFR)

8.5 The following table shows the CFR, the Council's total need to borrow for capital purposes including both past and current financial years.

| Table 5 - CFR 2021/22 All £k | Original Estimate | Revised Estimate |
|---------------------------------|----------------------|---------------------|
| Opening balance | 200,631 | 187,284 |
| Unfinanced capital expenditure | 42,452 | 36,149 |
| Less MRP | 2,248 | 2,211 |
| Closing balance | 240,835 | 221,222 |

Limits to borrowing activity

8.6 Councils have a responsibility to ensure that over the medium-term net borrowing is only made for capital purposes. Gross external debt should not - except in the short term - exceed the Capital Financing Requirement in the preceding year plus any additional Capital Financing Requirement for the current and the next two financial years. This allows flexibility for limited early borrowing for future years. The Council

has approved a policy for borrowing in advance of need which will be adhered to if this proves prudent.

| Table 6 - Limits to Borrowing activity 2021/22 All £k | Original Estimate | Revised Estimate |
|--|-------------------|------------------|
| Gross Debt 1 April 2021 | 169,944 | 169,944 |
| Borrowing 2021/22 | 42,578 | 0 |
| Other Long Term Liabilities | 0 | 0 |
| Gross Debt 31 March | 212,522 | 169,944 |
| CFR | 240,835 | 221,222 |
| Under/(Over) Borrowed Position | 28,313 | 51,278 |

- 8.7 The Council is expected to be in an under-borrowed position compared to its CFR at the end of 2021/22. This is in line with the Treasury Management Strategy. The Council can demonstrate that its borrowing is for capital investment purposes only.
- 8.8 The Operational Boundary is the limit which external debt is not normally expected to exceed.

| Table 7 – Operational Boundary All £k | Original Estimate | Revised Estimate |
|--|-------------------|------------------|
| Operational Boundary | 250,835 | 250,835 |

9 Investment Portfolio 2021/22

- 9.1 In accordance with the Prudential Code, the Council is required to ensure that the security and liquidity of its investments take priority over the level of return. As detailed at paragraph 5, it is a very difficult investment market in terms of returns
- 9.2 The Council had £79.5m of investments as at 30th September 2021 (£58m as at 30 September 2020) all repayable during 2021/22. These investments are short-term repayable within the current financial year of which £30.000m is currently held in liquid money market funds. This is significantly higher than previous years given the large amount of forward funding the Council has received from Government in the form of Covid grants and section 31 grants in relation to business rate reliefs. It is expected that the level of investments will reduce to normal levels by year end.
- 9.3 A full list of investments is listed at Appendix B (confidential section of the agenda).
- 9.4 Given the historic low interest rates, the Council is expected to make return on its investments of approximately £0.050m for the 2021/22 against a budget of £0.278m.
- 9.5 The Head of Finance confirms that the approved limits within the Annual Investment Strategy were not breached during the first six months of the year.

10 Borrowing

- 10.1 The Council is forecast to have borrowings of £169.944m at the end of the financial year, with the expectation of utilising £51.278m of cash flow funds in lieu of borrowing to fund the capital programme. This is prudent and cost-effective approach in the current economic climate and interest rate structure.

- 10.2 The majority of borrowing is in relation to the Housing Revenue Account which currently stands at £127.445m and £42.500m in relation to General Fund activity. A breakdown on the type of loans is provided below:

| Breakdown of Loans All £k | Loan Value £m |
|-------------------------------------|---------------------|
| Public Works Loan Board (PWLB) | 132,094 |
| Local authorities | 23,350 |
| Banks | 9,000 |
| LOBOs - Lender Option Borrow Option | 5,500 |

- 10.3 No additional borrowing has taken place during 2021/22 and given current capital expenditure projections, the strategy is to continue to internally borrow to reduce the cost of borrowing.

11 PWLB interest rate structure

- 11.1 Changes to PWLB facilities were announced in November 2020 preventing borrowing from PWLB if the Council's capital programme included borrowing for yield as its primary objection. Further announcements have since been made with the anticipation that there will be further changes to the prudential code and Treasury management guidance applying in 2022/23. The Council is awaiting final details and clarification of the changes to the Code.
- 11.2 At this stage the Council does not have or propose to make borrow for yield investments. However until the guidance and any regulations have been finalised the full impact will not be known.

12. Standard References

- 11.1 There are no particular references to the Strategic Plan; consultation; or publicity consideration; community safety; health and safety implications.

13. Financial implications

- 12.1 As set out in the body of this report.

13. Risk Management Implications

- 13.1 The Council's Treasury Management Strategy supported by the Treasury Management Practices, reflects the council's low risk appetite for treasury management investments, in line with the current economic outlook. The mid-year review provides the opportunity to report and review on the practices for the first six months of the financial year against the Council's strategy and take remedial action as required.

Economics and interest rates

MPC meeting 24.9.21

- The Monetary Policy Committee (MPC) voted unanimously to leave Bank Rate unchanged at 0.10% and made no changes to its programme of quantitative easing purchases due to finish by the end of this year at a total of £895bn; two MPC members voted to stop the last £35bn of purchases as they were concerned that this would add to inflationary pressures.

- There was a major shift in the tone of the MPC's minutes at this meeting from the previous meeting in August which had majored on indicating that some tightening in monetary policy was now on the horizon, but also not wanting to stifle economic recovery by too early an increase in Bank Rate. In his press conference after the August MPC meeting, Governor Andrew Bailey said, "the challenge of avoiding a steep rise in unemployment has been replaced by that of ensuring a flow of labour into jobs" and that "the Committee will be monitoring closely the incoming evidence regarding developments in the labour market, and particularly unemployment, wider measures of slack, and underlying wage pressures." In other words, it was flagging up a potential danger that labour shortages could push up wage growth by more than it expects and that, as a result, CPI inflation would stay above the 2% target for longer. It also discounted sharp increases in monthly inflation figures in the pipeline in late 2021 which were largely propelled by events a year ago e.g., the cut in VAT in August 2020 for the hospitality industry, and by temporary shortages which would eventually work their way out of the system: in other words, the MPC had been prepared to look through a temporary spike in inflation.

- So, in August the country was just put on alert. However, this time the MPC's words indicated there had been a marked increase in concern that more recent increases in prices, particularly the increases in gas and electricity prices in October and due again next April, are, indeed, likely to lead to faster and higher inflation expectations and underlying wage growth, which would in turn increase the risk that price pressures would prove more persistent next year than previously expected. Indeed, to emphasise its concern about inflationary pressures, the MPC pointedly chose to reaffirm its commitment to the 2% inflation target in its statement; this suggested that it was now willing to look through the flagging economic recovery during the summer to prioritise bringing inflation down next year. This is a reversal of its priorities in August and a long way from words at earlier MPC meetings which indicated a willingness to look through inflation overshooting the target for limited periods to ensure that inflation was 'sustainably over 2%'. Indeed, whereas in August the MPC's focus was on getting through a winter of temporarily high energy prices and supply shortages, believing that inflation would return to just under the 2% target after reaching a high around 4% in late 2021, now its primary concern is that underlying price pressures in the economy are likely to get embedded over the next year and elevate future inflation to stay significantly above its 2% target and for longer.

Financial markets are now pricing in a first increase in Bank Rate from 0.10% to 0.25% in February 2022, but this looks ambitious as the MPC has stated that it wants to see what happens to the economy, and particularly to employment once furlough ends at the end of September. At the MPC's meeting in February it will only have available the employment figures for November: to get a clearer picture of employment trends, it would need to wait until the May meeting when it would have data up until February. At its May meeting, it will also have a clearer understanding of the likely peak of inflation

Supply shortages. The pandemic and extreme weather events have been highly disruptive of extended worldwide supply chains. At the current time there are major queues of ships unable to unload their goods at ports in New York, California and China. Such issues have led to mis-distribution of shipping containers around the world and have contributed to a huge increase in the cost of shipping. Combined with a shortage of semi-conductors, these issues have had a disruptive impact on production in many countries. Many western countries are also hitting up against a difficulty in filling job vacancies. It is expected that these issues will be gradually sorted out, but they are currently contributing to a spike upwards in inflation and shortages of materials and goods on shelves.

3.2 Interest rate forecasts

The Council's treasury advisor, Link Group, provided the following forecasts on 29th September 2021 (PWLB rates are certainty rates, gilt yields plus 80bps):

The coronavirus outbreak has done huge economic damage to the UK and to economies around the world. After the Bank of England took emergency action in March 2020 to cut Bank Rate to 0.10%, it left Bank Rate unchanged at its subsequent meetings.

As shown in the forecast table above, one increase in Bank Rate from 0.10% to 0.25% has now been included in quarter 2 of 2022/23, a second increase to 0.50% in quarter 2 of 23/24 and a third one to 0.75% in quarter 4 of 23/24.

GILT YIELDS / PWLB RATES.

Since the start of 2021, there has been a lot of volatility in gilt yields, and hence PWLB rates. During the first part of the year, US President Biden's, and the Democratic party's determination to push through a \$1.9trn (equivalent to 8.8% of GDP) fiscal boost for the US economy as a recovery package from the Covid pandemic was what unsettled financial markets. However, this was in addition to the \$900bn support package already passed in December 2020 under President Trump. This was then followed by additional Democratic ambition to spend further huge sums on infrastructure and an American families plan over the next decade which are caught up in Democrat / Republican haggling. Financial markets were alarmed that all this stimulus, which is much bigger than in other western economies, was happening at a time in the US when: -

1. A fast vaccination programme has enabled a rapid opening up of the economy.
2. The economy had already been growing strongly during 2021.
3. It started from a position of little spare capacity due to less severe lockdown measures than in many other countries. A combination of shortage of labour and supply bottle necks is likely to stoke inflationary pressures more in the US than in other countries.
4. And the Fed was still providing monetary stimulus through monthly QE purchases.

These factors could cause an excess of demand in the economy which could then unleash stronger and more sustained inflationary pressures in the US than in other western

countries. This could then force the Fed to take much earlier action to start tapering monthly QE purchases and/or increasing the Fed rate from near zero, despite their stated policy being to target average inflation. It is notable that some Fed members have moved forward their expectation of when the first increases in the Fed rate will occur in recent Fed meetings. In addition, more recently, shortages of workers appear to be stoking underlying wage inflationary pressures which are likely to feed through into CPI inflation. A run of strong monthly jobs growth figures could be enough to meet the threshold set by the Fed of “substantial further progress towards the goal of reaching full employment”. However, the weak growth in August, (announced 3.9.21), has spiked anticipation that tapering of monthly QE purchases could start by the end of 2021. These purchases are currently acting as downward pressure on treasury yields. As the US financial markets are, by far, the biggest financial markets in the world, any trend upwards in the US will invariably impact and influence financial markets in other countries. However, during June and July, longer term yields fell sharply; even the large non-farm payroll increase in the first week of August seemed to cause the markets little concern, which is somewhat puzzling, particularly in the context of the concerns of many commentators that inflation may not be as transitory as the Fed is expecting it to be. Indeed, inflation pressures and erosion of surplus economic capacity look much stronger in the US than in the UK. As an average since 2011, there has been a 75% correlation between movements in 10 year treasury yields and 10 year gilt yields. This is a significant UPWARD RISK exposure to our forecasts for longer term PWLB rates. However, gilt yields and treasury yields do not always move in unison.

There are also possible DOWNSIDE RISKS from the huge sums of cash that the UK populace have saved during the pandemic; when savings accounts earn little interest, it is likely that some of this cash mountain could end up being invested in bonds and so push up demand for bonds and support their prices i.e., this would help to keep their yields down. How this will interplay with the Bank of England eventually getting round to not reinvesting maturing gilts and then later selling gilts, will be interesting to keep an eye on.

The balance of risks to medium to long term PWLB rates: -

- There is a balance of upside risks to forecasts for medium to long term PWLB rates.

A new era – a fundamental shift in central bank monetary policy

One of the key results of the pandemic has been a fundamental rethinking and shift in monetary policy by major central banks like the Fed, the Bank of England and the ECB, to tolerate a higher level of inflation than in the previous two decades when inflation was the prime target to bear down on so as to stop it going above a target rate. There is now also a greater emphasis on other targets for monetary policy than just inflation, especially on ‘achieving broad and inclusive “maximum” employment in its entirety’ in the US before consideration would be given to increasing rates.

- The Fed in America has gone furthest in adopting a monetary policy based on a clear goal of allowing the inflation target to be symmetrical, (rather than a ceiling to keep under), so that inflation averages out the dips down and surges above the target rate, over an unspecified period of time.
- The Bank of England has also amended its target for monetary policy so that inflation should be ‘sustainably over 2%’ and the ECB now has a similar policy.
- For local authorities, this means that investment interest rates and very short term PWLB rates will not be rising as quickly or as high as in previous decades when the economy recovers from a downturn and the recovery eventually runs out of spare capacity to fuel continuing expansion.
- Labour market liberalisation since the 1970s has helped to break the wage-price spirals that fuelled high levels of inflation and has now set inflation on a lower path which makes this shift in monetary policy practicable. In addition, recent changes in flexible employment practices, the rise of the gig economy and technological changes, will all help to lower inflationary pressures.

Governments will also be concerned to see interest rates stay lower as every rise in central rates will add to the cost of vastly expanded levels of national debt; (in the UK this is £21bn for each 1% rise in rates). On the other hand, higher levels of inflation will help to erode the real value of total public debt.

| Report of | Assistant Director Corporate and Improvement | Author | Darren Brown ☎ 282891 |
| Title | Financial Monitoring Report – April to September 2021 | | |
| Wards affected | Not applicable | | |

1. Executive Summary

- 1.1 This report gives the Committee the opportunity to hold Service Managers and Portfolio Holders accountable for their budgets. The financial position is summarised as follows:-
- The General Fund is showing a net underspend against services of £1,396k as at period 6. This includes less expenditure of £400k and more income of £996k, compared to profiled budgets.
 - The current forecast outturn position for the General Fund is a net underspend of £799k, assuming the agreed use of reserves of £2.4m in the budget.
 - The Housing Revenue Account is showing a net underspend of £371k as at period 6 and is forecast to be on budget at the year-end.
- 1.2 Assistant Directors and their budget holders have undertaken a thorough review of the financial position for their services, which is reflected in this report. In addition, SMT continues to monitor the budget position on a monthly basis. The next report to the Committee will consider the position after 9 months.
- 1.3 Given the forecast outturn underspend on the General Fund of £799k, this would mean we would need to use less reserves than originally agreed in the budget, to deliver an on-budget year end position.
- 1.4 As committed at the 7 September 2021 Governance and Audit Committee meeting this monitoring report now includes:
- 1.4.1 An analysis of Department of Levelling Up Housing and Communities income loss grant claimed.
- 1.4.2 Information on the confidence limits of income forecasts

2. Action required

- 2.1 The Committee is asked to consider the financial performance of General Fund Services and the Housing Revenue Account (HRA) for the first six months of 2021/22, and to note the forecast budget underspend of £799k on the General Fund and that this would necessitate less reserves being used to deliver an on-budget year-end position than originally assumed.

3. Reason for scrutiny

- 3.1 Monitoring of financial performance is important to ensure that:
- Service expenditure remains within cash-limited budgets.
 - Potential variances at year-end are identified early so that remedial action can be taken to recover the position or 'recycle' any surplus budgets.
 - Performance targets are being met.
- 3.2 This report also gives the committee the opportunity to hold Service Managers and Portfolio Holders accountable for their budgets.

4. Background

- 4.1 This report reviews the Council's overall position based on profiled income and expenditure for the six months to 30 September 2021, and also shows a projection of the outturn figures for the full year. All the information presented in respect of General Fund Services shows the position based on net 'direct costs'. The review of the Housing Revenue Account is different in that it shows all costs, both direct and indirect.

Summary Position

- 4.2 The projected outturn for the General Fund is currently a net underspend of £799k, assuming the agreed use of reserves of £2.4m in the budget. The Housing Revenue Account forecast outturn position is currently to be on budget.
- 4.3 The General Fund position is set out in more detail in the following paragraphs and the HRA position explained in paragraphs 4.20 to 4.24. Budgets carried forward from 20/21 are now included in the schedules within this report, and as such will be monitored as part of the overall position.

General Fund – Position to 30 September 2021

Service Budgets

- 4.4 Appendix A shows the current budget variances and forecast outturn variances by Service Group. The net position shows a variance against profiled budget for General Fund Services (excluding Benefits, NEPP & JMC) of £1,396k (favourable). This comprises total expenditure being £400k lower than expected and total income being £996k higher than expected. Appendix B breaks these variances down by subjective group.

Income

- 4.5 Income to the Council is below profiled budgets in a number of areas to date, but most notably in Bereavement and Museums. However, income levels are above profiled budgets within Sport and Leisure, Domestic Waste, Parking and Land Charges.

Expenditure

- 4.6 There are underspends against profiled budgets in a number of services areas, predominantly within premises and transport costs. This can be as a result of profiling of budgets as well as timing of expenditure.
- 4.7 Benefits payments are not shown in Appendix A & B to avoid distorting the reported position for Service Groups. It is currently projected that this area will be on budget at year end, when the final subsidy claim is paid. Furthermore, NEPP and JMC variances are not included in the Appendix A & B totals, given these areas are ring-fenced and are reported to the relevant joint committee.

Outturn Forecast / Risk Areas

- 4.8 This is the second formal review this year of the 2021/22 budget position, and the current forecast outturn is a net underspend of £799k, assuming the agreed use of reserves of £2.4m in the budget.

Service Budgets

- 4.9 The following table sets out the forecast outturn for all service areas, with outturn variances. This shows a net forecast overspend of £144k. The largest areas contributing to the net position are;

- Community: A shortfall in Museums income of £96k and Bereavement income of £115k.
- Neighbourhood Services: £175k pressure due to the vacancy factor target potentially not being met, £429k net overspend on agency/employee costs, £125k pressure relating to Hythe Quay wall repairs, £74k saving on contractor costs, £498k more paper collection/recycling income, £80k loss of income in trade waste, and a shortfall in Market and Beach Hut income of £166k.
- Place & Client: £86k more planning income, £111k Amphora dividend forecast in line with the business plan, and £363k more net income from Sport and Leisure.
- Customer: £73k more land charges income.
- Corporate & Improvement: £50k employees pressure in Governance and £50k for members equipment (hire costs for streaming committee meetings), and £79k less travel plan parking income.
- £100k more income forecast from the Council Tax Sharing Agreement.

Appendix C

- 4.10 Appendix C shows the original budget, the outturn forecast and variance. The purpose of this table is to bring together the overall revenue budget and show the impact of Government support and the required use of reserves.
- 4.11 As shown, the 21/22 budget includes a use of reserves to support covid of £2.4million and to balance the budget, given the impact of Coronavirus on our income earning services. The budget report agreed at Cabinet on the 13th October 2021 stated that the Head of Finance in consultation with the Deputy Leader and Portfolio Holder for Resources determine the reserves to be used in 2021/22 to fulfil the requirements to meet Covid costs.

- 4.12 The intention is that the use of reserves for covid will be the last source of funding in determining the outturn position, meaning that reserves will be preserved as much as possible. Given the forecast outturn at Period 6 is an underspend of £799k, then our use of reserves would potentially reduce from £2.400million to £1.601million at year-end.

Corporate / Technical Items

- 4.13 The budget includes a number of corporate and technical budget areas such as net interest earnings, the provision to repay debt, pension costs and some non-service specific grants. It is currently forecast that there will be a saving on interest payable of £400k, as we haven't needed to borrow as planned given our higher cash balances and thus the ability to internally borrow. Furthermore, there is a saving of £123k relating to the 21/22 pay award assumptions included in the budget.
- 4.14 The 21/22 budget included an initial estimate of £500k for Sales, Fees & Charges income support from the Government for Quarter 1. Based on the actual Quarter 1 return we have claimed £920k, therefore additional income support of £420k compared to the budget.
- 4.15 As part of the Quarter 1 position reviewed by the Committee for the current financial year, a breakdown of the income received from the Government under the Sales, Fees & Charges income loss support scheme was requested. The table below shows this for each financial year and is shown under the headings required by the Government. As a reminder, 2020/21 net losses claimed were for the full financial year, whereas for 2021/22 we are only able to claim for net losses for the 1st quarter.

- 4.16 Appendix D sets out details of all forecast variances against service budgets at the year-end totalling £144k. To provide some context on the scale of the variances shown in Appendix D, a percentage value has been included within the comments which shows the proportion of the relevant budget that it represents. For example, an underspend due to vacant posts or the vacancy factor would be expressed as a proportion of the total employees budget for that area.

Summary position and action proposed

- 4.17 The forecast outturn shows a potential net underspend of £799k assuming the agreed use of reserves of £2.4m. The impact of Coronavirus and related economic uncertainty on the Councils finances is continually being reviewed, and therefore further more detailed work will continue to be undertaken during Quarter 3 to ensure forecast outturn positions are robust, including those income areas where they have been particularly impacted by Coronavirus and as recovery progresses and customer behaviour moves towards pre-covid levels.
- 4.18 Assistant Directors and their budget holders have undertaken a thorough review of the financial position for their services, which is reflected in this report. In addition, the Senior Management Team continues to monitor the budget position on a monthly basis. The 9 month position will be reported to this Committee in March.
- 4.19 The Committee has asked for information on confidence levels associated with income predictions, to give a sense of how much volatility is associated with the financial position. It is important to emphasise that all forecasts are the responsibility of the manager who is delivering that service, as they have the information to continuously review what is driving income as the year progresses, such as customer demand and activity, thus enabling increased accuracy as we move through the year. The 21/22 budget already allowed for a significant reduction in income due to the impact of Coronavirus, and it isn't expected this would be higher unless there was a change in Government policy, such as moving the country back into another national lockdown. Clearly that is something that is very difficult to predict, but the forecasts within this report are based on current known Government guidance. As the final outturn is unknown until the end of the financial year, it is very difficult to set a confidence level for forecasts.

Housing Revenue Account

- 4.20 The Housing Revenue Account (HRA) is a ring-fenced account which is affected by a number of variable factors. At the end of September 2021, the HRA is showing a net underspend of £371k compared to the profiled budget for the same period. This is primarily due to lower expenditure on Premises costs of £453k and Supplies and Services of £170k, and £257k less income than budgeted.

Position to date

- 4.21 Premises related costs are showing an underspend of £453k as at the end of September 2021. Overall, there is a net underspend of £104k on Repairs and Maintenance, which primarily relates to the timing of expenditure on repairs and maintenance of pumping stations, Homeless Persons Units and other delegated areas. There are further underspends of £16k on Council Tax on void properties, £85k on Grounds Maintenance budgets and £244k on Utility and Water costs which relate to the timing of expenditure.
- 4.22 Supplies & Services costs are underspent by £170k at the end of September. There is a general underspend across most budget headings, which primarily relate to the timing of expenditure, the main area being IT costs and the new housing management system.
- 4.23 We have received £257k less income at the end of September 2021. This primarily reflects the net impact of rental & service charge income being lost from dwellings and garages than assumed within the budget, through a combination of voids and the level of Right to Buy sales, along with the timing of acquisition and additions to our housing stock.

Forecast Outturn

- 4.24 The HRA is currently forecast to be on budget at the year-end. Any underspend or overspend that occurs in the year will be used to fund a greater/lesser proportion of our Housing Capital Programme through a variation to the Revenue Contribution to Capital.

5. Standard References

- 5.1 Having considered consultation, publicity, equality, diversity and human rights, community safety, and health and safety implications, there are none that are significant to the matters in this report.

6. Strategic Plan References

- 6.1. The priorities within the Strategic Plan are reflected in the Medium-Term Financial Forecast, which makes assumptions regarding government grant/funding and Council Tax income and identifies where necessary savings will be found in order to achieve a balanced budget. The 2021/22 revenue budget was prepared in accordance with the Strategic Plan's priorities, in the context of the Council facing growing financial pressures. Budget monitoring enables the financial performance against these priorities to be assessed.

7. Financial Implications

- 7.1. As set out above.

8. Environmental and Climate Change Implications

- 8.1. All budget measures will be assessed for their likely environmental impact, reflecting the Council's commitment to be 'carbon neutral' by 2030. Environment and Climate Change is an essential cross-cutting theme in the Council's post-Covid recovery planning.

9. Risk Management Implications

- 9.1. Risk management is used throughout the budget cycle, and this is reflected in the strategic risk register. The 2021/22 revenue budget report that was approved by Council in February 2021 took into consideration a number of potentially significant risk areas that had been identified during the budget process. In addition, Assistant Directors identify a number of both positive and negative risk areas during the year.
- 9.2 Extensive modelling work has been undertaken to understand the impacts and variables arising from the crisis.
- 9.3 Leisure and commercial income is very dependent on events beyond the Council's control, including the return of consumer confidence and the pace of recovery.
- 9.4 Modelling has been undertaken with service managers to assess the potential range of impacts before adopting the assumptions reflected within the report.
- 9.5 All the above and other significant uncertainties and risks will have to be managed. Further material change is likely to budget assumptions and the actions needed to ensure a balanced budget.

| Bereavement Services | 42 | 115 | 157 | Salary overspend of £23k (10%) due to an additional Asst Manager role due to start in mid Nov. Post holder will be responsible for increasing recovery of income for assisted funerals and start claiming child burial costs which is a new source of income. The budget will benefit from these in Q4 of 21/22. Other overspend of £19k (15%) is a mixture of equipment service charge, assisted funeral referrals and IT equipment. £112k (7%) income shortfall on Cremations, memorial income, book of remembrance and environmental surcharge. £3k (50%) less income recovery from Assisted Funerals. Income for Cremations, Burials & memorials is expected to increase in the winter/spring months as normal. |
| Cultural Services | (19) | 25 | 6 | Underspend on casual staff costs and overtime of £6k (3%). £8k underspend on third party payments – no fireworks agency. £6k (45%) underspend on goods for resale is offset by £9k (50%) shortfall in VIC sales income. This is due to Castle's late opening from mid-May and the limited capacity due to Covid restrictions. Admissions net income loss will be reclaimed from the Government under their income loss compensation scheme. This is being recorded corporately. |

| Place Strategy | 5 | - | 5 | Forecast overspend on employee costs due to not having had sufficient vacant posts yet this year to achieve the budget target for vacancies (3%). Offset slightly by general underspends in Economic Development as a result of recruitment (1%). |
| Housing | (16) | - | (16) | Forecast underspend due to vacant post (7%) – this will help offset the above vacancy target. |
| Planning | 15 | (86) | (71) | Overspends due to Locum costs (100%) and legal spend (50%) offset slightly by small net underspend across salaries (1%). Planning fees income forecast is £86k more than full year budget, this has been profiled based on the previous 3 years income trend variance and is subject to considerable fluctuations. This will be reviewed at Period 7 (7%). |
| Sustainability & Climate Change | 7 | - | 7 | Forecast overspend on employee costs due to not having had sufficient vacant posts yet this year to achieve the budget target for vacancies, and increment increases due to post changes not fully budgeted (1%) and unbudgeted spend relating to Transport East invoice (100%). |

| Commercial & Investment | - | (27) | (27) | Commercial properties have not identified any unbudgeted cost pressures for 2021/22. Income is forecast to be £26.6k (1%) more than the budget – the overall budget target was reduced primarily due to forecasts around the ongoing impact of the Coronavirus. The outturn variance may yet change post lockdown. |
| Sport and Leisure | (191) | (172) | (363) | Expenditure savings have been forecast on employee costs at £117k (3.8%), and £88k (6%) mainly relating to efficient management of grounds maintenance at Northern Gateway Sports Hub site. An overall income surplus of £172k (4.72%) is forecast at this stage of the year due mainly to Pools (£283k) and Wet Side courses (£50k) following a significant effort by the service to capitalise on customer demand over the summer period. These surpluses are offset by other areas in which income levels are lower than expected. A programme is in place to accelerate income recovery to pre pandemic levels across all Sport and Leisure Services. |

Less income forecast from staff car parking due to home working and part year closure of Rowan House (91%). |
| Governance | 90 | - | 90 | Overspend forecast in Hallkeepers as a higher saving was allocated to service than could be achieved with the agreed reduction in level of Hallkeepers. Further review of Hallkeepers will be necessary to achieve saving and overspend across employee costs due to not having had sufficient vacant posts yet this year to achieve the budget target for vacancies (6%). Overspend on members equipment hire due to Mark's Tey Radio costs, this could increase while looking into a solution for meetings (100%). This is offset slightly by some savings across supplies and services budgets (0.5%). |

| Report of | Assistant Director Corporate and Improvement | Author Paul Cook ☎ 505861 Lily Malone |
| Title | Capital Monitoring Report Quarter 2 2021/22 | |
| Wards affected | Not applicable | |

1 Executive Summary

- 1.1 This report sets out the Council's Capital Programme against budget for quarter 2 financial year 2021/22. The Capital Programme includes projects delivering General Fund services, the HRA Housing Investment Programme and the Revolving Investment Fund (RIF). It is a significant programme with a high level of investment benefitting the Borough, contributing towards the local economy, and working towards recovery.
- 1.2 In line with the Council's Financial Regulations a review of the schemes included in the capital programme is required on a quarterly basis.

2 Action Required

- 2.1 To review the progress on the Capital Programme as set out in this report, the associated spend for the first quarter and the budget forecasts for future years. To review the RAG rating for each scheme as rated by the relevant project manager.
- 2.2 To review the risk analysis on areas where there is a risk of material shortage, inflation, or other increase in costs.

3 Reason for Scrutiny

- 3.1 This report gives the Committee the opportunity to hold Service Managers and Portfolio Holders accountable for their budgets and the project delivery progress and outcomes.
- 3.2 The purpose of the report is to ensure:
 - Spending on projects is within the agreed budgets,
 - Budgets are sufficient to enable timely project delivery and support the related service objectives.
 - The Council makes good use of its available capital resources, in accord with the Council's Treasury Management Strategy and associated statutory requirements.
 - Members have assurance that the key risks associated with the Capital Programme are being managed to ensure efficient and effective delivery of the programme.

4 Background Information

- 4.1 The Capital Programme was reset for 2021/22 and later years as part of setting the 2021/22 Budget. This report includes new schemes agreed in budget setting and presents the quarter 2 expenditure of the reset 2021/22 Capital Programme.
- 4.2 It should be noted that the Capital Programme mainly consists of schemes where spending is planned across several years. Financial variances can occur as a result of:

- Reprofiting of scheme budgets into the following financial year to reflect scheme progress on site,
- Changes in timing of payments,
- Additional budget requirements due to changes in schemes or unforeseen costs.

5 Quarterly Capital Monitoring Position

5.1 The table below provides a summary of the capital programme by service area:

5.3 The Capital Programme has been adjusted to reflect S106 released funding, details of which have been reviewed by the relevant portfolio holders.

| Recreational Ground Old Heath | 122.9 | Improvement works to recreational and sport facilities. |
| Priory Street Mosque | 10.0 | Contribution towards refurbishments to the Mosque. |

5.4 There has been capitalised maintenance approved by Performance Management Board and the relevant Portfolio Holder for funding from Repairs and Renewals Reserves or Building Maintenance Plan which will be added into the capital programme in the next quarter.

| Project | £'000 | Summary |
|------------------------------------|-------|--|
| Leisure World Access Control Gates | 38.0 | Replacement of turnstile gates |

5.5 The Town Deal projects will be included in the Capital Programme once the individual project detail has been finalised.

5.5 The actual expenditure for the year and updated commentary from the budget holders is detailed in Appendix A.

5.6 Appendix A includes a RAG (Red, Amber and Green) status of overall project performance against capital schemes. This has been updated with revised criteria showing an individual

status for three aspects of a project – time, cost, and delivery. The criteria for the RAG is the corporate standard, and has been assessed by the project manager.

- 5.7 The current RAG position and comments against amber and red RAG rated schemes is detailed in Appendix A.

6 Strategic Plan references

- 6.1 The Council's Capital Programme is aligned to the Strategic Plan.

7 Financial Implications

- 7.1 Within the details of this report.

8 Risk Management Implications

- 8.1 Risk management issues are considered as part of individual capital projects. Currently the key risk within the Capital Programme as reported relates to the finalisation of funding arrangements to enable key schemes primarily within the RIF to progress. Relevant officers are endeavouring to formalise funding arrangements where necessary. The position is being continuously monitored.

9 Consultation

- 9.1 The Capital Programme is part of annual budget setting and is subject to the normal budget consultation.

10 Environmental and Climate Change Implications

- 10.1 All projects are assessed for their likely environmental impact, reflecting the Council's commitment to be 'carbon neutral' by 2030. Environment and Climate Change is an essential cross-cutting theme in the Council's recovery planning and a core theme of the new Strategic Plan.

11 Equality and Diversity Implications

- 11.1 Consideration will be given to equality and diversity issues in respect of the Capital Programme as part of the budget process. This will be done in line with agreed policies and procedures including production of Equality Impact Assessments where appropriate.

12 Other Standard References

- 12.1 There are no direct Publicity, Human Rights, Community Safety or Health and Safety implications as a result of this report.

ANTI-FRAUD AND CORRUPTION POLICY

1.0 INTRODUCTION

Colchester Borough Council, like every Local Authority, has a duty to ensure that it safeguards the public money that it is responsible for.

The Council expects the highest standards of conduct and integrity from all that have dealings with it including staff, members, contractors, volunteers and the public. It is committed to the elimination of fraud and corruption and to ensuring that all activities are conducted ethically, honestly and to the highest possible standard of openness and accountability so as to protect public safety and public money.

All suspicions or concerns of fraudulent or corrupt practise will be investigated. There will be no distinction made in investigation and action between cases that generate financial benefits and those that do not. Any investigations will not compromise the Council's commitment to Equal Opportunities or the requirements of the Human Rights Act or any other relevant statutory provision.

This policy has been created with due regard to the CIPFA better Governance Forum's Red Book 2 'Managing the Risk of Fraud', the CIPFA 2014 Code of Practice on Managing the Risk of Fraud and Corruption and the Audit Commission publication 'Protecting the Public Purse'.

2.0 OVERVIEW

This policy provides an overview of the measures designed to combat any attempted fraudulent or corrupt act. For ease of understanding it is separated into four areas as below:

- Culture
- Responsibilities and Prevention
- Detection and Investigation
- Awareness and Monitoring.

Fraud and corruption are defined as:

Fraud – “the intentional distortion of financial statements or other records by persons internal or external to the Council, which is carried out to conceal the misappropriation of assets or otherwise for gain”.

In addition, fraud can also be defined as “the intentional distortion of financial statements or other records by persons internal or external to the authority, which is carried out to mislead or misrepresent”.

Corruption – “the offering, giving, soliciting or acceptance of an inducement or reward which may influence the action of any person”.

The Council also abides by the Bribery Act 2010 which covers, amongst other things, the offences of bribing another person, of allowing to be bribed and organisational responsibility. Such offences include:

- The offer, promise or giving of financial or other advantage to another person in return for the person improperly performing a relevant function or activity
- Requesting, agreeing to receive or accepting a financial or other advantage intending that, in consequence a relevant function or activity should be performed improperly.
- Commercial organisation responsibility for a person, associated with the organisation, bribing another person for the purpose of obtaining or retaining business for the organisation.

In addition, this policy also covers “the failure to disclose an interest in order to gain financial or other pecuniary benefit.”

3.0 CULTURE

The prevention/detection of fraud/corruption and the protection of public money are responsibilities of everyone, both internal and external to the organisation. The Council's elected members and employees play an important role in creating and maintaining this culture. They are positively encouraged to raise concerns regarding fraud and corruption, immaterial of seniority, rank or status, in the knowledge that such concerns will, wherever possible, be treated in confidence. The public also has a role to play in this process and should inform the Council if they feel that fraud/corruption may have occurred.

Concerns must be raised when members, employees or the public reasonably believe that one or more of the following has occurred, is in the process of occurring or is likely to occur:

- A criminal offence
- A failure to comply with a statutory or legal obligation
- Improper or unauthorised use of public or other official funds
- A miscarriage of justice
- Maladministration, misconduct or malpractice
- Endangering an individual's health and/or safety
- Damage to the environment
- Deliberate concealment of any of the above.

The Council will ensure that any allegations received in any way, including by anonymous letter or telephone call, will be taken seriously and investigated in an appropriate manner. The Council has a whistle blowing policy that sets out the approach to these types of allegations in more detail.

The Council will deal firmly with those who defraud the Council or who are corrupt, or where there has been financial malpractice. There is, of course, a need to ensure that any investigation process is not misused and, therefore, any abuse (such as employees/members raising malicious allegations) may be dealt with as a disciplinary matter (employees) or through Group procedures (Members).

When fraud or corruption has occurred due to a breakdown in the Council's systems or procedures, Directors will ensure that appropriate improvements in systems of control are implemented in order to prevent a re-occurrence.

4.0 RESPONSIBILITIES AND PREVENTION

4.1 Responsibilities of Elected Members

As elected representatives, all members of the Council have a duty to protect the Council and public money from any acts of fraud and corruption. This is done through existing practice, compliance with the Council's Members' Code of Conduct, the Council's Constitution including Financial Regulations and Standing Orders and relevant legislation. Conduct and ethical matters are specifically brought to the attention of members during induction and include the declaration and registration of interests. Officers advise members of new legislative or procedural requirements.

4.2 Responsibilities of the Monitoring Officer

The Monitoring Officer is responsible for ensuring that all decisions made by the Council are within the law. The Monitoring Officer's key role is to promote and maintain high standards of conduct throughout the Council by developing, enforcing and reporting appropriate governance arrangements including codes of conduct and other standards policies.

All suspected instances of fraud or corruption (apart from benefit claim issues) should be reported to the Monitoring Officer.

4.3 Responsibilities of the Section 151 Officer

The Head of Finance has been designated with the statutory responsibilities of the Finance Director as defined by s151 of the Local Government Act 1972. These responsibilities outline that every local authority in England and Wales should: "make arrangements for the proper administration of their financial affairs and shall secure that one of their officers has the responsibility or the administration of those affairs"

'Proper administration' encompasses all aspects of local authority financial management including:

- Compliance with the statutory requirements for accounting and internal audit;
- Managing the financial affairs of the Council
- The proper exercise of a wide range of delegated powers both formal and informal;
- The recognition of the fiduciary responsibility owed to local tax payers.

Under these statutory responsibilities the Section 151 Officer contributes to the anti-fraud and corruption framework of the Council.

4.4 Responsibilities of the Senior Management Team

Managers at all levels are responsible for the communication and implementation of this policy. They are also responsible for ensuring that their employees are aware of the Council's personnel policies and procedures, the Council's Financial Regulations and Standing Orders and that the requirements of each are being met. Managers are expected to create an environment in which their staff feel able to approach them with any concerns they may have about suspected irregularities. Special arrangements may be applied from time to time for example where employees are responsible for cash handling or are in charge of financial systems and systems that generate payments, for example payroll or the Revenues and Benefits computer system. These procedures will be supported by relevant training.

The Council recognises that a key preventative measure in dealing with fraud and corruption is for managers to take effective steps at the recruitment stage to establish, as far as possible, the honesty and integrity of potential employees, whether for permanent, temporary or casual posts and agency staff. The Council's formal recruitment procedure contains appropriate safeguards in the form of written references, the verification of qualifications held and employment history. Disclosure and Barring Service (DBS) checks are undertaken for employees working with or who may have contact with children or vulnerable adults.

4.5 Responsibilities of Employees

Each employee is governed in their work by the Council's Standing Orders and Financial Regulations, and other policies on conduct and IT usage. Included in the Council policies are guidelines on Gifts and Hospitality, and codes of conduct associated with professional and personal conduct and conflict of interest. These are issued to all employees when they join the Council. In addition, employees are responsible for ensuring that they follow any instructions given to them, particularly in relation to the safekeeping of the assets of the Council. Employees are expected always to be aware of the possibility that fraud, corruption and theft may exist in the workplace and be able to share their concerns with management.

4.6 Role of Internal Audit

Internal Audit plays a preventative role in trying to ensure that systems and procedures are in place to prevent and deter fraud and corruption. Internal Audit may be requested to investigate cases of suspected financial irregularity, fraud or corruption, except Benefit Fraud investigations, in accordance with agreed procedures. Within the Financial Regulations in the Constitution, representatives of Internal Audit are empowered to:

- enter at all reasonable times any Council premises or land
- have access to all records, documentation and correspondence relating to any financial and other transactions as considered necessary
- have access to records belonging to third parties such as contractors when required
- require and receive such explanations as are regarded necessary concerning any matter under examination

- require any employee of the Council to account for cash, stores or any other Council property under their control or possession
Internal Audit liaises with management to recommend changes in procedures to reduce risks and prevent losses to the Authority.

4.7 Role of the Benefits Investigation

Any allegations of benefit fraud are to be referred to the Department of Work and Pensions for investigation.

4.8 Role of the Corporate Governance Team

The team consists of various officers whose roles include governance issues and the objective is to promote and embed a governance culture throughout the organisation by implementing policies, reviewing issues, providing training and sharing information.

4.9 Role of the External Auditors

Independent external audit is an essential safeguard of the stewardship of public money. This is currently carried out by BDO UK LLP through specific reviews that are designed to test (amongst other things) the adequacy of the Council's financial systems and arrangements for preventing and detecting fraud and corruption. It is not the external auditors' function to prevent fraud and irregularities, but the integrity of public funds is at all times a matter of general concern. External auditors are always alert to the possibility of fraud and irregularity and will act without undue delay if grounds for suspicion come to their notice. The Council contributes to the bi-annual National Fraud Initiative which is designed to cross-match customers across authorities to highlight areas where there are potential fraudulent claims.

4.10 Role of the Public

This policy, although primarily aimed at those within or associated with the Council, enables concerns raised by the public to be investigated, as appropriate, by the relevant person in a proper manner.

4.11 Conflicts of Interest

Both elected members and employees must ensure that they avoid situations where there is a potential for a conflict of interest. Such situations can arise with externalisation of services, internal tendering, planning and land issues etc. Effective role separation will ensure decisions made are seen to be based upon impartial advice and avoid questions about improper disclosure of confidential information.

4.12 Official Guidance

In addition to Financial Regulations and Standing Orders, due regard will be had to external and inspectorate recommendations.

The Council is aware of the high degree of external scrutiny of its affairs by a variety of bodies such as Government Inspection bodies, the Local Government and Social Care Ombudsman, HM Customs and Excise and the Inland Revenue. These bodies are important in highlighting any areas where improvements can be made.

5.0 DETECTION AND INVESTIGATION

Internal Audit plays an important role in the detection of fraud and corruption. Included within the audit plans are reviews of system controls including financial controls and specific fraud and corruption tests, spot checks and unannounced visits.

In addition to Internal Audit, there are numerous systems and management controls in place to deter fraud and corruption, but it is often the vigilance of employees and members of the public that aids detection. In some cases, frauds are discovered by chance or “tip-off” and the Council will ensure that such information is properly dealt with within its whistleblowing policy.

Detailed guidance on the investigation process is available separately.

5.1 Disciplinary Action

The Council’s Disciplinary Procedures will be used to facilitate a thorough investigation of any allegations of improper behaviour by employees. Theft, fraud and corruption are serious offences which may constitute gross misconduct against the Council and employees will face disciplinary action if there is evidence that they have been involved in these activities, including Benefit fraud. Disciplinary action will be taken in addition to, or instead of, criminal proceedings depending on the circumstances of each individual case.

Members will face appropriate action under this policy if they are found to have been involved in theft, fraud and corruption against the Council. Action will be taken in addition to, or instead of criminal proceedings, depending on the circumstances of each individual case but in a consistent manner. If the matter is a breach of the Members’ Code of Conduct, then it will be dealt with in accordance with the Arrangements agreed by the Council in accordance with the Localism Act 2011.

5.2 Prosecution

In terms of proceedings the Council will endeavour to take action in relevant cases to deter others from committing offences against the Council.

5.3 Publicity

The Council will optimise the publicity opportunities associated with anti-fraud and corruption activity within the Council. Wherever possible, where the Council has suffered a financial loss action will be taken to pursue the recovery of the loss. All anti-fraud and corruption activities, including the update of this policy, will be publicised.

6.0 AWARENESS AND MONITORING

The Council recognises that the continuing success of this policy and its general credibility will depend in part on the effectiveness of training and awareness for members and employees and will therefore take appropriate action to raise awareness levels.

The Monitoring Officer will provide an annual report to senior management and members outlining investigations undertaken during the year.

This policy and associated procedures will be reviewed at least annually and will be reported to senior management and the Governance and Audit Committee.

WHISTLEBLOWING POLICY

1.0 Introduction

Employees or Councillors are often the first to realise that there may be some form of inappropriate conduct within the Council. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the Council. They may also fear harassment or victimisation. In these circumstances it may be easier to ignore the concern rather than report what may just be a suspicion of misconduct, but this can have serious consequences if wrongdoing goes undetected.

The Council is committed to the highest possible standards of openness, probity, accountability and honesty. In line with that commitment we expect employees, councillors and others that we deal with who have serious concerns, about any aspect of the Council's work, to come forward and voice those concerns.

This policy document makes it clear that employees and councillors can do so without fear of victimisation, subsequent discrimination or disadvantage. This Whistleblowing Policy and Procedure is intended to encourage and enable employees and councillors to raise serious concerns within the Council rather than overlooking a problem or 'blowing the whistle' outside. With the exception of employment related grievances, this policy will apply to any act of Whistleblowing, as defined by the charity Public Concern at Work to mean; "A disclosure of confidential information which relates to some danger, fraud or other illegal or unethical conduct connected with the workplace, be it of the employer or of its employees."

This policy and procedure applies to all employees, councillors, partners, volunteers and contractors. It also covers suppliers and members of the public.

These procedures are in addition to the Council's complaints procedures and other statutory reporting procedures. Officers are responsible for making customers aware of the existence of these procedures.

This policy has been discussed with the relevant trade unions and has their support.

2.0 Aims and Scope of the Whistleblowing Policy

This policy aims to:

- Encourage you to feel confident in raising serious concerns and to question and act upon concerns about practice without fear of recrimination.
- Provide avenues for you to raise those concerns and receive feedback on any action taken.
- Ensure that you receive a response to your concerns and that you are aware of how to pursue them if you are not satisfied.

- Reassure you that you will be protected from possible reprisals or victimisation if you have a reasonable belief that you have made any disclosure in good faith.
- Advise you of the support that the Council will provide if you raise concerns in good faith.

There are existing procedures in place to enable you to lodge a grievance relating to your own employment. This Whistleblowing Policy and Procedure is intended to cover major concerns that fall outside the scope of other procedures. These include:

- conduct which is an offence or a breach of law
- disclosures related to miscarriages of justice
- health and safety risks, including risks to the public as well as other employees
- damages to the environment
- the unauthorised use of public funds
- possible fraud and corruption
- other unethical conduct
- unacceptable business risks.

This concern may be about something that:

- makes you feel uncomfortable in terms of known standards, your experience or the standards you believe the Council subscribes to; or
- is against the Council's Procedure Rules and policies; or
- falls below established standards of practice; or
- amounts to improper conduct.

3.0 Safeguards

3.1 Harassment or Victimisation

The Council is committed to good practice and high standards and wants to be supportive of employees and councillors.

The Council recognises that the decision to report a concern can be a difficult one to make. If what you are saying is true, you should have nothing to fear because you will be doing your duty to the Council and those for whom you are providing a service. In these situations, you are a witness and not a complainant.

The Council will not tolerate the harassment or victimisation of any person who raises a concern. The Council's disciplinary procedures will be used against any employee who is found to be harassing or victimising the person raising the concern and such behaviour by a councillor will be reported under the Members' Code of Conduct.

Any investigation into allegations of potential malpractice will not influence or be influenced by any disciplinary or redundancy procedures that already affect you if you are an employee.

3.2 Confidentiality

All concerns will be treated in confidence and the Council will do its best to protect your identity if you do not want your name to be disclosed. If investigation of a concern discloses a situation that is sufficiently serious to warrant disciplinary action or police involvement, then your evidence may be important. Your name will not however be released as a possible witness until the reason for its disclosure, at this stage, has been fully discussed with you.

3.3 Anonymous Allegations

This policy encourages you to put your name to your allegation whenever possible.

Concerns expressed anonymously are much less powerful but will be considered at the discretion of the Council.

In exercising this discretion, the factors to be taken into account would include the:

- seriousness of the issues raised;
- credibility of the concern; and
- likelihood of confirming the allegation from attributable sources.

3.4 Untrue Allegations

If you make an allegation in good faith, but it is not confirmed by the investigation, no action will be taken against you. If however, you make an allegation maliciously or for personal gain, disciplinary action may be taken against you, or if you are a councillor a complaint may be made under the Members' Code of Conduct.

4.0 How to raise a concern

You should normally raise concerns with the Monitoring Officer or the Section 151 Officer. However, if your concern relates to one of these officers you should raise your concerns with the Chief Executive.

Concerns may be raised verbally or in writing. Employees or councillors who wish to make a written report are invited to use the following format:

- the background and history of the concern (giving relevant dates);
and
- the reason why you are particularly concerned about the situation.

The earlier you express the concern the easier it is to take action.

Although you are not expected to prove beyond doubt the truth of an allegation, you will need to demonstrate to the person contacted that there are reasonable grounds for your concern.

Advice and guidance on how matters of concern may be pursued can be obtained from:

Chief Executive, Adrian Pritchard ☎ 282211

Monitoring Officer, Andrew Weavers ☎ 282213

Section 151 Officer, Paul Cook ☎ 505861

Deputy Monitoring Officer, Hayley McGrath ☎ 508902

Deputy Monitoring Officer, Julian Wilkins ☎ 282257.

You may wish to consider discussing your concern with a colleague first and you may find it easier to raise the matter if there are two (or more) of you who have had the same experience or concerns.

If you are an employee you may invite your trade union or a friend to be present during any meetings or interviews in connection with the concerns you have raised. If you are a councillor you may be accompanied by your group leader.

The Council has a dedicated email address whistleblowing@colchester.gov.uk

Further guidance on protection for anyone raising a concern can be found in the Public Interests Disclosure Act 1998.

5.0 How the Council will respond

The Council will respond to your concerns. Do not forget that testing out your concerns is not the same as rejecting them.

Where appropriate, the matters raised may be:

- investigated by management, Internal Audit, or through the disciplinary process
- referred to the police
- referred to the Council's external auditor
- the subject of an independent inquiry.

In order to protect individuals and those accused of misdeeds or possible malpractice, initial enquiries will be made to decide whether an investigation is appropriate and, if so, what form it should take. The overriding principle, which the Council will have in mind, is the public interest.

Some concerns may be resolved by agreed action without the need for investigation.

Within **five** working days of a concern being raised, one of the named Officers will write to you:

- acknowledging that the concern has been received
- indicating how it is proposed to deal with the matter
- giving an estimate of how long it will take to provide a final response

- informing you whether any initial enquiries have been made
- supplying you with information on staff support mechanisms, and
- informing you whether further investigations will take place and if not, why not.

The amount of contact between the officers considering the issues and you will depend on the nature of the matters raised, the potential difficulties involved, and the clarity of the information provided. If necessary, the Council will seek further information from you.

Where any meeting is arranged, off-site where appropriate, if you so wish, you can be accompanied by a union or professional association representative or a friend, or the group leader if you are a councillor.

The Council will take steps to minimise any difficulties, which you may experience as a result of raising a concern. For instance, if you are required to give evidence in criminal or disciplinary proceedings the Council will arrange for you to receive advice about the procedure and will help you with the preparation of statements.

The Council accepts that you need to be assured that the matter has been properly addressed. Thus, subject to legal constraints, you will receive information about the outcomes of any investigation.

6.0 The Responsible Officer

The Monitoring Officer has overall responsibility for the maintenance and operation of this policy. That officer maintains a record of concerns raised and the outcomes (but in a form which does not endanger your confidentiality) and will provide an annual report on the operation of the policy to the Governance and Audit Committee.

7.0 How the matter can be taken further

This policy is intended to provide you with an avenue to raise concerns within the Council. The Council hopes you will be satisfied with any action taken. If you are not, and if you feel it is right to take the matter outside the Council, the following are possible contact points:

- (a) Citizens Advice Bureau
- (b) relevant professional bodies or regulatory organisations
- (c) the police
- (d) Local Government and Social Care Ombudsman
- (e) the Council's Governance and Audit Committee.

If you are considering taking the matter outside of the Council, you should ensure that you are entitled to do so and that you do not disclose confidential information.

An independent charity, Protect, can offer independent and confidential advice. Protect can be contacted via their advice line on ☎ 020 3117 2520 or

their website: <https://protect-advice.org.uk>

8.0 Questions regarding this policy

Any questions should, in the first instance, be referred to the Monitoring Officer.

ANTI-MONEY LAUNDERING POLICY

1. Introduction

Although local authorities are not directly covered by the requirements of the Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017, guidance from CIPFA indicates that they should comply with the underlying spirit of the legislation and regulations.

Colchester Borough Council is committed to the highest possible standards of conduct and has, therefore, put in place appropriate and proportionate anti-money laundering safeguards and reporting arrangements.

2. Scope of the Policy

This policy applies to all employees, whether permanent or temporary, and Members of the Council.

Its aim is to enable employees and Members to respond to a concern they have in the course of their dealings for the Council. Individuals who have a concern relating to a matter outside work should contact the Police.

3. Definition of Money Laundering

Money laundering describes offences involving the integration of the proceeds of crime, or terrorist funds, into the mainstream economy. Such offences are defined under the Proceeds of Crime Act 2002 as the following 'prohibited acts':

- Concealing, disguising, converting, transferring or removing criminal property from the UK
- Becoming involved in an arrangement which an individual knows or suspects facilitates the acquisition, retention, use or control of criminal property by or on behalf of another person
- Acquiring, using or possessing criminal property
- Doing something that might prejudice an investigation e.g. falsifying a document
- Failure to disclose one of the offences listed in a) to c) above, where there are reasonable grounds for knowledge or suspicion
- Tipping off a person(s) who is or is suspected of being involved in money laundering in such a way as to reduce the likelihood of or prejudice an investigation.

Provided the Council does not undertake activities regulated under the Financial Services and Markets Act 2000, the offences of failure to disclose and tipping off do not apply. However, the Council and its employees and Members remain subject to the remainder of the offences and the full provisions of the Terrorism Act 2000.

The Terrorism Act 2000 made it an offence of money laundering to become concerned in an arrangement relating to the retention or control of property likely to be used for the purposes of terrorism or resulting from acts of terrorism.

Although the term ‘money laundering’ is generally used to describe the activities of organised crime, for most people it will involve a suspicion that someone they know, or know of, is benefiting financially from dishonest activities.

Potentially very heavy penalties (unlimited fines and imprisonment up to fourteen years) can be handed down to those who are convicted of one of the offences above.

4. Requirements of the Money Laundering Legislation

The main requirements of the legislation are:

- To appoint a money laundering reporting officer
- Maintain client identification procedures in certain circumstances
- Implement a procedure to enable the reporting of suspicions of money laundering
- Maintain record keeping procedures.

5. The Money Laundering Reporting Officer (MLRO)

The Council has designated the Monitoring Officer as the Money Laundering Reporting Officer (MLRO). He can be contacted at andrew.weavers@colchester.gov.uk or on 01206 282213.

In the absence of the MLRO or in instances where it is suspected that the MLRO themselves are involved in suspicious transactions, concerns should be raised with the Council’s Section 151 Officer, Paul Cook.

6. Client Identification Procedures

Although not a legal requirement, the Council has developed formal client identification procedures which must be followed when Council land or property is being sold. These procedures require individuals and if appropriate, companies to provide proof of identity and current address.

If satisfactory evidence is not obtained at the outset of a matter, then the transaction must not be progressed and a disclosure report, available on the Council’s intranet (COLIN), must be submitted to the Money Laundering Reporting Officer.

All personal data collected must be kept in compliance with the Data Protection Act.

7. Reporting Procedure for Suspicions of Money Laundering

Where you know or suspect that money laundering activity is taking/has taken place, or become concerned that your involvement in a matter may amount to a prohibited act under the Act, you must disclose this as soon as practicable to the MLRO. The disclosure should be within “hours” of the information coming to your attention, not weeks or months later.

Your disclosure should be made to the MLRO using the disclosure report, attached at Appendix 1 to this policy. The report must include as much detail as possible including

- Full details of the people involved
- Full details of the nature of their/your involvement.

- The types of money laundering activity involved
- The dates of such activities
- Whether the transactions have happened, are ongoing or are imminent
- Where they took place
- How they were undertaken
- The (likely) amount of money/assets involved
- Why, exactly, you are suspicious.

Along with any other available information to enable the MLRO to make a sound judgment as to whether there are reasonable grounds for knowledge or suspicion of money laundering and to enable him to prepare his report to the National Crime Agency (NCA), where appropriate. You should also enclose copies of any relevant supporting documentation.

If you are concerned that your involvement in the transaction would amount to a prohibited act under sections 327 – 329 of the Act, then your report must include all relevant details, as you will need consent from the NCA, via the MLRO, to take any further part in the transaction - this is the case even if the client gives instructions for the matter to proceed before such consent is given. You should therefore make it clear in the report if such consent is required and clarify whether there are any deadlines for giving such consent e.g. a completion date or court deadline.

Once you have reported the matter to the MLRO you must follow any given directions. You must NOT make any further enquiries into the matter yourself: any necessary investigation will be undertaken by the NCA. Simply report your suspicions to the MLRO who will refer the matter on to the NCA if appropriate. All members of staff will be required to co-operate with the MLRO and the authorities during any subsequent money laundering investigation.

Similarly, at no time and under no circumstances should you voice any suspicions to the person(s) whom you suspect of money laundering, even if the NCA has given consent to a particular transaction proceeding, without the specific consent of the MLRO; otherwise, you may commit a criminal offence of “tipping off”.

Do not, therefore, make any reference on a client file to a report having been made to the MLRO – should the client exercise their right to see the file, then such a note will obviously tip them off to the report having been made and may render you liable to prosecution. The MLRO will keep the appropriate records in a confidential manner.

8. Consideration of the disclosure by the Money Laundering Reporting Officer

Upon receipt of a disclosure report, the MLRO must note the date of receipt on his section of the report and acknowledge receipt of it. He should also advise you of the timescale within which he expects to respond to you.

The MLRO will consider the report and any other available internal information he thinks relevant, for example:

- reviewing other transaction patterns and volumes
- the length of any business relationship involved
- the number of any one-off transactions and linked one-off transactions

- any identification evidence held.

The MLRO will undertake such other reasonable inquiries he thinks appropriate in order to ensure that all available information is taken into account in deciding whether a report to the NCA is required (such enquiries being made in such a way as to avoid any appearance of tipping off those involved). The MLRO may also need to discuss the report with you.

Once the MLRO has evaluated the disclosure report and any other relevant information, he must make a timely determination as to whether:

- there is actual or suspected money laundering taking place; or
- there are reasonable grounds to know or suspect that is the case; and
- whether he needs to seek consent from the NCA for a particular transaction to proceed.

Where the MLRO does so conclude, then he must disclose the matter as soon as practicable to the NCA on their standard report form and in the prescribed manner, unless he has a reasonable excuse for non-disclosure to the NCA (for example, if you are a lawyer and you wish to claim legal professional privilege for not disclosing the information).

Where the MLRO suspects money laundering but has a reasonable excuse for non-disclosure, then the MLRO must note the report accordingly; he can then immediately give his consent for any ongoing or imminent transactions to proceed.

In cases where legal professional privilege may apply, the MLRO must liaise with the Council's Section 151 Officer to decide whether there is a reasonable excuse for not reporting the matter to the NCA.

Where consent is required from the NCA for a transaction to proceed, then the transaction(s) in question must not be undertaken or completed until the NCA has specifically given consent, or there is deemed consent through the expiration of the relevant time limits without objection from the NCA.

Where the MLRO concludes that there are no reasonable grounds to suspect money laundering then he shall mark the report accordingly and give his consent for any ongoing or imminent transaction(s) to proceed.

All disclosure reports referred to the MLRO and reports made by him to the NCA must be retained by the MLRO in a confidential file kept for that purpose, for a minimum of five years.

The MLRO commits a criminal offence if he knows or suspects, or has reasonable grounds to do so, through a disclosure being made to him, that another person is engaged in money laundering, and he does not disclose this as soon as practicable to the NCA.

9. Training

Officers considered likely to be exposed to suspicious situations, will be made aware of these by their senior officer and provided with appropriate training.

Additionally, all employees and Members will be familiarised with the legal and regulatory requirements relating to money laundering and how they affect both the Council and themselves.

Notwithstanding the paragraphs above, it is the duty of officers and Members to report all suspicious transactions whether they have received their training or not.

10. Conclusion

Given a local authority's legal position with regard to the legislative requirements governing money laundering, the Council believes that this Policy represents a proportionate response to the level of risk it faces of money laundering offences.

11. Review

This policy will be reviewed annually.

CODE OF PRACTICE ON COVERT SURVEILLANCE

1.0 INTRODUCTION

The Council enforces the law in a number of areas. As part of this enforcement there will be occasions where surveillance of individuals or property is necessary to ensure that the law is being complied with. When the Council does decide to undertake surveillance, it is important that it remains within the law which is contained in the Regulation of Investigatory Powers Act 2000 ("the Act") as amended by the Protection of Freedoms Act 2012 and the Investigatory Powers Act 2016.

The GOV website provides an overview of the Act and procedures:

<http://www.homeoffice.gov.uk/counter-terrorism/regulation-investigatory-powers/>

The Act sets out certain criteria that the Council has to comply with before it undertakes surveillance and those are also reflected in the Home Office Code of Practice on Covert Surveillance and Property Interference ("the Code of Practice") which is available on its website:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/742041/201800802_CSPI_code.pdf

The Home Office has also issued guidance on the judicial approval process for the Regulation of Investigatory Powers (RIPA) Act 2000 and the crime threshold for directed surveillance. This is available on the Home Office website:

<http://www.homeoffice.gov.uk/publications/counter-terrorism/ripa-forms/local-authority-ripa-guidance/local-authority-england-wales?view=Binary>

Officers will need to familiarise themselves with the contents of the Code of Practice and the Code.

The Investigatory Powers Commissioner's Office has responsibility for oversight of investigatory powers.

<https://www.ipco.org.uk/>

The Council will comply with the Code when carrying out directed surveillance and officers should be aware of its provisions. Failure to observe the provisions of the Act may result in the protection of the Act not being available. This may mean that the evidence gathered:

- *is not admissible in court proceedings.*
- *is a breach of an individual's human rights.*

This policy sets out how Colchester Borough Council (including Colchester Borough Homes) will comply with the Act, the Code and the Code of Practice. It also clarifies the circumstances in which officers will be able to use covert surveillance and the internal requirements that will need to be observed when conducting that surveillance.

The Policy Statement should be read in conjunction with the Council's Data Protection Policy.

The Policy Statement will be made available for inspection at Council offices.

Any officer considering an application under the Act should first seek the advice of the Senior Responsible Officer in Legal Services.

2.0 What does the Act and the Code cover?

The Act and the Code cover covert surveillance, which is defined in the Act as being surveillance which *“is carried out in manner calculated to ensure that the persons subject to the surveillance are unaware that it is or may be taking place”*.

2.1 Directed surveillance

Local authorities can only use a form of covert surveillance called “directed surveillance”. This is defined in the Act as where the surveillance is covert but not intrusive and is undertaken:

- for the purposes of a specific investigation or operation
- in such a manner as is likely to result in the obtaining of private information about a person (whether or not specifically identified for the purposes of the investigation) and
- otherwise than by way of an immediate response to events or circumstances, the nature of which is such that it would not be reasonably practicable for an authorisation under the Act to be sought.

“Private Information” in relation to a person includes any information relating to their private or family life.

Surveillance is not covert if notification has been sent to the intended subject of the surveillance. For example, in a noise nuisance case a letter notifying a subject that the noise will be monitored by officers visiting will make the surveillance overt. However, as a matter of good practice, surveillance should be considered covert if the notification to the subject is over 3 months old. All communications of this nature should be sent by Registered Post or delivered by hand.

2.2 General observations

General observations by officers in the course of their duties are not covered by the Act

Directed surveillance will not include surveillance that is undertaken as an immediate response to events or circumstances which, by their nature could not have been foreseen. This will include situations where officers are out in the normal course of their duties and happen to witness an activity, for example a housing officer visiting tenants and witnessing anti-social behaviour by an individual. *In other words, where there is no systematic surveillance.*

If there is any doubt as to whether a RIPA authorisation is required, you must seek advice from the Council's Legal Services.

2.3 Intrusive surveillance

"Intrusive Surveillance" is surveillance that is:

- carried out in relation to anything taking place on any residential premises or in any private vehicle; and
- involves the presence of an individual on the premises or in the vehicle or is carried out by means of a surveillance device.

Intrusive Surveillance cannot be authorised by local authority officers and all officers are strictly prohibited from engaging in Intrusive Surveillance.

2.4 Covert Human Intelligence Sources

The Council is also permitted to use Covert Human Intelligence Sources under the Act. A Covert Human Intelligence Source is someone who establishes or maintains a personal or other relationship for the covert purpose of helping the covert use of the relationship to obtain information. However, at the current time the Council does not consider this necessary and will not use Covert Human Intelligence Sources.

All officers are strictly prohibited from using Covert Human Intelligence Sources.

Unlike directed surveillance, which relates specifically to private information, authorisations for the use or conduct of a Covert Human Intelligence Source do not relate specifically to private information, but to the covert manipulation of a relationship to gain any information. European Court of Human Rights case law makes it clear that Article 8 of the European Convention on Human Rights includes the right to establish and develop relationships. Accordingly, any manipulation of a relationship by a public authority (e.g. one party having a covert purpose on behalf of a public authority) is likely to engage Article 8, regardless of whether or not the public authority intends to acquire private information.

Not all human source activity will meet the definition of a Covert Human Intelligence Source. For example, a source may be a public volunteer who discloses information out of professional or statutory duty or has been tasked to obtain information other than by way of a relationship.

Certain individuals will be required to provide information to public authorities or designated bodies out of professional or statutory duty. For example, employees within organisations regulated by the money laundering provisions of the Proceeds of Crime Act 2002 will be required to comply with the Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017 and report suspicious transactions. Similarly, financial officials, accountants or company administrators may have a duty to provide information that they have obtained by virtue of their position to the Serious Fraud Office.

Any such regulatory or professional disclosures should not result in these individuals meeting the definition of a Covert Human Intelligence Source, as the business or

professional relationships from which the information derives will not have been established or maintained for the covert purpose of disclosing such information.

Individuals or members of organisations (e.g. travel agents, housing associations and taxi companies) who, because of their work or role have access to personal information, may voluntarily provide information to the police on a repeated basis and need to be managed appropriately. Public authorities must keep such human sources under constant review to ensure that they are managed with an appropriate level of sensitivity and confidentiality, and to establish whether, at any given stage, they could be regarded as a Covert Human Intelligence Source.

Any officer concerned must seek urgent advice from the Senior Responsible Officer.

3.0 Areas of operation

The Council has examined its functions and considers that the following areas may use directed surveillance from time to time. The following is not meant to be an exhaustive list but covers areas where directed surveillance may be necessary in the course of the Council's business.

- Neighbour nuisance and anti-social behaviour
- Protection of Council property
- Licensing enforcement
- Fraud against the Council (including benefit fraud)
- Misuse of Council property, facilities and services
- Enforcement of the planning regime
- Environmental monitoring and control
- Food Safety enforcement.
- CCTV, but more on this later (see 8.2).

However, this is subject to the crime threshold referred to at 5.0 below.

4.0 AUTHORISATION AND AUTHORISING OFFICERS

If directed surveillance is proposed to be carried out, then **authorisation must be sought**.

Under the Regulation of Investigatory Powers (Directed Surveillance and Covert Human Intelligence Sources) Order 2003 as amended by the Regulation of Investigatory Powers (Directed Surveillance and Covert Human Intelligence Sources) Order 2010 and the Regulation of Investigatory Powers (Directed Surveillance and Covert Human Intelligence Sources) (Amendment) Order 2015, the Council considers that the following officers can authorise directed surveillance ("Authorising Officer"):

Chief Executive;
Chief Operating Officer;
Executive Director; and Strategic Director.

Any case involving Confidential Information must be authorised by the Chief Executive.

An Authorising Officer when being requested to authorise directed surveillance must be satisfied that the request is necessary and meets the criteria set down in the Act, the Code and the Code of Practice. An Authorising Officer must not authorise directed surveillance connected with an investigation in which they are directly involved.

Any application to extend or cancel surveillance must also be approved by an Authorising Officer.

Once any application is approved by the Authorising Officer it must be referred to Legal Services who will make an application for approval by a Magistrate.

No directed surveillance may be undertaken by the Council without the prior approval of a Magistrate.

5.0 CRIME THRESHOLD

The Code of Practice states that the Council:

- **can** only grant an authorisation under RIPA for the use of directed surveillance where it is investigating criminal offences which attract a maximum custodial sentence of six months or more or criminal offences relating to the underage sale of alcohol or tobacco.
- **cannot** authorise directed surveillance for the purpose of preventing disorder unless this involves a criminal offence(s) punishable (whether on summary conviction or indictment) by a maximum term of at least 6 months' imprisonment.
- **can** authorise use of directed surveillance in more serious cases as long as the other tests are met – i.e. that it is necessary and proportionate and where prior approval from a Magistrate has been granted. Examples of cases where the offence being investigated attracts a maximum custodial sentence of six months or more could include more serious criminal damage, dangerous waste dumping and serious or serial benefit fraud.
- **can** authorise the use of directed surveillance for the purpose of preventing or detecting specified criminal offences relating to the underage sale of alcohol and tobacco where the necessity and proportionality test is met and prior approval from a Magistrate has been granted.
- **cannot** authorise the use of directed surveillance under RIPA to investigate disorder that does not involve criminal offences or to investigate low-level offences which include, for example, littering, dog control and fly-posting.

6.0 GROUNDS FOR GRANTING AN AUTHORISATION

An authorisation for directed surveillance may only be granted if the Authorising Officer believes that authorisation is necessary:

for the purposes of preventing or detecting crime or of preventing disorder and it meets the crime threshold mentioned in 5.0 above.

AND the Authorising Officer must also be satisfied and believe that the surveillance is proportionate to what it seeks to achieve.

The Code advises that following elements of proportionality should be fully considered:

- balancing the size and scope of the proposed activity against the gravity and extent of the perceived mischief;
- explaining how and why the methods to be adopted will cause the least possible intrusion on the target and others;
- that the activity is an appropriate use of the legislation and the only reasonable way, having considered all others, of obtaining the necessary result; and
- providing evidence of other methods considered and why they were not implemented.

Covert surveillance will only be used for one of the legitimate purposes where sufficient evidence exists to justify the surveillance and the surveillance is the least intrusive method of meeting that purpose. The surveillance itself must be a proportionate response to the issue it is seeking to address. Consideration should be given to alternative methods of resolving the situation or obtaining the evidence sought and this should be documented.

Particular attention should be paid to the effect of the surveillance on the privacy of other persons ("collateral intrusion"). Measures should be taken to avoid or minimise intrusion. Any collateral intrusion should be taken into account when an Authorising Officer is assessing proportionality.

7.0 PROCEDURE FOR AUTHORISATIONS, CANCELLATIONS AND RENEWALS

7.1 Authorisations

An authorisation must be granted by those persons authorised at 4 above. No other person is permitted to authorise directed surveillance.

Authorisations must be in writing on the form attached.

Authorisation cannot be given to operations after they have commenced. Failure to obtain correct authorisation may mean that evidence is not admissible in legal proceedings and may breach a subject's human rights.

The authorisation form must be kept on the relevant case papers and held securely. A copy of the authorisation must be passed to Legal Services to be held on a central file and monitored for consistency of approach of Authorising Officers and validity.

An authorisation period begins on the date and time the authorisation is approved by a magistrate and will cease to have effect (unless renewed) at the end of a period of *three months* beginning with the day on which it took effect.

7.2 Magistrates' Approval

Once an authorisation form has been completed Legal Services will:

- contact the Magistrates' Court to arrange for a hearing
- supply the court with a partially completed judicial application/order form
- supply the court with a copy of the authorisation and any supporting documents setting out the Council's case
- the hearing will be in private and be heard by a single Justice of the Peace.

The Justice of the Peace may decide to either:

- (i) approve the grant (or renewal) of an authorisation; or
- (ii) refuse to approve the grant (or renewal) of an authorisation.

It is preferable for the Authorising Officer also to attend the hearing to give the Bench assistance if necessary.

7.3 Review

Officers should, as a matter of good practice, review authorisations on a regular basis during the course of that surveillance to ensure that the authorisation still meets the criteria. If it does not, the authorisation should be cancelled using the procedure described below. A review form is attached. Officers in charge of investigations will be required to keep a record of these reviews and will submit a record of that review (normally by email) to the Monitoring Officer to be held centrally.

7.4 Renewals

A renewal of an authorisation can be made shortly before it expires and must be done on the form attached. The original should be kept on the case file and a copy passed to the Monitoring Officer for retention centrally. When considering whether to grant a renewal of an authorisation the Authorising Officer will consider the same factors outlined at 5 above. All renewals must be subject of an application to the Magistrates' Court in line with the procedure at 7.2 above.

7.5 Cancellations

The Authorising Officer who last granted or renewed the authorisation must cancel it if s/he is satisfied that the directed surveillance no longer meets the criteria for authorisation. A cancellation should be made on the form attached. The original should be retained on the case file and a copy passed to Legal Services for retention centrally.

Authorisations, renewals and cancellations are subject to monitoring on an annual basis by the Monitoring Officer as to validity under the Act and the Code.

7.6 Audit

At the end of each calendar year each of the Authorising Officers referred to at 4 must provide the Monitoring Officer with a list of all directed surveillance authorised by them throughout that year or provide written and signed confirmation that no such surveillance has been authorised by them

8.0 MISCELLANEOUS POINTS

8.1 Material obtained from covert surveillance ("product")

Material produced as a result of covert surveillance will be secured and transported securely. Where the product obtained is to be used in criminal proceedings the Council must comply with the provisions of the Police and Criminal Evidence Act 1984. In all other cases the treatment of product must follow Council's guidelines on access, retention and storage as set out in the Data Protection Policy.

8.2 CCTV

The Act and the Code will not usually apply to use of an overt CCTV system because the public are aware that the system is in use. However there are circumstances where the system is used for the purposes of a *specific operation or investigation* and in these circumstances an authorisation will be required. If the police assume operational control of the system an authorisation complying with their own procedures must be supplied to the Council. Further information in respect of these procedures can be found in the Council's CCTV Code of Practice, which has been produced in conjunction with Essex Police.

9.0 SOCIAL MEDIA

With the increasing use of social media there is a significant amount of information on an individual's social networking pages. This information might be relevant to an investigation being undertaken by the Council. However, unguided research into the sites of suspects could fall within the remit of RIPA and therefore require authorisation prior to it being undertaken. **You should therefore seek advice from Legal Services prior to undertaking any investigation using social networking sites.**

Where privacy settings are available but not applied the data available on Social Networking Sites may be considered 'open source' and an authorisation is not usually required. However, privacy implications may still apply even if the subject has not applied privacy settings (section 3.13 of the Code).

Repeat viewing of 'open source' sites, however, may constitute directed surveillance on a case by case basis and this should be borne in mind e.g. if someone is being monitored through, for example, their Facebook profile for a period of time and a record of the information is kept for later analysis, this is likely to require a RIPA authorisation for directed surveillance.

To avoid the potential for inadvertent or inappropriate use of social network sites in investigative and enforcement roles, Officers should be mindful of any relevant guidance

and the Council's separate Use of Social Media in Investigations Policy and Procedure attached at Annex 1 of this Policy.

10.0 TRAINING

The Council will ensure that the Officers who are authorising directed surveillance are appropriately trained.

All Authorising Officers and those routinely engaged in directed surveillance have been provided with this guidance, have access to the Code and the standard forms.

This Code of Practice and the standard forms are available in electronic format on the Council's intranet, COLIN.

11.0 GENERAL BEST PRACTICES

The following guidelines are considered as best working practices by all public authorities with regard to all applications for authorisations covered by the Code:

- applications should avoid any repetition of information;
- information contained in applications should be limited to that required by the relevant legislation;
- an application should not require the sanction of any person in the Council other than the Authorising Officer;
- where it is foreseen that other agencies will be involved in carrying out the surveillance, these agencies should be detailed in the application;
- authorisations should not generally be sought for activities already authorised following an application by the same or a different public authority.

12.0 SENIOR RESPONSIBLE OFFICER

The Council's nominated Senior Responsible Officer in accordance with the Code is Andrew Weavers, Monitoring Officer who will be responsible for:

- the integrity of the process in place within the Council to authorise directed surveillance
- compliance with Part II of the Act, the Code and the Code of Practice
- engagement with the Investigatory Powers Commissioner's Office and inspectors when they conduct their inspections, and where necessary, overseeing the implementation of any post inspection action plans recommended or approved by a Commissioner
- assurance that all authorising officers are of an appropriate standard in light of any recommendations in the inspection reports prepared by the Investigatory Powers Commissioner's Office
- supervising the maintenance of records.

13.0 COMMUNICATIONS DATA

Before considering submitting an application for the acquisition of communications data, all officers must first refer the matter to the Senior Responsible Officer.

Communications Data is the 'who', 'when' and 'where' of a communication, but not the 'what' (i.e. the content of what was said or written). Local Authorities are not permitted to intercept the content of any person's communications.

Part 3 of the Investigatory Powers Act 2016 (IPA) replaced part 1 chapter 2 of the Act in relation to the acquisition of communications data and puts local authorities on the same standing as the police and law enforcement agencies. Previously local authorities have been limited to obtaining subscriber details (known now as "entity" data) such as the registered user of a telephone number or email address. Under the IPA, local authorities can now also obtain details of in and out call data, and cell site location. This information identifies who a criminal suspect is in communication with and whereabouts the suspect was when they made or received a call, or the location from which they were using an Internet service. This additional data is defined as "events" data.

A new threshold for which communications data "events" data can be sought has been introduced under the IPA as "applicable crime". Defined in section 86(2A) of the IPA this means: an offence for which an adult is capable of being sentenced to one year or more in prison; any offence involving violence, resulting in substantial financial gain or involving conduct by a large group of persons in pursuit of a common goal; any offence committed by a body corporate; any offence which involves the sending of a communication or a breach of privacy; or an offence which involves, as an integral part of it, or the sending of a communication or breach of a person's privacy.

Further guidance can be found in paragraphs 3.3 to 3.13 of the Communications Data Code of Practice published on the Home Office website:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/757850/Communications_Data_Code_of_Practice.pdf

The IPA has also removed the necessity for local authorities to seek the endorsement of a Justice of the Peace when seeking to acquire communications data. All such applications must now be processed through the National Anti-Fraud Network ("NAFN") and will be considered for approval by the independent Office of Communication Data Authorisation ("OCDA"). The transfer of applications between local authorities, NAFN and OCDA is all conducted electronically and will therefore reduce what can be a protracted process of securing an appearance before a Magistrate or District Judge (see local authority procedures set out in paragraphs 8.1 to 8.7 of the Communications Data Code of Practice).

14.0 COMPLAINTS

The Act, the Code and the Code of Practice are subject to monitoring by the Investigatory Powers Commissioner's Office. Any complaints regarding use of surveillance powers should be dealt with initially through the Council's Complaints and Compliments Procedure. If this does not result in a satisfactory outcome for the complainant then they should be referred to:

The Investigatory Powers Tribunal
PO Box 33220
London SW1V 9QZ

15.0 QUERIES ABOUT THIS CODE OF PRACTICE

Any queries regarding this Code of Practice should be referred to the Monitoring Officer, Andrew Weavers by email at andrew.weavers@colchester.gov.uk or ☎ 01206 282213

1.0 INTRODUCTION & BACKGROUND

- 1.1 Social Media has become a significant part of many people's lives. By its very nature, Social Media accumulates a sizable amount of information about a person's life, from daily routines to specific events. Their accessibility on mobile devices can also mean that a person's precise location at a given time may also be recorded whenever they interact with a form of Social Media on their devices. All of this means that incredibly detailed information can be obtained about a person and their activities.
- 1.2 Social Media can therefore be a very useful tool when investigating alleged offences with a view to bringing a prosecution in the courts. The use of information gathered from the various different forms of Social Media available can go some way to proving or disproving such things as whether a statement made by a defendant, or an allegation made by a complainant, is truthful or not. However, there is a danger that the use of Social Media can be abused, which would have an adverse effect, damaging potential prosecutions and even leave the Council open to complaints or criminal charges itself.
- 1.3 This Policy sets the framework on which the Council may utilise Social Media when conducting investigations into alleged offences. Whilst the use of Social Media to investigate is not automatically considered covert surveillance, its misuse when conducting investigations can mean that it crosses over into the realms of covert and/or targeted surveillance, even when that misuse is inadvertent. It is therefore crucial that the provisions of the Regulation of Investigatory Powers Act 2000 (RIPA), as it relates to covert and directed surveillance, are followed at all times when using Social Media information in investigations.
- 1.4 It is possible for the Council's use of Social Media in investigating potential offences to cross over into becoming unauthorised surveillance, and in so doing, breach a person's right to privacy under Article 8 of the Human Rights Act. Even if surveillance without due authorisation in a particular instance is not illegal, if authorisation is not obtained, the surveillance carried out will not have the protection that RIPA affords and may mean it is rendered inadmissible.
- 1.5 It is the aim of this Procedure to ensure that investigations involving the use of Social Media are done so lawfully and correctly so as not to interfere with an accused's human rights, nor to require authorisation under RIPA, whilst ensuring that evidence gathered from Social Media is captured and presented to court in the correct manner.
- 1.6 Officers who are involved in investigations, into both individuals and business they suspect to have committed an offence, should consult Legal Services if they are unsure about any part of this Policy and how it affects their investigative practices.

2.0 REGULATION OF INVESTIGATORY POWERS ACT 2000 (RIPA)

- 2.1 With the increasing use of smartphones and personal devices, there is a significant amount of information on an individual's Social Media pages. This information might be relevant to an investigation being undertaken by the Council. However, unguided research into the sites of suspects could fall within the remit of RIPA and therefore require authorisation prior to it being undertaken. Officers should therefore seek advice from Legal Services prior to undertaking any investigation using Social Media sites.
- 2.2 Officers embarking on any form of investigatory action should always do so with RIPA in mind. Whilst RIPA will not always be relevant to every investigation, it is vital that officers involved in investigative practices against individuals, regularly review their conduct with respect to investigatory actions. Any investigation is capable of evolving from being one that does not require RIPA authorisation, to one that does, at any point.
- 2.3 Accordingly, this Policy should be read in conjunction with the Council's current Code of Practice on Covert Surveillance, as well as the statutory codes of practice issued by the Secretary of State and the Office of Surveillance Commissioners' Guidance.
- 2.4 Instances of repeated and/or regular monitoring of Social Media accounts, as opposed to one-off viewing, may require RIPA authorisation. Advice should be sought from Legal Services where it is envisaged that this level of monitoring will be required in relation to a particular investigation. See paragraph 6.2 below.

3.0 WHAT IS MEANT BY 'SOCIAL MEDIA' FOR THE PURPOSES OF THIS POLICY

- 3.1 Social Media, sometimes also referred to as a Social Network, can take many forms. This makes defining Social Media, for the purposes of this policy, difficult, however there are some facets which will be common to all forms of Social Media.
- 3.2 Social Media will always be a web-based service that allows individuals and/or businesses to construct a public or semi-public profile. Beyond this, Social Media can be very diverse, but will often have some, or all, of the following characteristics;
- The ability to show a list of other users with whom they share a connection; often termed "friends" or "followers",
 - The ability to view and browse their list of connections and those made by others within the system
 - Hosting capabilities allowing users to post audio, photographs and/or video content that is viewable by others

Social Media can include community based web sites, online discussions forums, chatrooms and other social spaces online as well.

- 3.3 Current examples of the most popular forms of Social Media, and therefore the most likely to be of use when conducting investigations into alleged offences, include:

| | | |
|----------|----------|-----------|
| Facebook | Twitter | Instagram |
| LinkedIn | Pintrest | Tumblr |
| Reddit | Flickr | Google+ |

- 3.4 The number and type of Social Media available to the public is fluid. In a given year, many new sites can open whilst some of the more established names can wain in popularity. This Policy will concentrate on Social Media generally and will not make reference to specific sites or services.

4.0 PRIVACY SETTINGS

- 4.1 The majority of Social Media services will allow its users to decide who can view their activity, and to what degree, through the use of privacy settings. Whilst some users are happy, or otherwise indifferent about who is able to view their information, others prefer to maintain a level of privacy.
- 4.2 Depending on their intentions, many users will purposely use Social Media with no privacy setting applied whatsoever. This could be due to the fact that they are actively promoting something, such as a business or event, and therefore require as many people as possible to be able to view their Social Media profile at all times; others may do so for reasons of self-promotion or even vanity. The information publicly available is known as an individual's public profile.
- 4.3 Those individuals with public profiles who operate on Social Media without any, or only limited, forms of privacy settings being activated do so at their own risk. Often, Social Media sites will advise its users through its terms and conditions of the implications of not activating privacy controls, namely that all content they publish or share will be viewable by everyone, including sometimes people who, themselves, do not have an account with that provider.
- 4.4 Whilst the content or information shared by individuals on Social Media remains the property of that individual, it is nonetheless considered to be in the public domain. Publishing content or information using a public, rather than a private setting, means that the individual publishing it is allowing everyone to access and use that information, and to associate it with them.
- 4.5 The opposite of a public profile is a private profile. Some users of Social Media will not wish for their content, information or interactions to be viewable to anyone outside of a very small number of people, if any. In

these instances, users will normally set a level of privacy on their Social Media profiles that reflects what they are comfortable with being made available, meaning that, for example, only friends, family and other pre-approved users are able to view their content or make contact with them through that site.

- 4.6 By setting their profile to private, a user does not allow everyone to access and use their content, and respect should be shown to that person's right to privacy under Article 8 of the Human Rights Act. This does not, however, extend to instances where a third party takes it upon themselves to share information which originated on a private profile on their own Social Media profile. For example, Person A publicises on their *private* Social Media page that they intend to throw a party, at which they will be selling alcohol and providing other forms of licensable activities, despite not having a licence from the Council to do so. Person B, who "follows" Person A's Social Media page, re-publishes this information on their *public* Social Media page. The information on Person A's profile cannot be used, however the same information on Person B's profile, can.

5.0 WHAT IS PERMITTED UNDER THIS POLICY

- 5.1 Whether or not Social Media can be used in the course of investigating an offence, or potential offence, will depend on a number of things, not least of which is whether the suspect has a Social Media presence at all. Investigating offences will always be a multi-layered exercise utilising all manner of techniques, and it is important not to place too high an emphasis on the use of Social Media in place of more traditional investigative approaches.
- 5.2 Further to this, a lack of information on an individual's Social Media profile should not be taken as evidence that something is or is not true. For example, a lack of evidence corroborating an individual's assertions that they were at a particular location on a specific day does not prove that they are being misleading and it is important to consider it only as part of a well-rounded investigation.
- 5.3 For those individuals who do have a presence on Social Media, a lot of what is permitted under this policy for use in investigations will depend on whether they have a public or private profile. As outlined in 4.4 above, where a person publishes content on a public profile, they allow everyone, including those not on that particular Social Media platform, to access and use that information whilst also allowing it to be associated with them.
- 5.4 In practice, this means that things such as photographs, video content or any other relevant information posted by individuals and businesses to a public profile on any given Social Media platform can be viewed, recorded and ultimately used as evidence against them should the matter end in legal proceedings, subject to the usual rules of evidence.

- 5.5 When considering what is available on an individual's public Social Media profile, those investigating an offence, or potential offence, should always keep in mind what relevance it has to that investigation. Only information that is relevant to the investigation at hand, and goes some way toward proving the offence, should be gathered. If there is any doubt as to whether something is relevant, then advice should be sought from Legal Services.

6.0 WHAT IS NOT PERMITTED UNDER THIS POLICY

- 6.1 When it is discovered that an individual under investigation has set their Social Media account to private, Officers should not attempt to circumvent those settings under any circumstances. Such attempts would include, but are not limited to;
- sending "friend" or "follow" requests to the individual,
 - setting up or using bogus Social Media profiles in an attempt to gain access to the individual's private profile,
 - contacting the individual through any form of instant messaging or chat function requesting access or information,
 - asking family, friends, colleagues or any other third party to gain access on their behalf, or otherwise using the Social Media accounts of such people to gain access, or
 - any other method which relies on the use of subterfuge or deception.

Officers should keep in mind that simply using profiles belonging to others, or indeed fake profiles, in order to carry out investigations does not provide them with any form of true anonymity. The location and identity of an officer carrying out a search can be easily traced through tracking of IP Addresses, and other electronic identifying markers.

- 6.2 A distinction is made between one-off and repeated visits to an individual's Social Media profile. As outlined at paragraph 2 above, a RIPA authorisation must be sought in order to carry out directed surveillance against an individual. Whilst one-off visits, or otherwise infrequent visits spread out over time, cannot be considered "directed surveillance" for the purposes of RIPA, repeated or frequent visits may cross over into becoming "directed surveillance" requiring RIPA authorisation. A person's Social Media profile should not, for example, be routinely monitored on a daily or weekly basis in search of updates, as this will require RIPA authorisation, the absence of which is an offence. For further guidance on this point, officers should contact Legal Services.
- 6.3 Regardless of whether the Social Media profile belonging to a suspected offender is set to public or private, it should only ever be used for the purposes of evidence gathering. Interaction or conversation of any kind should be avoided at all costs, and at no stage should a Council Officer seek to make contact with the individual through the medium of Social Media. Any contact that is made may lead to accusations of harassment or, where a level of deception is employed by the Officer, entrapment,

either of which would be detrimental and potentially fatal to any future prosecution that may be considered.

7.0 CAPTURING EVIDENCE

- 7.1 Once content available from an individual's Social Media profile has been identified as being relevant to the investigation being undertaken, it needs to be recorded and captured for the purposes of producing as evidence at any potential prosecution. Depending on the nature of the evidence, there are a number of ways in which this may be done.
- 7.2 Where evidence takes the form of a readable or otherwise observable content, such as text, status updates or photographs, it is acceptable for this to be copied directly from the site, or captured via a screenshot, onto a hard drive or some other form of storage device, and subsequently printed to a hard copy. The hard copy evidence should then be exhibited to a suitably prepared witness statement in the normal way.
- 7.3 Where evidence takes the form of audio or video content, then efforts should be made to download that content onto a hard drive or some other form of storage device such as a CD or DVD. Those CD's and/or DVD's should then be exhibited to a suitably prepared witness statement in the normal way. Any difficulties in downloading this kind of evidence should be brought to the attention of the Council's IT Team who will be able to assist in capturing it.
- 7.4 When capturing evidence from an individual's public Social Media profile, steps should be taken to ensure that all relevant aspects of that evidence are recorded effectively. For example, when taking a screenshot of a person's Social Media profile, the Council Officer doing so should make sure that the time and date are visible on the screenshot in order to prove when the evidence was captured. Likewise, if the evidence being captured is a specific status update or post published on the suspected offender's profile, steps should be taken to make sure that the date and time of that status update or post is visible within the screenshot. Without this information, the effectiveness of the evidence is potentially lost as it may not be admissible in court.
- 7.5 Due to the nature of Social Media, there is a significant risk of collateral damage in the form of other, innocent parties' information being inadvertently captured alongside that of the suspected offender's. When capturing evidence from a Social Media profile, steps should be taken to minimise this collateral damage either before capturing the evidence, or subsequently through redaction. This might be particularly prevalent on Social Media profiles promoting certain events, where users are encouraged to interact with each other by posting messages or on photographs where other users may be making comments.

8.0 OTHER INFORMATION TECHNOLOGY TOOLS AVAILABLE FOR INVESTIGATIVE PURPOSES

- 8.1 Whilst Social Media can be a useful and fruitful means of investigating offences and potential offences, it is by no means the only tool available within the realm of Information Technology. A vast array of other, mostly web-based tools are also at the disposal of those conducting investigations. For example, where there is a website advertising the services of a local business, and there is evidence that this business is engaging in illegal activity, there are IT tools available that can track who is responsible for setting up that website, and so can be a good starting point when trying to link potential offenders to the offending business.
- 8.2 For assistance in identifying which tools may be appropriate, and how best to utilise them, advice should be sought from the Legal Services and or the Council's IT team.

9.0 RETENTION AND DESTRUCTION OF INFORMATION

- 9.1 Where recorded material (in any form or media) is obtained during the course of an investigation which might be relevant to that investigation, or another investigation, or to pending or future civil or criminal proceedings, then it should **not** be destroyed, but retained in accordance with the requirements of the Data Protection Act 2018, the Freedom of Information Act 2000, and any other legal requirements, including those of confidentiality, and the Council's policies and procedures regarding document retention. Advice should be sought from the Data Protection Officer or the Monitoring Officer.
- 9.2 Personal data gathered by the Council is subject to the Data Protection Act 2018. When considering whether to retain the data, the Council should:
- review the length of time it keeps personal data;
 - consider the purpose or purposes it holds the information for in deciding whether (and for how long) to retain it;
 - ensure that there is a lawful basis for processing the personal data
 - securely delete information that is no longer needed for this purpose or these purposes; and
 - update, archive or securely delete information if it goes out of date
 - ensure that whilst data is held it is kept secure at all times
- 9.3 Due to the nature of Social Media, it is important to remember that when information produced as a hard copy is destroyed in line with this paragraph, that all digital copies of that evidence is likewise destroyed.

10.0 REVIEW

- 10.1 This Policy will be reviewed annually in line with the Council's Code of Practice on Covert Surveillance to ensure that both documents remain current and compliant with relevant legal requirements and best practice guidance.

Data Protection Policy

August 2021

Customer Business Culture

Data Protection Policy

CONTEXT

Colchester Borough Council needs to collect and use information about the people with whom it works; members of the public; current, past and prospective employees; customers; suppliers and others in order to carry out its duties. This Data Protection Policy sets out the organisation's commitment and approach to data protection and provides a clear frame of reference for employees to determine the organisation's standards, aims, and ideals in respect of data protection compliance.

The processing of personal data in the United Kingdom is regulated by law. The principle statutory instrument setting out the legal obligations of those handling personal data is the Data Protection Act 2018 (DPA 2018). Other laws inter-relate with the DPA 2018 including, but not limited to, the General Data Protection Regulation (GDPR), the Privacy and Electronic Communications Regulations (2003) and the Freedom of Information Act (2000). These laws are collectively referred to in this Policy as Data Protection Legislation.

POLICY STATEMENT

Colchester Borough Council is committed to compliance with all relevant Data Protection Legislation and will formally delegate appropriate powers and responsibilities to its personnel to ensure that it is fully able to comply with Data Protection Legislation and its own defined standards in the field of data protection and information governance.

The Council will ensure that sufficient and appropriate resources are available to ensure that it meets both its legal obligations in respect of Data Protection Legislation and the standards that it sets through its policies. The Council will ensure that the organisation works within the 6 data protection principles and that it will implement sufficient controls to ensure that it is able to demonstrate compliance with the Data Protection Legislation including the keeping of sufficient records of data processing activities, risk assessments and decisions relating to data processing activities.

The Council will uphold the rights and freedoms of people conferred on them by the Data Protection Legislation. It will ensure that those rights and freedoms are appropriately taken into account in the decisions it takes which may affect people and will ensure that it has sufficient controls in place to assist people who wish to exercise their rights. The Council will ensure that data subjects have appropriate access, upon written request, to personal information relating to them and will ensure the data subjects' rights to rectification, erasure, restriction, portability and object are adhered to.

This policy applies to all Council activities and operations which involve the processing of personal data. This policy applies to anyone who is engaged to process personal data for or on behalf of the Council including: employees, volunteers, casual and temporary staff, directors and officers, Councillors and third-parties such as sub-contractors and suppliers, and anyone who the Council shares or discloses personal data with/to.

- The obtaining of personal data
- The storage and security of personal data
- The use and processing of personal data
- The disposal of or destruction of personal data.

 - Appropriate remedial action will be taken as soon as possible to isolate and contain the breach, evaluate and minimise its impact, and to recover from the effects of the breach
- Periodic compliance checks are completed to test whether its policies and procedures are being adhered to and to test the effectiveness of control measures
- They strive to foster a culture of data protection by design and by default in all data processing activities

- The Council's Chief Executive Officer is the Accountable Officer ultimately responsible for ensuring that all information is appropriately protected.

DEFINITION OF SPECIAL CATEGORY DATA

The legislation makes a distinction between 'personal data' and 'special category data':

Personal data is defined as data relating to a living individual who can be identified from that data, or from that data and other information which is in the possession of, or is likely to come into the possession of, the data controller. This will include any expression of opinion about the individual and any indication of the intentions of the data controller or any other person in respect of the individual.

Special category data is defined as personal data consisting of information as to:

- Racial or ethnic origin
- Political opinion
- Religious or other beliefs
- Trade union membership
- Physical or mental health or condition
- Sexual life or sexual orientation
- Criminal proceedings or convictions
- Philosophical
- Genetic data
- Biometric data.

ROLES AND RESPONSIBILITIES

Colchester Borough Council will ensure that:

- A member of staff, the Data Protection Officer (DPO), is appointed who has specific responsibility for data protection within the Council
- Any disclosure of personal data is in compliance with the law and with approved procedures
- Anyone managing and handling personal information understands that they are legally bound to follow good data protection practice

- Where personal data may need to be shared with third parties in order to deliver services or perform our duties, the Council will only share personal data when a lawful basis from the legislation can justify that sharing, where it is necessary to achieve a clear purpose and, with that purpose in mind, it is fair and proportionate to do so
- Data Protection Impact Assessments (DPIA) are conducted, and signed off by the Data Protection Officer and the Senior Information Risk Owner (SIRO) where processing presents a high risk to the privacy of data subjects
- A record of personal data processing is kept and maintained.

Everyone will ensure that:

- All data processing operations under their control or sphere of responsibility or commissioned by them are undertaken in compliance with this policy and other relevant data protection policies
- Paper files and other records or documents containing personal and or special category data are kept securely and destroyed securely

Retention Policy

August 2021

Customer Business Culture

Retention Policy

CONTEXT

Colchester Borough Council has to collect and use information about the people with whom it works; members of the public; current, past and prospective employees; customers; suppliers and others in order to carry out its duties. Colchester Borough Council will ensure that it treats all personal information entrusted to it lawfully and correctly.

The Council fully endorses and adheres to the principles set out in the Data Protection Legislation (Data Protection Act 2018 and General Data Protection Regulations). This Retention Policy and the procedures set down in it are reviewed annually to ensure that the Council continues to comply with the requirements of Article 5 (e) of the General Data Protection Regulations (GDPR), *'kept in the form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed'*.

The purpose of this Policy is to ensure that Colchester Borough Council ensures that:

- crucial records can be located and retrieved as required
- records are kept in accordance with legislation
- records are kept in accordance with business requirements
- the best use is made of available storage facilities
- the medium used for each record is the most appropriate.

This policy should be read in conjunction with the Council's Data Protection Policy.

APPLICATION OF POLICY

The Council will ensure that all personal data is retained and disposed of correctly. For the purposes of this policy, personal data can be held in any medium including, but not exclusively, paper documents or files, electronic images and documents, emails, data records within an electronic dataset, other images, video and audio recordings.

In addition to meeting the requirements of Data Protection Legislation, The Freedom of Information (FoI) Act and the Environmental Information Regulations (EIR) require the Council to maintain records management practices that enable it to respond to requests for information as soon as possible and at the latest within 20 working days.

The Retention Schedule is a control document setting out the periods for which records should be retained to meet the operational needs of the Council and to comply with legal and other requirements. This is a 'live' document which is continually updated.

RELEVANT PRINCIPLES OF DATA PROTECTION

Whenever retaining or disposing of personal information the Council will ensure that:

- Personal data is retained only for as long as necessary
- Data is disposed of properly
- All personal data is processed in accordance with the rights of the individual concerned
- Appropriate security is maintained
- The movement of personal data is done in a lawful way, both inside and outside the Council, and that suitable safeguards exist.

DEFINING RETENTION PERIODS

There are a number of considerations that must be made when deciding upon an appropriate retention period.

- Statutory - some retention periods are governed by statute, for example the 'Health and Safety at Work Act 1974' and 'HMRC VAT Notice 700/21: keeping VAT records'. It is therefore essential that any relevant statutory provisions are taken into account when deciding upon a retention period.
- Civil Action - personal data must be retained if it may be needed to defend possible future legal claims. However, linked information that could not possibly be relevant to any claim must not be retained. Personal data must be deleted when a claim could no longer arise. The Limitation Act 1980 imposes various time limits for the taking of legal action.
- DPA, FoI and EIR - if a request for information is made where the records holding that information are due to be destroyed, the destruction of these records must be suspended.
- Data Protection Act - does not specify retention periods. However, the Act does state that where other statutory record retention provisions exist these take precedence. Data controllers are responsible for implementing the DPA and must decide for how long personal data is retained, taking into account the Data Protection principles, business needs, other legal requirements, any professional guidelines, and best or common practice.
- Historical and research - there may be good grounds for keeping personal data for historical, statistical or research purposes.

There is no requirement to keep records of material routinely discarded in the course of any administrative activity such as duplicates, leaflets or other publicity material, rough drafts or ephemera such as sticky notes.

It is an offence to destroy, delete or amend records or data in order to prevent or attempt to prevent the release of information requested under the FoI Act or the EIR. Where the records holding the information requested have been destroyed in accordance with the retention schedule the Council has a duty to explain why the information is no longer held.

ROLES AND RESPONSIBILITIES

Colchester Borough Council will ensure that:

- Anyone managing and handling personal information understands that they are legally bound to follow good data protection practice
- Anyone managing and handling personal information is appropriately trained and supervised
- Members of staff have access only to personal information relevant to their roles
- A record of personal data processing is kept and maintained, this will include a data classification

Everyone will ensure that:

- Paper files, digital files and other records or documents containing personal and or special category data are kept securely
- Paper files, digital files and other records or documents containing personal and or special category data are destroyed securely
 - Information which could be released under a Freedom of Information (Fol) request – e.g. information that's already publicly available or which wouldn't attract an exemption, cause harm, distress or embarrassment can be disposed of in normal waste bins.
 - Personal data, special category data, confidential information and commercially sensitive data requires secure disposal e.g via confidential waste bins, shredding, destruction of CD etc. ICT can arrange secure disposal of devices such as laptops, phones and removable media.
 - Anyone who is unsure of whether secure disposal is required should contact data.protection@colchester.gov.uk for advice.
- All personal data is kept in accordance with the Council's retention schedule
- Where there is uncertainty around a retention matter ensure that advice is sought from the Data Protection Officer
- The Retention Schedule reflects current legislative requirements for document and records in their care
- The retention of documents and records is fully defined
- Records are accessible and are made available when necessary so that information requests can be responded to promptly
- Records and documents are destroyed or deleted at the end of the retention period in a secure way
- Records are held in accordance with the Data Protection and Freedom of Information Acts and any other relevant provisions.

All contractors, consultants, partners or other servants or agents of the Council must:

- Provide assurance relating to their compliant destruction of personal data and when requested allow the Council to audit the protection of data held on its behalf.

The Council's Data Protection Officer, is responsible for:

- Advising the Council and its staff on matters relating to the retention and destruction of personal data.

POLICY REVIEW

The policy will be reviewed on an annual basis and updated as necessary at these reviews.

For recurring or regular charges Direct Debit must be promoted as the payment option. For one off charges an upfront debit card internet payment should be promoted followed by other self-serve options.

4.4 It is acknowledged that there may be exceptional circumstances where payments would be received in a method that is not listed above for example if a customer is very vulnerable or if they were in a formal enforcement process.

5. Recovery of unpaid debts

- 5.1 For a variety of reasons, revenue due to the Council will not be paid on time. The Corporate Debt Team and individual services must commence recovery action as soon as possible to maximise the probability of debt recovery.
- 5.2 Reminders will use nudge and persuasive techniques that are most likely to attract prompt payment.

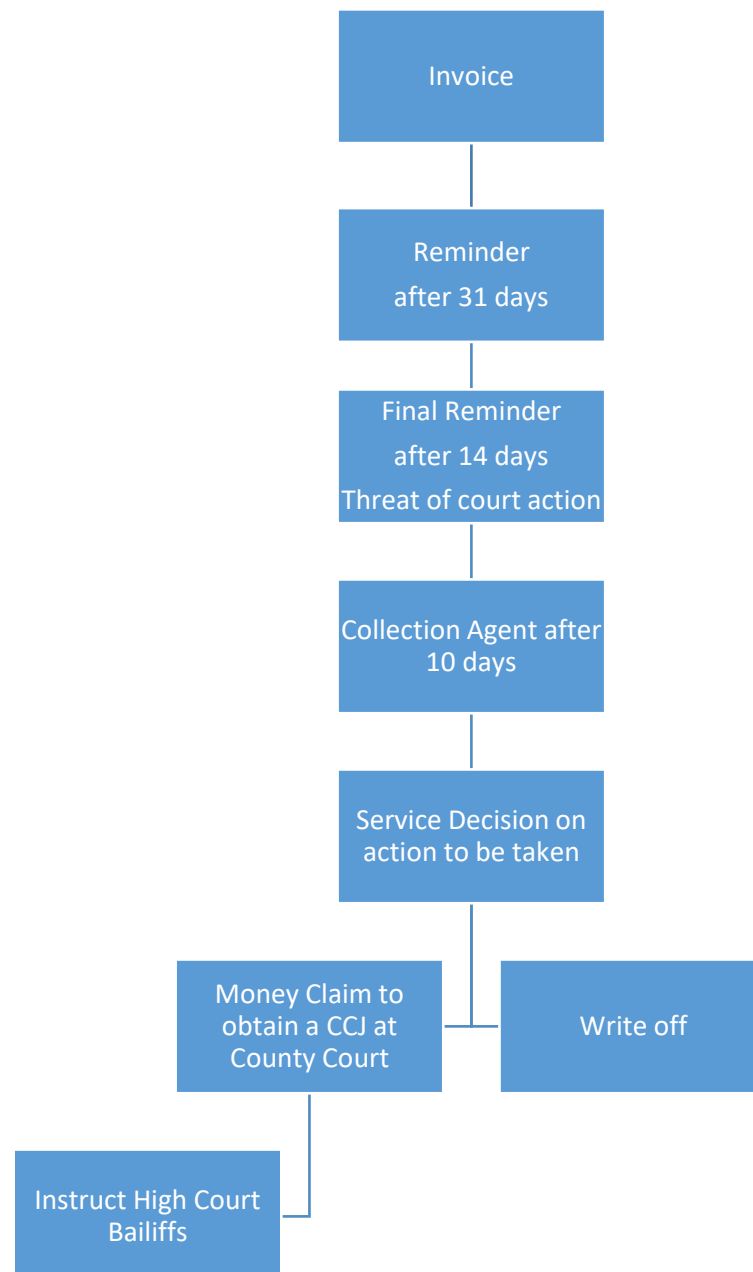

6.1 Council Tax and Business Rates Process

* Please note that Summons and Liability Order costs are subject to review prior to April 2019. The Council calculates the actual cost of issuing the documents and this is recovered as part of the debt. The Council will keep costs to a minimum where possible.

7. Sundry Debt Processes

- 7.1 In the cases of sundry debts it is the service or relevant manager who should decide whether enforcement action should be taken. The Income Team will inform services of any debts owing to them and they should respond to say whether each case should then be enforced.

- 7.2 Actions within sundry debt recovery should be complete in a timely manner. Where delays of over 28 days past the due date are encountered at any stage, the reasons should be detailed within the case notes on system.
- 7.3 Forfeiture can also be considered for the recovery of commercial rent. This is where the Council will forfeit a lease due to non-payment of rent. The Council will instruct an Enforcement Agent to carry out the process of securing the property.

8. Housing Benefit Overpayment

- 8.1 A Housing Benefit Overpayment is where an individual has been overpaid benefit for a period that they were not entitled.
- 8.2 A deduction from the claimant's weekly Housing Benefit shall be set following Housing Benefit Regulations. The claimant will receive notification that the overpayment will be recovered in this way.
- 8.3 Where recovery is not possible from existing Housing Benefit an invoice is issued to the claimant or landlord depending on who is liable. The Income Management Team will make use of landlord 'blameless tenant' recovery in cases where the debt is a landlord overpayment and that landlord has other tenants receiving Housing Benefit. The landlord will be notified that we are to recover the overpayment from the claimant and vice versa.

9. Enforcement

- 9.1 The Council will use all means at its disposal to ensure that any debts owed are recovered following any relevant statutory or civil process to enforce payment.
- 9.2 When initiating recovery action the officer must also consider whether the debtor is vulnerable and how any action would impact on them.
- 9.3 The following enforcement options will be considered by Council Officers (as well as other options specific to an individual case):

10. Enforcement Agents

- 10.1 All Enforcement Agents are regulated and have to act in prescribed ways to our customers. They are all fully trained on how to identify vulnerable customers and wear body cameras so all customer contacts are recorded and can be viewed back if required.
- 10.2 There is a clearly defined stage process and Enforcement Agents can only charge fees for each stage when certain trigger actions have been completed.
 - Stage 1- Compliance stage £75.00
 - Stage 2 – Enforcement Stage £235.00 + 7.5% on the original debt over £1,500
 - Stage 3 – Sale Stage £110.00 + 7.5% on the original debt over £1,500

11. Attachment of Earnings, Fees or Benefits

- 11.1 Used where the debtor is employed or in receipt of other regular income where payments can be taken directly from this income. Deductions are made at a rate determined by legislation.

12. Bankruptcy Proceedings/Liquidation

- 12.1 Used when the debtor is a property owner and it is thought that there will be sufficient equity within the property to support full or partial repayment of the debt.
- 12.2 Cases considered suitable for bankruptcy are selected from cases that have been returned from the bailiff, either unable to gain entry or unable to access or returned no goods.
- 12.3 The following factors must be considered:
 - The level of equity available in the liable property and any other associated properties where the debtor has a financial interest must cover the outstanding debt and associated costs
 - Whether the property is up for sale and therefore a charging order would be more appropriate

13. Charging Orders on Property

- 10.1 Used where the debtor owns a property, the Council is able to recover debt when the property is sold in the future. The Council may consider this action where the debtor is on a low income and or is classed as vulnerable or elderly.

11. Committal Proceedings

- 11.1 The law allows Councils to apply to the Magistrates Court to have a person sent to prison where there is culpable neglect or wilful refusal to pay debt.
- 11.2 This will be used when bankruptcy or charging orders are not appropriate. It is not generally accepted by the local magistrates' court as appropriate action, but can be used when other remedies have been exhausted.

12. Money Claim

- 12.1 This is an efficient and inexpensive way for the Council to commence the County Court Judgement (CCJ) process via the County Court. Customers are contacted in regard to any debt by The County Court and given the option to pay in full, set up an arrangement for payment or dispute the debt.
- 12.2 If the judgement is for more than £600 the Council may be able to ask a High Court Enforcement Officer to try to collect the money or remove goods to sell at auction. A warrant is required for this action.

13. Vulnerable customers and those who are in financial difficulty

- 13.2 The Council is committed to support and assist our vulnerable customers. The Income and Corporate Debt Team work closely with the Customer Support Team and external partners to offer the best solution and advice possible for the vulnerable customer and the Council.
- 13.3 Extenuating circumstances will be taken into account when considering recovery action in order to protect the vulnerable and avoid transference of a problem elsewhere.

Considerations may include:

- Whether there are very young or elderly people in the household
- Chronic or terminal illness
- Recent bereavement of spouse or member of household
- Potential homelessness
- The ability of the individual or household to make a payment
- Is an Exceptional Hardship Payment (EHP) or Discretionary Housing Payment (DHP) appropriate

For business debts considerations may include:

- Potential loss of employment for employees of the business
- Loss of key facilities for the local community
- A payment option is the only choice because the business has no assets

- Consideration to any relief that may be appropriate.
- 13.4 Where it has been identified that a customer is suffering from financial difficulties or other extenuating circumstances the Council is committed to providing advice and support as well as a variety of payment options including:
- Holding enforcement action once a customer makes contact to inform of a difficulty in making payment
 - Voluntary payment solutions considered in preference to statutory or civil remedies as a first stage
 - Past history of payments should be considered when making a decision to proceed with enforcement action
 - Where a payment solution is agreed this should be confirmed in writing by the Council including any action that will be taken should the agreed payments not be made
 - Payment solutions should be made with an agreed up-front payment from the debtor whenever possible
 - Where a payment solution cannot be agreed, the debtor will be advised of the reasons why and that the recovery process will continue should an alternative arrangement not be made

14. Tracing and Searches

- 14.1 As part of the recovery process as number of traces and searches can be carried out to try and establish further information on a debtor. This is particularly useful when we have no forwarding address for someone who has moved home before settling a debt.
- 14.2 Locating Council Tax Absconders (LOCTA) is a local government tracing tool that provides a suite of information including, forwarding address, DWP information, credit reports and telephone numbers.
- 14.3 If a LOCTA search is unsuccessful the Council may use a Credit Referencing Agency to trace an individual. The Data Protection Act section 29 allows Local Authorities to credit check and search individuals in regard to the collection of Tax.
- 14.5 The use of internet searches and Social Media to access information in the public domain is also very useful, particularly in establishing employment details for attachment of earnings.
- 14.6 We can also use a Customer Information System (CIS) check that allows certain authorised officers to search DWP database. This information can only be used for the recovery of Housing Benefit Overpayments.
- 14.7 If necessary the Council may ask a Revenues Inspector to carry out a visit to establish the status of a property.

15. Bad debts

15.1 For the purpose of this policy a bad debt is classified as:

- Money due when there is little or no likelihood of recovery after all methods have been exhausted
- Money due where it is uneconomical or inefficient to recover the sum due
- Money due but the debt is too old (aged) to continue recovery
- Money due where the Council does not wish to pursue recovery because the circumstances of a case would attract well-founded adverse publicity or public reaction, or the concept of natural justice would be compromised

15.2 Where it is considered that a debt is a bad debt the Council will ensure that it is written off promptly to preserve and maintain the principle of accurate and up to date information. Decisions will be made based on the circumstances that exist at the time and any unusual circumstances should be referred to the Head of Service or Portfolio Holder.

| <i>Debt Value</i> | <i>Process</i> | <i>Authorised Person</i> |
|----------------------|---|---|
| Up to £25 | Write off on the system with screen notes using write off code | Corporate Debt/Revenues Officer/Housing Benefit Officer |
| £25 to £100 | As above. Income and Corporate Debt Manager to carry out spot checks and record for audit purposes. | Corporate Debt/Revenues Officer Corporate Debt Manager/Housing Benefit Manager |
| £100 - £5,000 | Detailed system checks/searches carried out. If unsuccessful and investigation form is complete and signed. Investigation forms batched and front schedule to be signed. | Corporate Debt Manager/Housing Benefit Manager S151 Officer |
| Over £5,000 | A Portfolio Holder report must be complete with details of individual write-offs | Portfolio Holder |

15.3 The cumulative total of debts written off will be monitored by the Income and Corporate Debt Manager to ensure that the incidence of bad debt remains consistent with the Councils estimates and projections.

16. Complaints and errors

- 16.1 If an error or mistake is made in the process of recovering debt the account will be reviewed and appropriate action taken.
- 16.2 If a customer is unhappy with the service provided or disagrees with the decisions made they are able to complain through the Councils standard complaints procedure. Details of this can be found on the Council website - <http://www.colchester.gov.uk/complaints>.
- 16.3 During the process of enforcing payment of outstanding debts it is possible that evidence or facts emerge after enforcement proceedings have been taken or have been completed.
- 16.4 In these cases the Council will take appropriate action to remedy the situation as far as possible:
- Proceedings will be stopped immediately
 - The debtors account will be noted to reflect the revised situation
 - Where appropriate the Court involved will be advised
- 16.5 Although the Council will make every effort to resolve a misrepresentation of the true situation, some issues can only be resolved by reference to the Courts.

Appendix 1

Standard Enforcement Actions for Mortgages and Shared Ownership Scheme

Individual accounts are monitored on a regular basis to ensure that regular monthly payments are received, and reminders sent. Where all or part of the debt is paid by the Pensions Service or the Benefits Division, the receipt of these sums will also be monitored. Whilst standard reminders are available, a more personal approach will often be required.

If the debtor fails to maintain regular payments the Corporate Debt Team will attempt to discuss options. Should this not prove possible, or if arrangements are not adhered to, then the following action will be taken:

Mortgages

Legal Services will be approached and given sufficient information to allow for the preparation of a possession order to be requested from the District Judge. Whilst Court papers are being prepared, Legal Services will warn the debtor of the implications of non-payment.

If a possession order is obtained, the Income Management Team will monitor the arrangement made. Should payment cease, a Portfolio Holder decision will be required if it becomes necessary to implement the order.

Shared ownership cases

Where a mortgage is held on the property, then the lender will be advised that rent is not being paid and that forfeiture proceedings are being considered. If the lender will not make payment on behalf of the borrower, or if there is no lender, the Council will decide whether to pursue forfeiture or to attempt to obtain a money judgment for the County Court.

Appendix 2

Standard Enforcement Actions for Penalty Charge Notices (North Essex Parking Partnership)

This debt is collected directly by the North Essex Parking Partnership and not Customer Services.

Parking enforcement is carried out in accordance with the provisions and procedures laid out in the Traffic Management Act 2004. A parking penalty is not a debt until the motorist has exhausted all avenues of appeal.

- 1. Penalty Charge Notice** issued.
- 2. DVLA enquiry** made if no correspondence received or payment received within 31 days.
- 3. Notice to Owner** sent if full payment is not received within 31 days of issue.
- 4. Charge Certificate** sent and charge increased by 50% of full payment, or representation against Notice to Owner, if not received within 31 days.
- 5. Debt registered at County Court** and fees added if full payment is not received within 17 days of Charge Certificate being sent.
- 6. Order for Recovery** sent.
- 7. Apply for a Warrant of Execution and instruct Enforcement Agents (bailiffs)** if full payment or Witness Statement is not received within 21 days of Notice of Debt Registration being sent. A Warrant of Execution has a lifespan of 12 months only and cannot be reissued thereafter. If the Council has been unsuccessful in recovering the penalty charge by means of a Warrant within 12 months and wishes to pursue, the Council must ask the Traffic Enforcement Centre (Northampton County Court) for authorisation to prepare another Warrant. Warrants that have been returned from the Bailiff after a period of 6 months because the debtor could not be traced or there are no funds or goods to seize can be sent to other Bailiff companies for collection.
- 8.** If warrants remain unpaid, the council is now able to recover debt using a different process where a valid warrant is not required.

| Report of | Monitoring Officer | Author | Andrew Weavers ☎ 282213 |
| Title | Annual review of the Members' Code of Conduct and the Council's Localism Act Arrangements | | |
| Wards affected | Not applicable | | |

1. Executive Summary

- 1.1 This report requests the Committee to review the Councillors' (Members') Code of Conduct, the Council's Localism Act Arrangements for dealing with complaints made regarding councillors and to make recommendations to Full Council regarding any suggested amendments.
- 1.2 The report also provides an update on the number and types of complaints received under the Members' Code of Conduct.

2. Recommended Decisions

- 2.1 To note the contents of this report.
- 2.2 To review the Members' Code of Conduct and the Council's "Arrangements" and consider whether to make any recommendations in relation to any amendments to the Members' Code of Conduct and the Council's "Arrangements" to Full Council.

3. Background

- 3.1 The Localism Act 2011 ("the Act") introduced the current system of regulation of standards of conduct for elected and co-opted Members. These arrangements came into effect on 1st July 2012. The Act requires local authorities to adopt a code of conduct consistent with the seven Nolan Principles of public life and that Principal Authorities put in place "Arrangements" to deal with allegations that Councillors had failed to comply with the Members' Code of Conduct. Principal Authorities are also required to appoint at least one "Independent Person" who are to be consulted as part of the Council's "Arrangements".
- 3.2 The Full Council at its meeting on 25 June 2012 formally adopted the Borough Council's Members' Code of Conduct and its "Arrangements" which are attached to this report at Appendix 2 and Appendix 3 respectively. As part of its "Arrangements", the Full Council at its meeting on 24 May 2017 re-appointed Barbara Pears and Sarah Greatorex as the Council's Independent Persons for a further term of four years.
- 3.3 The Act also introduced the current interest's regime which included the register of Members' interests. The Government published amended guidance in September 2013 for councillors on interests ("Openness and transparency on personal interests – a guide for councillors") which was circulated to all Borough Councillors and to every Town and Parish Council within the Borough.
- 3.4 The Act places on the Borough Council a statutory duty to promote and maintain high standards of conduct for its elected and co-opted members. The Full Council has in turn delegated this function to this Committee as part of its terms of reference.

- 3.5 The Committee at its meeting on 24 November 2020 last reviewed the Council's Localism Act processes and this report seeks to review our subsequent experience to date.

4. Review of the Code

- 4.1 The Act did not prescribe the contents of the Code (save that it should be consistent with the seven Nolan Principles) and accordingly the version of the Members' Code of Conduct adopted by Full Council was the version promoted by the Public Law Partnership. This was to ensure a consistent approach across the County and to ensure that all council's (county, districts and parishes) adopted the same version of the Code to provide a sense of clarity for Councillors.
- 4.2 The Borough Council's Code was also adopted by the majority of the Town and Parish Council's in the Borough. Several Parish Councils have subsequently changed their Code. The Borough Council's Code has been operating successfully in the past year without any apparent difficulties or concerns and I would propose that the Committee continues to keep the Code under annual review and considers whether to make any recommendations to Full Council regarding any required amendments in the light of experience.
- 4.3 The Act requires the Monitoring Officer to compile and publish on the Borough Council's website a Register of Members' Interests. This includes Disclosable Pecuniary Interests for both Councillors and their partners and pecuniary and non-pecuniary interests just for Councillors. All the Borough Councillors interests are published and most of those of the Town and Parish Councillors in the Borough have also been published on the Borough Council's website. The Act does make it an offence for a councillor to fail to register their declarable interests within a period of 28 days of becoming elected.
- 4.4 The Borough Council's Committee Management Information System (CMIS) enables the Register of Members' Interests to be published in line with the Government's transparency agenda so that all Councillors' information is in one place on the website. The Monitoring Officer has the ability to agree with a Councillor that certain interests can be redacted from the public register as being a "sensitive interest" in specified circumstances. This has recently been brought to the attention of all Borough and Parish Councillors in the light of recent events.
- 4.5 Training on the Code on Conduct is offered regularly by the Monitoring Officer for Borough Councillors together with refresher training for Parish Councils.

5. Review of the Arrangements and the Code of Conduct

- 5.1 The Act required the Council to adopt "Arrangements" for dealing with allegations that Councillors have potentially failed to comply with the Code. Any allegations that Councillors have not complied with the Disclosable Pecuniary Interests regime under the Act are not dealt with under the Council's "Arrangements" as they are potentially criminal offences and need to be dealt with by the Police. As at the date of this report there have been no such allegations or referrals.
- 5.2 The Council's "Arrangements" are made publicly available on the Borough Council's website and have been implemented in relation to both Borough and Parish Councillors. All allegations are received by the Monitoring Officer who makes an initial assessment of the merits of the complaint in consultation with an Independent Person in accordance with the "Arrangements".
- 5.3 The table at Appendix 1 below details the number, type and outcome of allegations received since 1 July 2012. The table indicates a slight increase in the numbers in the past year. This cannot be attributed to a particular reason. The Localism Act states that the

Code of Conduct only applies when a Councillor is acting in their official capacity as a councillor. This has been upheld by subsequent case law which has confirmed the position. Accordingly, the Code can only be used to regulate Councillors' conduct when they are acting in that capacity. The Council's Code of Conduct is compliant with the law; however the Committee may wish to review its wording.

- 5.4 Overall the Council's Localism Act "Arrangements" appear to be operating satisfactorily and I would recommend that the Committee continues to keep them under annual review and to make any appropriate recommendations to Full Council on any required amendments to the "Arrangements" in the light of experience.
- 5.5 The Committee at its meeting on 28 July 2020 considered a report on the Local Government Associations' consultation on its proposed Model Code of Conduct. Subsequently the Local Government Association published its Model Code of Conduct in December 2020. Monitoring Officers of all authorities in Essex have met to discuss whether to recommend that their respective Council's should adopt the Model Code. Concerns were raised particularly about the clarity of the new interests provisions for Members and representations were made. The Local Government Association has subsequently revised its code twice to clarify issues and the latest version is attached at Appendix 4. The Guidance in the behaviours part of the Code is particularly welcome however, concerns remain regarding interests. Further representations are being made prior to any recommendation being made to this Committee as to whether the Council should adopt the Model Code. Currently no Council in Essex has adopted the Model Code. A further report will be submitted to the Committee in due course.

6. Strategic Plan References

- 6.1 The manner in which the Council governs its business is an underpinning mechanism in the Council's Strategic Plan priorities to set out the direction and future potential for our Borough.

7. Publicity Considerations

- 7.1 The Council's Code of Conduct and "Arrangements" are available on the Council's website www.colchester.gov.uk/standards

8. Financial, Equality, Diversity and Human Rights, Consultation, Health, Wellbeing and Community Safety, Health and Safety, Risk Management and Environmental and Sustainability Implications

- 8.1 None.

It also sets out how the Borough Council will deal with allegations of a failure to comply with the Councillors’ Code of Conduct.
- 1.2 Under Section 28(6) and (7) of the Localism Act 2011, the Borough Council must have in place “Arrangements” under which allegations that a member or co-opted member of the Borough Council or of a parish council within the Borough of Colchester, has failed to comply with Councillors’ Code of Conduct can be investigated and decisions made on such allegations.
- 1.3 Such Arrangements must provide for the Borough Council to appoint at least 1 Independent Person, whose views must be sought by the Borough Council before it takes a decision on an allegation which it has decided shall be investigated, and whose views can be sought by the Borough Council at any other stage, or by a member or a co-opted member of a parish council against whom an allegation has been made. Both members and co-opted members are referred to as Councillors in this document for ease of reference.

2. The Code of Conduct

- 2.1 The Borough Council has adopted a Code of Conduct for Councillors, which is published on the Borough Council’s website.
www.colchester.gov.uk/standards
- 2.2 Each Parish Council is also required to adopt a Code of Conduct. If you wish to inspect a Parish Council’s Code of Conduct, you should inspect

any website operated by the Parish Council or request the parish clerk to allow you to inspect the Parish Council's Code of Conduct.

3. Making a complaint

- 3.1 If you wish to make a complaint, please email:
andrew.weavers@colchester.gov.uk or write to:

The Monitoring Officer
Colchester Borough Council
Rowan House, 33 Sheepen Road
Colchester, CO3 3WG.

- 3.2 The Monitoring Officer is a senior officer of the Borough Council who has statutory responsibility for maintaining the register of Councillors' interests and who is responsible for administering the system in respect of complaints of Councillor misconduct.
- 3.3 In order to ensure that we have all the information which we need to be able to process your complaint, please complete and send us the complaint form, which can be downloaded from the Borough Council's website, next to the Code of Conduct.
- 3.4 Please provide us with your name and a contact address or email address, so that we can acknowledge receipt of your complaint and keep you informed of its progress. If you want to keep your name and address confidential, please indicate this in the space provided on the complaint form. The Monitoring Officer will consider your request and if granted we will not disclose your name and address to the Councillor against whom you make the complaint, without your prior consent.
- 3.5 The Borough Council does not normally investigate anonymous complaints, unless there is a clear public interest in doing so.
- 3.6 The Monitoring Officer will acknowledge receipt of your complaint within 5 working days of receiving it and will keep you informed of the progress of your complaint.
- 3.7 The Complaints Procedure Flowchart is attached at Appendix 1.
- 3.8 The Borough Council has agreed a Press Policy in relation to complaints made against Councillors and this is attached at Appendix 2.

4. Will your complaint be investigated?

- (1) The Monitoring Officer will review every complaint received and, may consult with the Independent Person before taking a decision as to whether it:
 - (a) merits no further investigation; or
 - (b) merits further investigation; or
 - (c) should be referred to the Governance and Audit Committee,
- (2) This decision will normally be taken within 28 working days of receipt of your complaint. Your complaint will be considered in accordance with the Borough Council's Assessment Criteria contained at Appendix 3. Where the Monitoring Officer has taken a decision, he/she will inform you of his/her decision and the reasons for that decision. Where the Monitoring Officer requires additional information in order to come to a decision, he/she may come back to you for such information and may request information from the Councillor against whom your complaint is directed.
- (3) Where your complaint relates to a Parish Councillor, the Monitoring Officer may also inform the Parish Council of your complaint and seek the views of the Parish Council before deciding whether the complaint merits formal investigation.
- (4) In appropriate cases, the Monitoring Officer may seek to resolve the complaint informally, without the need for a formal investigation. Such informal resolution may involve the Councillor accepting that their conduct was unacceptable and offering an apology, or other remedial action by the Authority. Where the Councillor or the Authority make a reasonable offer of informal resolution, but you are not willing to accept the offer, the Monitoring Officer will take account of this in deciding whether the complaint merits further investigation.
- (5) If your complaint identifies criminal conduct or breach of other regulation by any person, the Monitoring Officer has the power to call in the Police or other regulatory agencies.

5. How is the investigation conducted?

- (1) The Borough Council has adopted a procedure for the investigation of allegations, which is attached as Appendix 4 to these Arrangements.

- (2) If the Monitoring Officer decides that a complaint merits further investigation, they may appoint an Investigating Officer, who may be another senior officer of the Borough Council, an officer of another Authority or an external investigator. The Investigating Officer or Monitoring Officer will decide whether they need to meet or speak to you to understand the nature of your complaint and so that you can explain your understanding of events and suggest what documents need to be seen, and who needs to be interviewed.
- (3) The Investigating Officer or Monitoring Officer will normally write to the Councillor against whom you have complained and provide them with a copy of your complaint and ask the Councillor to provide their explanation of events, and to identify what documents are required and who needs to be interviewed. In exceptional cases, where it is appropriate to keep your identity confidential or disclosure of details of the complaint to the Councillor might prejudice the investigation, the Monitoring Officer can delete your name and address from the papers given to the Councillor, or delay notifying the Councillor until the investigation has progressed sufficiently.
- (4) At the end of their investigation, the Investigating Officer or Monitoring Officer will produce a draft report ("the Investigation Report") and will send copies of that draft report, in confidence, to you and to the Councillor concerned, to give you both an opportunity to identify any matter in that draft report which you disagree with or which you consider requires more consideration.
- (5) Having received and taken account of any comments which you may make on the draft Investigation Report. Where an Investigating Officer has been appointed the Investigating Officer will send their final report to the Monitoring Officer.

6. What happens if the Investigating Officer or Monitoring Officer concludes that there is no evidence of a failure to comply with the Code of Conduct?

- (1) If an Investigating Officer has been appointed the Monitoring Officer will review the Investigating Officer's report and, if satisfied that the Investigating Officer's report is sufficient, the Monitoring Officer will write to you and to the Councillor concerned and to the Parish Council, where your complaint relates to a Parish Councillor, notifying you that no further action is required, and give you both a copy of the Investigation Final Report.

- (2) If an Investigating Officer has been appointed and if the Monitoring Officer is not satisfied that the investigation has been conducted properly, they may ask the Investigating Officer to reconsider their report.

7. What happens if the Investigating Officer or Monitoring Officer concludes that there is evidence of a failure to comply with the Code of Conduct?

- (1) If an Investigating Officer has been appointed the Monitoring Officer will review the Investigating Officer's report and will then either send the matter for a hearing before the Hearings Sub-Committee or in consultation with the Independent Person seek an informal resolution.

(a) Informal Resolution

The Monitoring Officer may consider that the matter can reasonably be resolved without the need for a hearing. In such a case, they will consult with the Independent Person and with you as complainant and seek to agree what you consider to be a fair resolution which also helps to ensure higher standards of conduct for the future. Such resolution may include the Councillor accepting that their conduct was unacceptable and offering an apology, and/or other remedial action by the Council. If the Councillor complies with the suggested resolution, the Monitoring Officer will report the matter to the Borough Council's Governance and Audit Committee (and the Parish Council) for information but will take no further action.

(b) Hearing

If the Monitoring Officer considers that informal resolution is not appropriate, or the Councillor concerned is not prepared to undertake any proposed remedial action, such as giving an apology, then the Monitoring Officer will report the Investigation Report to the Hearings Sub-Committee which will conduct a hearing before deciding whether the Councillor has failed to comply with the Code of Conduct and, if so, whether to take any action in respect of the Councillor.

The Borough Council has agreed a procedure for hearing allegations, which is attached as Appendix 5 to these Arrangements.

At the hearing, the Investigating Officer or the Monitoring Officer will present their report, call such witnesses as they consider necessary and make representations to substantiate their conclusion that the member has failed to comply with the Code of Conduct. For this purpose, the Investigating Officer or Monitoring Officer may ask you as the complainant to attend and give evidence to the Hearings Sub-Committee. The Councillor will then have an opportunity to give their evidence, to call witnesses and to make representations to the Hearings Sub-Committee as to why they consider that they did not fail to comply with the Code of Conduct.

The Hearings Sub-Committee, with the benefit of any advice from the Independent Person, may conclude that the Councillor did not fail to comply with the Code of Conduct, and dismiss the complaint. If the Hearings Sub-Committee concludes that the Councillor did fail to comply with the Code of Conduct, the Chair will inform the Councillor of this finding and the Hearings Sub-Committee will then consider what action, if any, the Sub-Committee should take as a result of the Councillor's failure to comply with the Code of Conduct. In doing this, the Hearings Sub-Committee will give the Councillor an opportunity to make representations to the Hearings Sub-Committee and will consult the Independent Person, but will then decide what action, if any, to take in respect of the matter.

8. What action can the Hearings Sub-Committee take where a Councillor has been found to have failed to comply with the Code of Conduct?

- 8.1 The Borough Council has delegated to the Hearings Sub-Committee its powers to take action in respect of individual Councillors as may be necessary to promote and maintain high standards of conduct.

Accordingly, the Hearings Sub-Committee may: -

- (a) Report its findings to Council (or to the Parish Council) for information;
- (b) Recommend to Council (or to the Parish Council) that the Councillor be issued with a formal censure or be reprimanded
- (c) Recommend to the Councillor's Group Leader (or in the case of ungrouped Councillors, recommend to Council or to Committees) that

the Councillor be removed from any or all Committees or Panels of the Council;

- (d) Recommend to the Leader of the Council that the Councillor be removed from the Cabinet, or removed from particular Portfolio responsibilities;
 - (e) Instruct the Monitoring Officer to (or recommend that the Parish Council) arrange training for the Councillor;
 - (f) Recommend to Council to remove (or recommend to the Parish Council that the Councillor be removed) from all outside appointments to which they have been appointed or nominated by the Council (or by the Parish Council);
 - (g) Recommend to Council to withdraw (or recommend to the Parish Council that it withdraws) facilities provided to the Councillor by the Council, such as a computer, website and/or email and internet access; or
 - (h) Recommend to Council to exclude (or recommend that the Parish Council exclude) the Councillor from the Council's Offices or other premises, with the exception of meeting rooms as necessary for attending Council, Committee and Panel meetings.
- 8.2 The Hearings Sub-Committee has no power to suspend or disqualify a Councillor or to withdraw a Councillor's basic allowance or any special responsibility allowances.
- 8.3 Any actions recommended by the Hearings Sub-Committee should be proportionate and commensurate with the circumstances of the particular case.

9 What happens at the end of the hearing?

- 9.1 At the end of the hearing, the Chair will state the decision of the Hearings Sub-Committee as to whether the Councillor failed to comply with the Code of Conduct and as to any actions which the Hearings Sub-Committee resolves to take.
- 9.2 As soon as reasonably practicable thereafter, the Monitoring Officer shall prepare a formal decision notice in consultation with the Chair of the Hearings Sub-Committee, and send a copy to you, to the Councillor (and to the Parish Council), make that decision notice available for public

inspection and report the decision to the next convenient meeting of the Council.

10 Who are the Hearings Sub-Committee?

- 10.1 The Sub-Committee comprises Councillors who are members of the Governance and Audit Committee.
- 10.2 The Governance and Audit Committee has decided that it will comprise a maximum of five Councillors and will comprise Councillors drawn from all political groups. Subject to those requirements, it is appointed on the nomination of party group leaders in proportion to the strengths of each party group on the Council. If the Councillor complained about is a member of a Parish Council a parish Councillor who is a co-opted member of the Governance and Audit Committee will also be invited to attend the Sub-Committee.
- 10.3 An Independent Person will also be invited to attend all meetings of the Hearings Sub-Committee and their views are sought and taken into consideration before the Sub-Committee takes any decision on whether the Councillor's conduct constitutes a failure to comply with the Code of Conduct and as to any action to be taken following a finding of failure to comply with the Code of Conduct.

11 Who are the Independent Persons?

- 11.1 The Independent Persons are persons who has applied for the post following advertisement of a vacancy for the post and is appointed by a positive vote from a majority of all the members of the Borough Council.

 - (b) (are or have been within the past 5 years, a member, co-opted member or officer of a parish council within the Borough of Colchester), or

12. Revision of these Arrangements

The Borough Council may by resolution agree to amend these Arrangements, and has delegated to the Chair of the Hearings Sub-Committee the right to depart from these Arrangements where they consider that it is expedient to do so in order to secure the effective and fair consideration of any matter.

13. Appeals

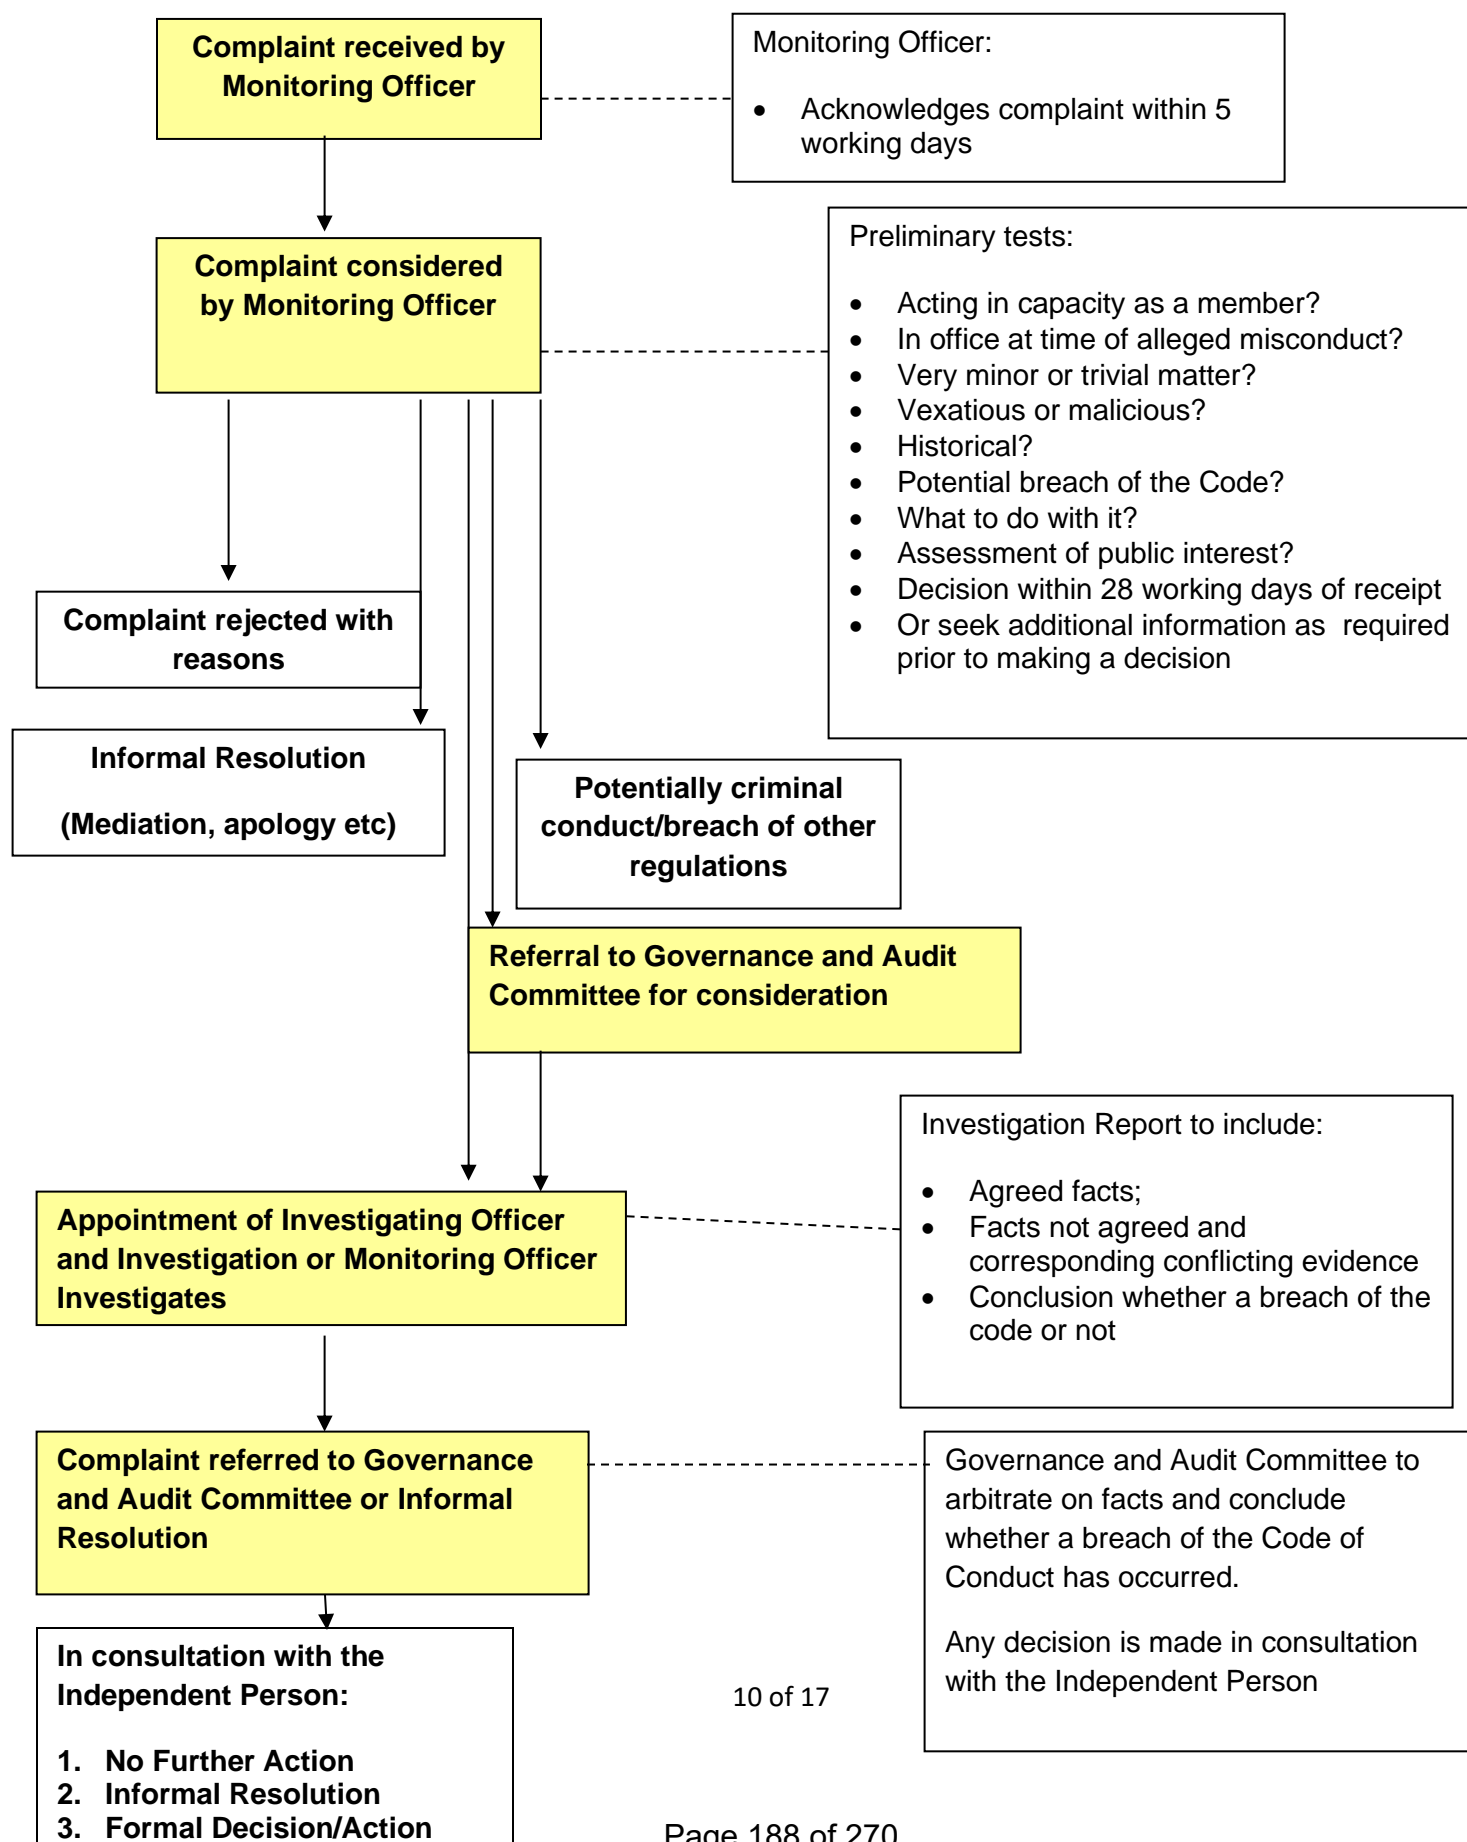

13.1 There is no right of appeal for you as complainant or for the Councillor against a decision of the Monitoring Officer or of the Hearings Sub-Committee.

13.1.1 If you feel that the Borough Council has failed to deal with your complaint properly, you may make a complaint to the Local Government and Social Care Ombudsman.

14. Review

These Arrangements will be kept under annual review by the Governance and Audit Committee.

Complaints Procedure Flowchart

Colchester Borough Council

Press Policy

Complaints against Members

This Policy sets out how the Borough Council will respond to press enquiries into a complaint made against Councillor(s). This includes Borough Councillors, Parish, Town and Community Councillors.

We like to be as helpful as possible to the press and we will confirm, when requested by a journalist:

- the name of a Councillor(s) involved in an ongoing or past investigation
- the type of person who made the allegation – whether they are a member or Officer of the Authority, or a member of the public
- part of the Code of Conduct potentially breached
- whether the case was referred for investigation and, if not, the reason it was not referred
- approximate dates of when the allegation was received and the date of when a decision was made on whether or not to investigate
- the outcome of any investigation, on issue of the final report

Please note that we will only respond to queries about specific Councillors.

We will not comment on complaints received until a decision has been made on whether a complaint will be investigated; we allow three working days from the date of that decision before confirming it to the press.

We will confirm the outcome of an investigation three working days after the final report has been issued. This policy ensures that the relevant parties involved in the complaint and investigation are notified before the press.

We will always stress that a complaint is just that: while an investigation is ongoing, no decision is made regarding a Councillor's guilt or otherwise.

Colchester Borough Council

STANDARDS COMPLAINTS ASSESSMENT CRITERIA

Complaints which would not normally be referred for investigation

1. The complaint is not considered sufficiently serious to warrant investigation; or
2. The complaint appears to be simply motivated by malice or is “tit-for-tat”; or
3. The complaint appears to be politically motivated; or
4. It appears that there can be no breach of the Code of Conduct; e.g. that it relates to the Councillor’s private life or is about dissatisfaction with a Council decision; or
5. It is about someone who is no longer a Councillor; or
6. There is insufficient information available for a referral; or
7. The complaint has not been received within 3 months of the alleged misconduct unless there are exceptional circumstances e.g. allegation of bullying, harassment etc; or
8. The matter occurred so long ago that it would be difficult for a fair investigation to be carried out; or
9. The same, or similar, complaint has already been investigated and there is nothing further to be gained by seeking the sanctions available to the Governance and Audit Committee; or
10. It is an anonymous complaint, unless it includes sufficient documentary evidence to show a significant breach of the Code of Conduct; or
11. Where the Councillor complained of has apologised and/or admitted making an error and the matter would not warrant a more serious sanction.

Complaints which may be referred to the Governance and Audit Committee

1. It is serious enough, if proven, to justifying the range of actions available to the Governance and Audit Committee; or
2. There are individual acts of minor misconduct which appear to be a part of a continuing pattern of behaviour that is unreasonably disrupting the business of the Council and there is no other avenue left to deal with it other than by way of an investigation; or

3. When the complaint comes from a senior officer of the Council, such as the Chief Executive or the Monitoring Officer and it would be difficult for the Monitoring Officer to investigate; or
4. The complaint is about a high-profile Councillor such as the Leader of the Council and it would be difficult for the Monitoring Officer to investigate; or
5. Such other complaints as the Monitoring Officer considers it would not be appropriate for him to investigate.

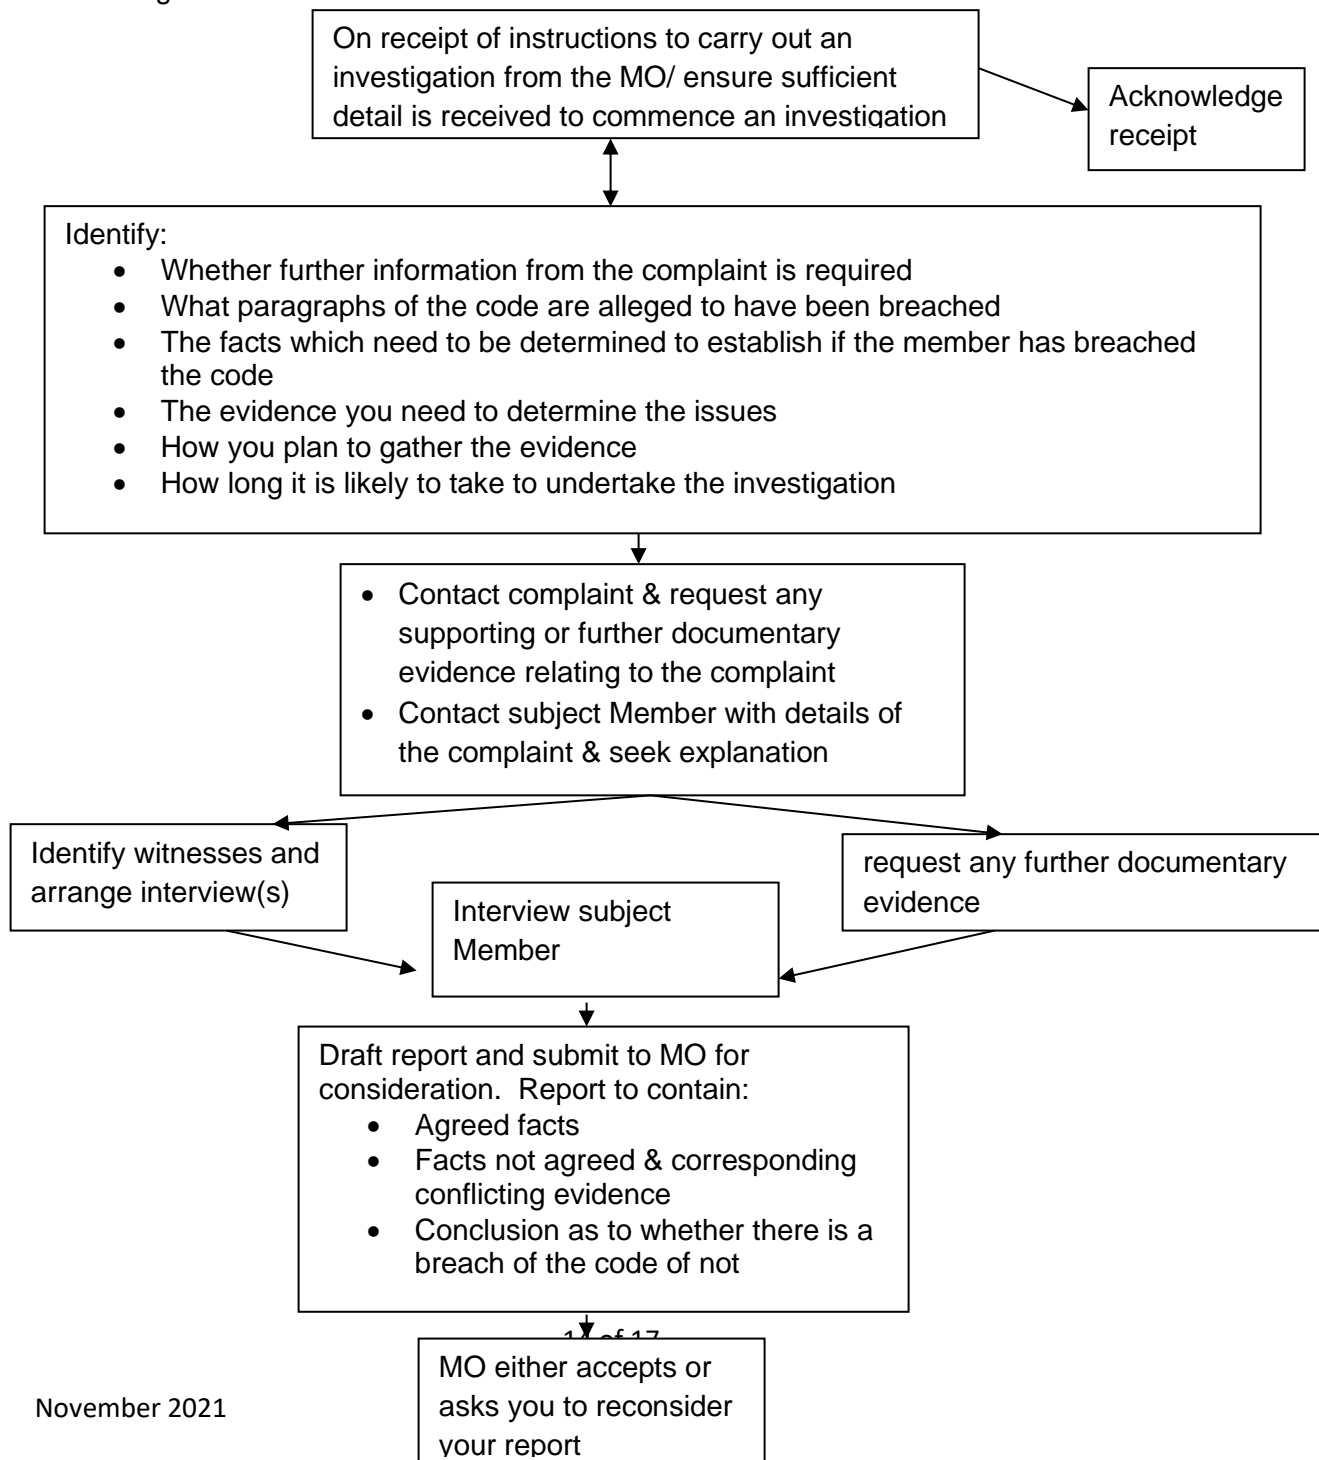

Whilst complainants must be confident that complaints are taken seriously and dealt with appropriately, deciding to investigate a complaint or to take further action will cost both public money and officers' and Councillors' time. This is an important consideration where the complaint is relatively minor.

STANDARDS COMPLAINTS INVESTIGATION PROCEDURE

Investigation Procedure

You should maintain a written record to demonstrate what was considered at the start of each investigation and plan how you intend to carry out the investigation, the paragraphs of the Code that may have been breached, the facts you need to determine to establish, the evidence you will need, how you plan to gather the evidence and how long it will take to conclude your investigation. Remember there is no provision in the Localism Act 2011 compelling Members or witnesses to co-operate with your investigation.

A written Investigation Report will need to be prepared for consideration by the Council's Monitoring Officer.

Local Government Association

Model Councillor Code of Conduct 2020

Joint statement

The role of councillor across all tiers of local government is a vital part of our country's system of democracy. It is important that as councillors we can be held accountable and all adopt the behaviors and responsibilities associated with the role. Our conduct as an individual councillor affects the reputation of all councillors. We want the role of councillor to be one that people aspire to. We also want individuals from a range of backgrounds and circumstances to be putting themselves forward to become councillors.

As councillors, we represent local residents, work to develop better services and deliver local change. The public have high expectations of us and entrust us to represent our local area, taking decisions fairly, openly, and transparently. We have both an individual and collective responsibility to meet these expectations by maintaining high standards and demonstrating good conduct, and by challenging behaviour which falls below expectations.

Importantly, we should be able to undertake our role as a councillor without being intimidated, abused, bullied, or threatened by anyone, including the general public.

This Code has been designed to protect our democratic role, encourage good conduct and safeguard the public's trust in local government.

Introduction

The Local Government Association (LGA) has developed this Model Councillor Code of Conduct, in association with key partners and after extensive consultation with the sector, as part of its work on supporting all tiers of local government to continue to aspire to high standards of leadership and performance. It is a template for councils to adopt in whole and/or with local amendments.

All councils are required to have a local Councillor Code of Conduct.

The LGA will undertake an annual review of this Code to ensure it continues to be fit-for-purpose, incorporating advances in technology, social media and changes in legislation. The LGA can also offer support, training and mediation to councils and councillors on the application of the Code and the National Association of Local Councils (NALC) and the county associations of local councils can offer advice and support to town and parish councils.

Definitions

For the purposes of this Code of Conduct, a “councillor” means a member or co-opted member of a local authority or a directly elected mayor. A “co-opted member” is defined in the Localism Act 2011 Section 27(4) as “a person who is not a member of the authority but who

- a) is a member of any committee or sub-committee of the authority, or;
- b) is a member of, and represents the authority on, any joint committee or joint sub-committee of the authority;

and who is entitled to vote on any question that falls to be decided at any meeting of that committee or sub-committee”.

For the purposes of this Code of Conduct, “local authority” includes county councils, district councils, London borough councils, parish councils, town councils, fire and rescue authorities, police authorities, joint authorities, economic prosperity boards, combined authorities and National Park authorities.

Purpose of the Code of Conduct

The purpose of this Code of Conduct is to assist you, as a councillor, in modelling the behaviour that is expected of you, to provide a personal check and balance, and to set out the type of conduct that could lead to action being taken against you. It is also to protect you, the public, fellow councillors, local authority officers and the reputation of local government. It sets out general principles of conduct expected of all councillors and your specific obligations in relation to standards of conduct. The LGA encourages the use of support, training and mediation prior to action being taken using the Code. The fundamental aim of the Code is to create and maintain public confidence in the role of councillor and local government.

General principles of councillor conduct

Everyone in public office at all levels; all who serve the public or deliver public services, including ministers, civil servants, councillors and local authority officers; should uphold the [Seven Principles of Public Life](#), also known as the Nolan Principles.

Building on these principles, the following general principles have been developed specifically for the role of councillor.

In accordance with the public trust placed in me, on all occasions:

- I act with integrity and honesty
- I act lawfully
- I treat all persons fairly and with respect; and
- I lead by example and act in a way that secures public confidence in the role of councillor.

In undertaking my role:

- I impartially exercise my responsibilities in the interests of the local community
- I do not improperly seek to confer an advantage, or disadvantage, on any person
- I avoid conflicts of interest
- I exercise reasonable care and diligence; and
- I ensure that public resources are used prudently in accordance with my local authority's requirements and in the public interest.

Application of the Code of Conduct

This Code of Conduct applies to you as soon as you sign your declaration of acceptance of the office of councillor or attend your first meeting as a co-opted member and continues to apply to you until you cease to be a councillor.

This Code of Conduct applies to you when you are acting in your capacity as a councillor which may include when:

- you misuse your position as a councillor
- Your actions would give the impression to a reasonable member of the public with knowledge of all the facts that you are acting as a councillor;

The Code applies to all forms of communication and interaction, including:

- at face-to-face meetings
- at online or telephone meetings
- in written communication
- in verbal communication
- in non-verbal communication
- in electronic and social media communication, posts, statements and comments.

You are also expected to uphold high standards of conduct and show leadership at all times when acting as a councillor.

Your Monitoring Officer has statutory responsibility for the implementation of the Code of Conduct, and you are encouraged to seek advice from your Monitoring Officer on any matters that may relate to the Code of Conduct. Town and parish councillors are encouraged to seek advice from their Clerk, who may refer matters to the Monitoring

Standards of councillor conduct

This section sets out your obligations, which are the minimum standards of conduct required of you as a councillor. Should your conduct fall short of these standards, a complaint may be made against you, which may result in action being taken.

Guidance is included to help explain the reasons for the obligations and how they should be followed.

General Conduct

1. Respect

As a councillor:

1.1 I treat other councillors and members of the public with respect.

1.2 I treat local authority employees, employees and representatives of partner organisations and those volunteering for the local authority with respect and respect the role they play.

Respect means politeness and courtesy in behaviour, speech, and in the written word. Debate and having different views are all part of a healthy democracy. As a councillor, you can express, challenge, criticise and disagree with views, ideas, opinions and policies in a robust but civil manner. You should not, however, subject individuals, groups of people or organisations to personal attack.

In your contact with the public, you should treat them politely and courteously. Rude and offensive behaviour lowers the public's expectations and confidence in councillors.

In return, you have a right to expect respectful behaviour from the public. If members of the public are being abusive, intimidatory or threatening you are entitled to stop any conversation or interaction in person or online and report them to the local authority, the relevant social media provider or the police. This also applies to fellow councillors, where action could then be taken under the Councillor Code of Conduct, and local authority employees, where concerns should be raised in line with the local authority's councillor-officer protocol.

2. Bullying, harassment and discrimination

As a councillor:

2.1 I do not bully any person.

2.2 I do not harass any person.

2.3 I promote equalities and do not discriminate unlawfully against any person.

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and

contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Councillors have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims, and that there is a strong vision and public commitment to equality across public services.

3. Impartiality of officers of the council

As a councillor:

3.1 I do not compromise, or attempt to compromise, the impartiality of anyone who works for, or on behalf of, the local authority.

Officers work for the local authority as a whole and must be politically neutral (unless they are political assistants). They should not be coerced or persuaded to act in a way that would undermine their neutrality. You can question officers in order to understand, for example, their reasons for proposing to act in a particular way, or the content of a report that they have written. However, you must not try and force them to act differently, change their advice, or alter the content of that report, if doing so would prejudice their professional integrity.

4. Confidentiality and access to information

As a councillor:

4.1 I do not disclose information:

- a. given to me in confidence by anyone**
- b. acquired by me which I believe, or ought reasonably to be aware, is of a confidential nature, unless**
 - i. I have received the consent of a person authorised to give it;**
 - ii. I am required by law to do so;**
 - iii. the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or**
 - iv. the disclosure is:**
 - 1. reasonable and in the public interest; and**
 - 2. made in good faith and in compliance with the reasonable requirements of the local authority; and**
 - 3. I have consulted the Monitoring Officer prior to its release.**

4.2 I do not improperly use knowledge gained solely as a result of my role as a councillor for the advancement of myself, my friends, my family members, my employer or my business interests.

4.3 I do not prevent anyone from getting information that they are entitled to by law.

Local authorities must work openly and transparently, and their proceedings and printed materials are open to the public, except in certain legally defined circumstances. You should work on this basis, but there will be times when it is required by law that discussions, documents and other information relating to or held by the local authority must be treated in a confidential manner. Examples include personal data relating to individuals or information relating to ongoing negotiations.

5. Disrepute

As a councillor:

5.1 I do not bring my role or local authority into disrepute.

As a Councillor, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other councillors and/or your local authority and may lower the public's confidence in you or your local authority's ability to discharge your/its functions. For example, behaviour that is considered dishonest and/or deceitful can bring your local authority into disrepute.

You are able to hold the local authority and fellow councillors to account and are able to constructively challenge and express concern about decisions and processes undertaken by the council whilst continuing to adhere to other aspects of this Code of Conduct.

6. Use of position

As a councillor:

6.1 I do not use, or attempt to use, my position improperly to the advantage or disadvantage of myself or anyone else.

Your position as a member of the local authority provides you with certain opportunities, responsibilities, and privileges, and you make choices all the time that will impact others. However, you should not take advantage of these opportunities to further your own or others' private interests or to disadvantage anyone unfairly.

7. Use of local authority resources and facilities

As a councillor:

7.1 I do not misuse council resources.

7.2 I will, when using the resources of the local authority or authorising their use by others:

- a. act in accordance with the local authority's requirements; and**
- b. ensure that such resources are not used for political purposes unless that use could reasonably be regarded as likely to facilitate, or be conducive to, the discharge of the functions of the local authority or of the office to which I have been elected or appointed.**

You may be provided with resources and facilities by the local authority to assist you in carrying out your duties as a councillor.

Examples include:

- office support
- stationery
- equipment such as phones, and computers
- transport

- access and use of local authority buildings and rooms.

These are given to you to help you carry out your role as a councillor more effectively and are not to be used for business or personal gain. They should be used in accordance with the purpose for which they have been provided and the local authority's own policies regarding their use.

8. Complying with the Code of Conduct

As a Councillor:

8.1 I undertake Code of Conduct training provided by my local authority.

8.2 I cooperate with any Code of Conduct investigation and/or determination.

8.3 I do not intimidate or attempt to intimidate any person who is likely to be involved with the administration of any investigation or proceedings.

8.4 I comply with any sanction imposed on me following a finding that I have breached the Code of Conduct.

It is extremely important for you as a councillor to demonstrate high standards, for you to have your actions open to scrutiny and for you not to undermine public trust in the local authority or its governance. If you do not understand or are concerned about the local authority's processes in handling a complaint you should raise this with your Monitoring Officer.

Protecting your reputation and the reputation of the local authority

9. Interests

As a councillor:

9.1 I register and disclose my interests.

Section 29 of the Localism Act 2011 requires the Monitoring Officer to establish and maintain a register of interests of members of the authority.

You need to register your interests so that the public, local authority employees and fellow councillors know which of your interests might give rise to a conflict of interest. The register is a public document that can be consulted when (or before) an issue arises. The register also protects you by allowing you to demonstrate openness and a willingness to be held accountable. You are personally responsible for deciding whether or not you should disclose an interest in a meeting, but it can be helpful for you to know early on if others think that a potential conflict might arise. It is also important that the public know about any interest that might have to be disclosed by you or other councillors when making or taking part in decisions, so that decision making is seen by the public as open and honest. This helps to ensure that public confidence in the integrity of local governance is maintained.

You should note that failure to register or disclose a disclosable pecuniary interest as set out in **Table 1**, is a criminal offence under the Localism Act 2011.

Appendix B sets out the detailed provisions on registering and disclosing interests. If in doubt, you should always seek advice from your Monitoring Officer.

10. Gifts and hospitality

As a councillor:

- 10.1 I do not accept gifts or hospitality, irrespective of estimated value, which could give rise to real or substantive personal gain or a reasonable suspicion of influence on my part to show favour from persons seeking to acquire, develop or do business with the local authority or from persons who may apply to the local authority for any permission, licence or other significant advantage.**
- 10.2 I register with the Monitoring Officer any gift or hospitality with an estimated value of at least £50 within 28 days of its receipt.**
- 10.3 I register with the Monitoring Officer any significant gift or hospitality that I have been offered but have refused to accept.**

In order to protect your position and the reputation of the local authority, you should exercise caution in accepting any gifts or hospitality which are (or which you reasonably believe to be) offered to you because you are a councillor. The presumption should always be not to accept significant gifts or hospitality. However, there may be times when such a refusal may be difficult if it is seen as rudeness in which case you could accept it but must ensure it is publicly registered. However, you do not need to register gifts and hospitality which are not related to your role as a councillor, such as Christmas gifts from your friends and family. It is also important to note that it is appropriate to accept normal expenses and hospitality associated with your duties as a councillor. If you are unsure, do contact your Monitoring Officer for guidance.

Appendices

Appendix A – The Seven Principles of Public Life

The principles are:

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must disclose and resolve any interests and relationships.

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

Appendix B Registering interests

Within 28 days of becoming a member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in “The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012”. You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

“Disclosable Pecuniary Interest” means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

"Partner" means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A ‘sensitive interest’ is as an interest which, if disclosed, could lead to the councillor, or a person connected with the councillor, being subject to violence or intimidation.
3. Where you have a ‘sensitive interest’ you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

Non participation in case of disclosable pecuniary interest

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must disclose the interest, not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest, just that you have an interest. Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.
5. [Where you have a disclosable pecuniary interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it]

Disclosure of Other Registerable Interests

6. Where a matter arises at a meeting which **directly relates** to the financial interest or wellbeing of one of your Other Registerable Interests (as set out in **Table 2**), you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest.

Disclosure of Non-Registerable Interests

7. Where a matter arises at a meeting which **directly relates** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in Table 1) or a financial interest or well-being of a relative or close associate, you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.
8. Where a matter arises at a meeting which **affects** –
 - a. your own financial interest or well-being;
 - b. a financial interest or well-being of a relative or close associate; or
 - c. a financial interest or wellbeing of a body included under Other Registerable Interests as set out in **Table 2**

you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing your interest the following test should be applied

9. Where a matter (referred to in paragraph 8 above) **affects** the financial interest or well-being:
 - a. to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
 - b. a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest

You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

10. [Where you have an Other Registerable Interest or Non-Registerable Interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it]

Appendix C – the Committee on Standards in Public Life

The LGA has undertaken this review whilst the Government continues to consider the recommendations made by the Committee on Standards in Public Life in their report on [Local Government Ethical Standards](#). If the Government chooses to implement any of the recommendations, this could require a change to this Code.

The recommendations cover:

- Recommendations for changes to the Localism Act 2011 to clarify in law when the Code of Conduct applies
- The introduction of sanctions
- An appeals process through the Local Government Ombudsman
- Changes to the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012
- Updates to the Local Government Transparency Code
- Changes to the role and responsibilities of the Independent Person
- That the criminal offences in the Localism Act 2011 relating to Disclosable Pecuniary Interests should be abolished

The Local Government Ethical Standards report also includes Best Practice recommendations. These are:

Best practice 1: Local authorities should include prohibitions on bullying and harassment in codes of conduct. These should include a definition of bullying and harassment, supplemented with a list of examples of the sort of behaviour covered by such a definition.

Best practice 2: Councils should include provisions in their code of conduct requiring councillors to comply with any formal standards investigation and prohibiting trivial or malicious allegations by councillors.

Best practice 3: Principal authorities should review their code of conduct each year and regularly seek, where possible, the views of the public, community organisations and neighbouring authorities.

Best practice 4: An authority's code should be readily accessible to both councillors and the public, in a prominent position on a council's website and available in council premises.

Best practice 5: Local authorities should update their gifts and hospitality register at least once per quarter, and publish it in an accessible format, such as CSV.

Best practice 6: Councils should publish a clear and straightforward public interest test against which allegations are filtered.

Best practice 7: Local authorities should have access to at least two Independent Persons.

Best practice 8: An Independent Person should be consulted as to whether to undertake a formal investigation on an allegation, and should be given the option to

review and comment on allegations which the responsible officer is minded to dismiss as being without merit, vexatious, or trivial.

Best practice 9: Where a local authority makes a decision on an allegation of misconduct following a formal investigation, a decision notice should be published as soon as possible on its website, including a brief statement of facts, the provisions of the code engaged by the allegations, the view of the Independent Person, the reasoning of the decision-maker, and any sanction applied.

Best practice 10: A local authority should have straightforward and accessible guidance on its website on how to make a complaint under the code of conduct, the process for handling complaints, and estimated timescales for investigations and outcomes.

Best practice 11: Formal standards complaints about the conduct of a parish councillor towards a clerk should be made by the chair or by the parish council, rather than the clerk in all but exceptional circumstances.

Best practice 12: Monitoring Officers' roles should include providing advice, support and management of investigations and adjudications on alleged breaches to parish councils within the remit of the principal authority. They should be provided with adequate training, corporate support and resources to undertake this work.

Best practice 13: A local authority should have procedures in place to address any conflicts of interest when undertaking a standards investigation. Possible steps should include asking the Monitoring Officer from a different authority to undertake the investigation.

Best practice 14: Councils should report on separate bodies they have set up or which they own as part of their annual governance statement and give a full picture of their relationship with those bodies. Separate bodies created by local authorities should abide by the Nolan principle of openness and publish their board agendas and minutes and annual reports in an accessible place.

Best practice 15: Senior officers should meet regularly with political group leaders or group whips to discuss standards issues.

The LGA has committed to reviewing the Code on an annual basis to ensure it is still fit for purpose.

Report of **Monitoring Officer**

Author **Andrew Weavers**

Title **Review of Local Code of Corporate Governance**

Wards affected Not applicable

1. Executive Summary

- 1.1 This report requests the Committee to review the Local Code of Corporate Governance for 2021/22. The Local Code of Corporate Governance is how the Council demonstrates that its structures comply with the recognised principles of good governance.
- 1.2 The report also recommends that Full Council includes the Code in its Policy Framework which comprises all of the Authority's key policies.

2. Recommended Decision

- 2.1 To review the updated Local Code of Corporate Governance for 2021/22.
- 2.2 To recommend to Full Council that it be approved for inclusion in the Council's Policy Framework.

3. Background

- 3.1 In 2007 CIPFA (The Chartered Institute of Public Finance and Accountancy) and SOLACE (The Society of Local Authority Chief Executives) issued "Delivering Good Governance in Local Authorities", a guide to ensuring that local authorities are appropriately governed. This was updated in April 2016.
- 3.2 Governance is defined as the systems and processes, and cultures and values, by which an organisation is directed and controlled and through which it accounts to, engages with and, where appropriate, leads their communities. It is about how Colchester Borough Council ensures that it is doing the right things, in the right way, for the right people, in a timely, inclusive, open and accountable manner
- 3.3 The Council strives to meet the highest standards of corporate governance to help ensure it meets its objectives. Councillors and Officers are responsible for putting in place proper arrangements for the governance of the Council's affairs and the stewardship of the resources at its disposal.
- 3.4 Therefore a Local Code of Corporate Governance has been developed to ensure that the Council complies with the principles set out in the CIPFA/SOLACE guidance. The Local Code is reviewed annually, to ensure that the Council is still satisfying the principles, and

forms part of the Council's Policy Framework. The Committee last considered the Local Code at its meeting on 24 November 2020.

- 3.5 The guidance identifies six Core Principles against which local authorities should review their existing corporate governance arrangements and develop and maintain a local code of governance. The principles are;
- Focusing on the purpose of the Council and outcomes for the community and creating and implementing a vision for the local area;
 - Councillors and officers working together to achieve a common purpose with clearly defined functions and roles;
 - Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour;
 - Taking informed and transparent decisions which are subject to effective scrutiny and managing risk;
 - Developing the capacity and capability of members and officers to be effective; and
 - Engaging with local people and other stakeholders to ensure robust public accountability.

CODE OF CORPORATE GOVERNANCE

INTRODUCTION

“Governance is about how local government bodies ensure that they are doing the right things, in the right way for everyone, in a timely, inclusive, open, honest and accountable manner.

It comprises the systems and processes, and cultures and values, by which local government bodies are directed and controlled and through which they account to, engage with and where appropriate, lead their communities”.

Delivering Good Governance in Local Authorities (CIPFA/SOLACE 2007)

The CIPFA/SOLACE guidance “Delivering Good Governance in Local Authorities” identified six Core Principles against which local authorities should review their existing corporate governance arrangements and develop and maintain a local code of governance. These principles are:

- 1. Focusing on the purpose of the Council and outcomes for the community and creating and implementing a vision for the local area*
- 2. Members and officers working together to achieve a common purpose with clearly defined functions and roles*
- 3. Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour*
- 4. Taking informed and transparent decisions which are subject to effective scrutiny and managing risk*
- 5. Developing the capacity and capability of members and officers to be effective*
- 6. Engaging with local people and other stakeholders to ensure robust public accountability.*

This Code of Governance has been prepared in accordance with the Guidance and will be reviewed by the Governance and Audit Committee on an annual basis.

Additionally authorities are required to prepare and publish an Annual Governance Statement in accordance with this framework under Regulation 4(2) of the Accounts and Audit (Amendment) (England) Regulations 2011. The Annual Governance Statement is a key corporate document. The Chief Executive and the Leader of the Council have joint responsibility as signatories for its accuracy and completeness.

Member / Officer Protocol

Introduction

- (a) This Protocol sets down a framework for the interaction between Members and Officers to seek to ensure that Members and Officers work together effectively and efficiently to conduct the business of the Council.
- (b) The conduct of Members is governed by the Council's Members' Code of Conduct and Localism Act Arrangements. The conduct of Officers is governed by the Council's Code of Conduct for Council Employees.
- (c) This Protocol does not replace or affect those Codes; it contains a framework relating only to the areas of interaction between Members and Officers. However, a breach of the provisions of this Protocol is likely to constitute a breach of the relevant formal Code which in turn could lead to appropriate formal action being taken.

1. The Respective Roles of Members and Officers

- (1) Members are elected and represent their constituents. Under the Council's Executive Arrangements, Members will perform roles on the Cabinet, Scrutiny Panel, Planning Committee, Licensing Committee, Local Plan Committee, Governance and Audit Committee, Policy Panel, and Environment and Sustainability Panel in addition to sitting as members of the Full Council. Some Members represent the Council upon outside bodies.
- (2) Officers are employed by and serve the whole Council. They provide the same level of support to the various functions of the Council, i.e. the Executive (Cabinet), scrutiny and regulatory. Officers advise the Council, the Cabinet, Panels and Committees. They implement decisions of the Council, the Cabinet, Panels and Committees and make decisions under powers delegated to them.
- (3) This Protocol also applies to officers employed by the Council which deliver services and functions on behalf of partner organisations i.e. North Essex Parking Partnership and Colchester and Ipswich Joint Museum Service. Additionally, some officers have also been appointed as directors of the Council's commercial companies as a consequence of their employment by the Council and remain subject to this Protocol even whilst acting in their directorship capacity.
- (4) Officers are responsible to their line manager and, ultimately, their Assistant Director. Assistant Directors are accountable to the Chief Operating Officer / Executive Directors. The Chief Operating Officer and Executive Directors are accountable to the Chief Executive. The Chief Executive is accountable to the whole Council. Some senior officers have specific statutory responsibilities, including Adrian Pritchard, Chief Executive, as the Head of Paid Service (Section 4, Local Government and Housing Act 1989), Andrew Weavers, Strategic Governance Manager, as Monitoring Officer (Section 5, Local Government and Housing Act 1989), and Paul Cook, Head of Finance as the Chief Finance Officer (Section 151, Local Government Act 1972).

2. Officers' Advice and Political Neutrality

(1) Officer advice and support will be provided to: -

- Council Meetings;
- meetings of the Cabinet and any Committees established by the Cabinet;
- Portfolio Holders and other Cabinet Members (a greater degree of detail may be necessary for Cabinet Members who also carry portfolio responsibilities);
- meetings of Committees/Sub-Committees and Panels;
- Working Parties/Forums, etc.;
- Chairmen/Vice-Chairmen of Committees and Panels;
- all Members of Council on Council business

Officers will provide support and advice to the executive, scrutiny and regulatory functions of the Council and will ensure that there is no conflict of interest in the advice given to each of the functions.

Officers will also provide advice and assistance to individual Members in respect of Council business, including issues raised by constituents.

- (2) Officers must not be requested to advise upon matters of political party business or private matters.
- (3) All Officers must treat political Groups and individual Members in a fair and even-handed manner. Officers must maintain political neutrality and Members must respect this.
- (4) Senior officers may be invited to attend political Group meetings. The Chief Executive will decide whether such attendance may take place. If it is agreed that an Officer can attend a Political Group meeting, the Chief Executive will inform the other Group Leaders and offer a similar facility.
- (5) Political Group meetings fall outside the Council's decision-making process. Conclusions reached at such meetings are not formal Council decisions and so should not be relied upon as such.

3. Officers' Advice on Declarations of Interest

- (1) Officers from the Council's Governance Team will provide advice and information to Members on declarations of interests. However, Members will know the nature and extent of any interest they may have. It is the Member's responsibility, therefore, to decide whether any interest should be declared. Officers must, when requested to do so, respect Members' confidentiality when providing advice on declarations of interest but may otherwise draw to a Members' attention the need to declare a known interest.

4. Personal Relationships

- (1) Close personal familiarity between individual Members and Officers can damage working relationships and prove embarrassing to other Members and Officers. There is the danger of favouritism being shown to a particular Member or Officer. There may be a risk that confidential information will be passed to a Member. Please refer to the Council's Social Media Policy.
- (2) For these reasons, such a personal familiarity is discouraged. Nevertheless, it is recognised that there may be occasions where it is unavoidable, particularly where family relationships or common interests (e.g. a club) arise.
- (3) A Member must declare to the Chief Executive and their respective Group Leader any relationship with an Officer that might be seen as influencing their work as a Member. This includes a family or close personal relationship. Similarly, the Officer concerned should notify their Assistant Director or, in the case of an Assistant Director, the Chief Operating Officer / Executive Director or, in the case of the Chief Operating officer or an Executive Director, the Chief Executive. In the case of the Chief Executive, then all Group Leaders should be notified. The Chief Executive and the Chief Operating Officer or relevant Executive Director will arrange for the relationship to be included in the formal Declarations of Interests provided by the Member and Officer.

5 Appointment of Officers

- (1) Members must not take any part in the appointment of anyone to whom they are:
 - married;
 - a partner;
 - otherwise related;
 - a friend;
 - a business associate.
- (2) Members must ensure that Officers are appointed only on merit in line the Council's HR recruitment policies, with a view to their best serving the whole Council.

6. Undue Pressure

- (1) A Member should not apply undue pressure on an Officer to do anything which they are not empowered to do, or which is against the Officer's professional judgement, or to undertake work outside normal duties or normal hours.
- (2) Similarly, an Officer must not seek to influence an individual Member to make a decision in their favour, nor raise personal matters to do with his/her job, nor make claims or allegations about other employees, except in accordance with any agreed Council procedure or in accordance with law. Members who receive any such approach from an Officer should advise the Chief Executive and the Chief Operating Officer or the appropriate Executive Director immediately. The Council has formal procedures for consultation, grievance and discipline, etc. dealing with these matters.

7. Officers' Reports and Advice

- (1) The named author(s) of a report to the Council or any part of its formal decision-making structure will always be fully responsible for the contents of it. Under overview and scrutiny arrangements, an Officer can be held responsible for the contents of his/her reports or advice and be required to answer for the advice given.
- (2) The Leader, Cabinet Member and/or Chairman of the relevant Committee or body may comment upon a proposed report, either during the original consultation process or following receipt of a draft agenda. The Officer concerned will give due consideration to such comments, consulting their Assistant Director or Chief Operating Officer / Executive Director and other appropriate Officers as necessary. The Chief Executive will be the final arbiter upon the contents of any report.
- (3) A report will only be amended where the suggested amendment also reflects the professional judgement of the author of the report. Any remaining disagreement between the Cabinet Member/Chairman and the author of the report should be referred to the Chief Executive, or, if the author of the report is the Chief Executive, to the Monitoring Officer for resolution after consultation with the Leader.
- (4) Occasionally, Officers will need to express a professional view on a matter which may not support the view of the leading Group and/or the relevant Senior Officers of the Council.
- (5) Members should not put an Officer in a position where there would be a conflict between themselves and their line manager, Assistant Director or Chief Operating Officer / Executive Director, nor should the Officer receive detrimental treatment as a consequence if the Member is aggrieved.

8. Officer Decisions made under Delegated Powers

- (1) Officers may make decisions under powers delegated to them pursuant to the Schemes of Delegation or by specific authority from the Cabinet, a Cabinet Member, Panel or Committee. It must be recognised that it is the Officer, and not any Member, who takes the action and it is the Officer who is accountable for it.

9. Officers relationship with the Leader, Cabinet Members and the Chairman of the Scrutiny Panel

- (1) The working relationship between Senior Officers and the Leader/Cabinet Members will be particularly close. Cabinet Members will have broad-ranging responsibilities. Officers may provide briefing notes, advice and information to the Cabinet Members in respect of reports or questions at Panel, Committee and Council Meetings. This relationship, however, must not:
 - compromise Officers' duties to all members of the Council;
 - be so close as to give the appearance of partiality on the part of the Officer;

- undermine the confidentiality of any discussions with the Senior Management Team or between Senior Officers and other Members;
 - compromise Officers' professional responsibility to advise Members that a particular course of action should not be pursued;
 - abrogate Officer responsibility for action taken under Delegated Powers.
- (2) There will also be a close working relationship between senior officers and the Chairman of the Scrutiny Panel within the remit of scrutiny of executive functions.

10. Constructive Criticism/Complaints

- (1) It is important that there should be mutual courtesy between Members and Officers. It is important that there are reasonable standards of courtesy and no Member or Officer should seek to take unfair advantage of their position.
- (2) Members and Officers should not criticise or undermine respect for the other at Council Meetings or at any other meeting they attend in their capacity as a Councillor or Council employee.
- (3) Members should not raise matters relating to the conduct or capability of an individual Council Officer or Officers collectively at meetings held in public.
- (4) Members when acting in their official capacity must comply with the Council's Social Media Policy and should not use social media to abuse, harass or undermine respect for officers. Officers should not use social media to criticise or undermine respect for Members and must comply with the Council's Social Media Policy at all times.
- (5) If a Member believes that they have not been treated with proper courtesy or has a concern about the conduct or capability of an Officer, they should raise the matter with the respective Assistant Director. If they are not satisfied with the action that has been taken in response to this, they may raise the matter with the Chief Executive who will look into the matter afresh. If the Chief Executive believes that there is a case to answer the Chief Executive may determine the action to be taken which might include the Council's formal disciplinary procedures. If the Officer concerned is the Chief Executive then the Member should raise the matter with their Group Leader, who should initially discuss the issue with the Chief Executive.
- (6) If an Officer feels that they have not been treated with respect or is concerned about any action or statement in relation to them or a colleague by a Member, or conduct of a Member, the Officer should raise the matter with their Assistant Director. If the Officer is not satisfied with any action that has been taken as a result, the Officer should raise the matter with the Chief Operating Officer or their Executive Director. If there is a serious case to answer the Chief Operating Officer / Executive Director, with the agreement of the Chief Executive, may request that the matter be investigated through the Council's Governance and Audit Committee's procedures.
- (7) Where an Officer or Member is concerned about potential unlawful conduct of an Officer or Member, the Council's Whistleblowing Policy may also be relevant. Nevertheless, the procedure outlined in this Protocol should be first reference where possible.

11. Members' access to information and to Council documents

- (1) Each Member has the right to inspect and have copies of the reports, minutes and background papers relating to the public part of any Council, Cabinet, Panel or Committee agenda. However, Members do not have an automatic right of access to all documents relating to confidential or "Exempt" items on the agenda. These might include, for instance, information relating to employees, occupiers of Council property, applications for grants, contracts, industrial relations negotiations, legal advice and criminal investigations. These provisions are detailed in the Access to Information Procedure Rules.
- (2) In respect of such confidential information, Members will normally receive, or have access to all papers unless they are of particular sensitivity. A Member may have access to such sensitive documentation insofar as it is reasonably necessary to enable them to properly perform their duties as a Member of the Council. The relevant question to be asked is whether they need to know the information to perform such duties.
- (3) A member of the Cabinet, Panel or Committee will have a need to know of the documentation relating to that body. In other circumstances, a Member will normally be expected to justify the request in specific terms and the motive for requesting the information will be relevant. The question as to access to the documentation will be determined by the Monitoring Officer.
- (4) Members of the Scrutiny Panel have the additional rights to access contained at Rule 22 of the Access to Information Procedure Rules.
- (5) Where a Member has a Disclosable Pecuniary Interest in a matter, the Member will only be entitled to the same rights of access to documentation as would apply for the public generally, although the Member would continue to receive the same documentation as is sent to other members of the Council.
- (6) Any Council information provided to a Member must only be used by the Member in connection with the proper performance of the Member's duties as a Member of the Council. Confidential information should not be disclosed, discussed with or released to any other persons. Such disclosure would be a betrayal of trust. In particular, Members should never disclose or use confidential information for the personal advantage of themselves or of anyone known to them, or to the disadvantage or the discredit of the Council or anyone else.
- (7) Any confidential information provided to Members should be clearly marked as such prior to its provision.
- (8) Further advice regarding Members' rights to inspect Council documents may be obtained from the Monitoring Officer.

12. Public Relations and Press Releases

- (1) By law the Council is prohibited from publishing material which appears to be designed to affect public support for a political party. News releases are written by Officers, but they may contain quotations from a Member. Such news releases are issued on behalf of the Council and it would not, therefore, be appropriate when repeating quotations from Members to indicate their

party-political affiliation. The aim will be for the news releases to be objective, factual and informative. The Council has also adopted a guide to pre-election publicity which provides advice upon publicity and activities during a pre-election period.

- (2) The Council will abide by the National Code of Recommended Practice on Local Authority Publicity.
- (3) For detailed guidance please refer to the Council's Media Protocol.

13. Council Publications

- (1) The Council's range of e-newsletters shall remain politically neutral. They may contain quotes from Portfolio Holders in line with Council policy. Reports of decisions made shall be those of the Council represented as the body corporate.
- (2) Publications issued by Service Groups may contain quotations from Cabinet members in line with Council policy on the matter. Where policy has yet to be determined, a Cabinet Member should not indicate their preference. If the Council has no policy on a particular matter and a Cabinet Member wishes to comment, the same opportunity must be made available to Shadows.

14. Member Support Services

- (1) The Council provides a range of support services, including stationery, postage and an e-mail address to enable Members to carry out their duties. These may only be used on Council business, such as correspondence between Members or Members and Officers; or in response to queries raised by local people. They must not be used for any party political, mailing list or election purposes whatsoever. Members must not ask Officers to type, photocopy or otherwise process any party political or election material.

15. Correspondence

- (1) Unless a Member or Officer requests confidentiality, it is to be assumed that correspondence between a Member and an Officer is not confidential and may be shown to others. If, in an Officer's view, correspondence between an individual Member and an Officer is of interest to other Members, to keep them fully informed, it should be made clear to the original Member that copies could be sent to other Members.
- (2) Where issues are raised by, or with, individual Members relating to a matter of general interest in a Borough Ward, as it is in the best interests of the Council to ensure that all Members are properly informed of general issues in their Ward, copies of correspondence will only be sent by agreement of the individual Member.
- (3) Officer letters on behalf of the Council should normally be sent out in the name of the appropriate Officer, rather than in the name of a Member. It may be appropriate in certain circumstances (e.g. representations to a Government Minister) for a letter to be signed by a Member, but this should be the exception rather than the norm.

16. Involvement of Ward Members and MPs

- (1) Information regarding activities in particular Ward should, when appropriate, be copied to the Ward Member(s) and Essex County Council Divisional Member(s) for information. Ward Members should be invited to take part in or

attend any public meeting, consultative exercise or launch event organised by the Council concerning a local issue.

- (2) If an Officer calls a meeting upon a local issue with or including Ward Members, the Officer will invite all Members for the Ward(s) in question.
- (3) If any of the Members of Parliament (MP) that represent the Borough are involved in the local issue, the Officer at their discretion may invite the relevant MP's to the meeting in addition to the Ward Members. If the Officer considers this to be inappropriate for any reason, they may meet the MP separately.
- (4) If a Ward Member calls or requests a meeting upon a local issue at which an Officer or Officers is/are requested to be in attendance, the Officer(s) will be required to attend only if all the Members for the Ward have been invited to attend, or are agreeable to the meeting taking place, and if the subject matter of the meeting is not politically controversial.
- (5) If a MP calls or requests a meeting upon a local issue at which an Officer or Officers is/are requested to be in attendance, the same criteria govern the Officer's attendance as in paragraph (4) above.
- (6) Meetings with Ward Members and/or MP's and/or others are generally private. Officers may confirm the events which occurred at the meeting and the outcome of it with the Members who attended, but will not reveal those matters to other Members or to other political groups except with the specific authority of the Member(s) who attended or called the meeting.

17. Ministerial Visits

- (1) If an Officer is made aware that a visit will be made to the Borough by a Minister of Her Majesty's Government (whether at the invitation of the Borough Council or otherwise), the officer shall advise Group Leaders of the visit together with any input required from Members or officers of the Council. Consideration shall be given to inviting the Mayor, the Leader, the relevant Portfolio Holder, other Cabinet Members, Shadow Spokespersons and Ward Councillors.
- (2) Where a visit to the Borough by a Minister of Her Majesty's Government is within the control of the Council, the Member of Parliament in whose constituency the visit is to take place, shall be invited to attend.

18. Procedure for dealing allegations of breaches of this Protocol

- (1) Any allegations that a Member has not complied with this Protocol may be referred to the Governance and Audit Committee who will determine the issue. One of the Council's Independent Persons appointed under the Localism Act 2011 will be invited to attend and advise the Committee (but not vote).
- (2) Any allegations that an Officer has not complied with this Protocol will be dealt with in accordance with the Council's Human Resource procedures.

19. Review of this Protocol

- (1) This Protocol will be reviewed annually by the Governance and Audit Committee.

1. Introduction

- 1.1 The Council's Members' Code of Conduct requires Members and Co-opted Members to include on their Notice of Registerable Interests details of any gift or hospitality received as part of their official duties which may be over the value of fifty pounds. It is also a breach of the Code for a Member to use their position as a Councillor improperly to confer on or secure for themselves or any other person an advantage or disadvantage.
- 1.2 The following guidance aims to assist Members and Co-opted Members in complying with the Members' Code of Conduct but it also goes beyond these basic provisions and seeks to provide wider guidance so Members can avoid situations where their integrity may be caused to be questioned as a result of gifts and hospitality.

2. The Legal Position

- 2.1 The Bribery Act 2010 makes it an offence to offer, promise or give a bribe. The Act also makes it an offence to request, agree to receive, or accept a bribe.
- 2.2 The Act also creates a separate offence of bribing a foreign public official with the intention of obtaining or retaining business or an advantage in the conduct of business. A corporate offence is committed where a commercial organisation fails to prevent bribery that is intended to obtain or retain business, or an advantage in the conduct of business, for the organisation.

3. General Advice

- 3.1 Members are advised to treat with extreme caution any offer or gift, favour or hospitality that is made personally to them. The person or organisation making the offer may be doing business or seeking to do business with the Council or may be applying to the Council for some sort of decision in respect of which it is imperative that the Member's independence should not be compromised e.g. planning approval.

4. Gifts

The following rules should be applied:

- 4.1 Other than the exceptions listed in 4.3 and 4.4 below, a Member should refuse any gift offered to them or to an immediate relative of the Member, by any person who has or may seek to have dealings with the Council. Members must notify the Monitoring Officer of all such refusals as soon as reasonably practicable regardless of the value of the offered gift (unless the gift falls within 4.3 or 4.4 below). The Monitoring Officer will maintain a record for this purpose.
- 4.2 Members should note that the Members' Code of Conduct requires all gifts and hospitality which exceed fifty pounds in value to be entered on the Members Notice of Registerable Interests which is published on the Council's website. Any gifts or hospitality must be registered within twenty eight days of receipt.

The exceptions where it may be appropriate to accept a gift are:

- 4.3 The gift is of purely token, promotional advertising value given to a wide range of people, e.g. pens, key rings and other promotional items. As such promotional gifts will usually be less than fifty pounds in value generally there will be no need to register but in cases of doubt Members should err on the side of caution and register the gift.
- 4.4 A small gift where refusal would cause needless offence and the giver is not currently seeking a decision or business from the Council. Again, because such gifts would be of a small value generally there will be no need to register but in cases of doubt Members should err on the side of caution and register the gift.
- 4.5 A gift to the Council. This is particularly relevant to the Mayor or Deputy Mayor who may receive gifts on behalf of the Council. A separate record of such gifts is maintained by the Mayor's Secretary. Gifts made to the Mayor's charities need not be recorded.
- 4.6 Gifts given as prizes at exhibitions, conferences, seminars etc. as part of a free raffle or draw may be accepted but they belong to the Council and should be registered with the Monitoring Officer as soon as reasonably practicable (notwithstanding that their value may be less than the fifty pounds specified in the Members Code of Conduct). The Monitoring Officer in consultation with the Chairman of the Governance Committee will determine whether it is appropriate to retain the gift in question.
- 4.7 Whilst it may be acceptable to accept a token or small gift on one occasion Members should refuse repeated gifts, even if these are individually not of a significant value.
- 4.8 Cash or monetary gifts should always be refused without exception and the refusal notified to the Monitoring Officer as set out in paragraph 4.2 above.

5. Hospitality

- 5.1 Increasingly private companies offer hospitality e.g. free drinks, tickets to shows or hotel accommodation to persons with whom they do business or with whom they hope to do business in the future. Such hospitality could convey the impression that Members' judgement would be influenced. It would however be too rigid to say that no hospitality can be accepted. Members are reminded that any hospitality which exceeds fifty pounds is required by the Members Code of Conduct to be registered. However, Members may wish to notify the Monitoring Officer of hospitality offered but refused and hospitality which is less than the fifty pounds limit specified in the Members' Code of Conduct.
- 5.2 Examples of hospitality which may be acceptable follow, but much may depend on the particular circumstances, e.g. who is providing the hospitality, why the Member is there and the nature of the dealings between the Council, the Member and the provider of the hospitality:
 - A working meal provided to allow parties to discuss or to continue to discuss business. (A useful test will often be whether you would provide similar hospitality if the situation was reversed).
 - An invitation to attend a dinner or function of a Society, Institute or other non commercial body with whom the Council has contact.
 - Invitations to attend functions where the Member represents the Council (opening ceremonies, public speaking events, conferences)

- An invitation to attend an event which is categorised as a Civic function or reception
- Civic hospitality provided by another Public Authority.

5.3 The following are examples of unacceptable hospitality:

- Holidays, including accommodation and travel arrangements
- Offers of theatre tickets for the Member and their family or free travel
- Personal invitations for evenings out with representatives from a company or firm who have dealings with the council or who are likely to have dealings in the future.

Members are advised to err on the side of caution and if in any doubt as to the integrity of the offer / invite, the Member should consult the Monitoring Officer or refuse.

6. Declaration of Gifts or Hospitality at Meetings

6.1 The Members Code of Conduct requires that any gift or hospitality received and recorded on a Members' Notice of Registerable Interest must be declared by that Member at any meeting for a period of three years from the date of receipt of the gift or hospitality whenever the matter under decision relates to the provider of the gift or hospitality concerned.

7. Further advice

7.1 If any Member has any concerns regarding this Guidance they must seek advice from the Monitoring Officer.

1. Introduction

- 1.1 These guidelines are here to help employees decide whether or not they should accept offers of gifts or hospitality. In local government you need to be very careful to ensure that the public confidence in your own and the Council's integrity cannot be damaged in any way by your actions.
- 1.2 **If you have any doubts about an offer of a gift or form of hospitality you must refuse and seek the advice of your manager, Assistant Director or the Monitoring Officer.**

2. Gifts

- 2.1 You must be **very careful** when accepting gifts – in some circumstances you could break the law. The general rule is to politely and tactfully refuse offers of gifts from people or organisations who do or might provide work, goods or services to the Council or who seek some decision from the Council – for example, in respect of planning permission.
- 2.2 Gifts of the following type **may** be accepted:
 - **Modest** gifts of a promotional character such as calendars, diaries, articles for use in the office.
 - A **small** gift received at Christmas or on the conclusion of a courtesy visit to a factory or firm, or gifts which are presented at civic or ceremonial occasions.
- 2.3 You must appreciate that these exceptions apply only to **modest gifts** and an expensive gift must not be accepted. Again, if you are **in doubt**, **refuse** the gift and **seek advice** from your manager or Assistant Director.
- 2.4 Gifts which are intended for the Council as a corporate body or intended for a service area can be accepted but you **must not** retain these. Such gifts must be given to the Assistant Director for the service area concerned or the Chief Executive as appropriate.

3. Hospitality

- 3.1 You must use your judgement when accepting an offer of hospitality. You should ask yourself whether members of the public, knowing the facts of the situation, could reasonably think that you might be influenced by the hospitality offered. If the answer is yes, the hospitality should be declined. You should consider:
 - the person or organisation offering the hospitality;
 - the scale and nature of the hospitality; and
 - the timing of the hospitality in relation to decisions to be made by the Council.
- 3.2 Some **examples** of situations and circumstances where hospitality might be **acceptable** are:

- Routine meals at establishments used by the local business community, to discuss business, prior to or following such a discussion. A useful test will often be whether you would provide similar hospitality if the situation was reversed.
- Customary lunches and dinners given at conferences where there are numerous guests and where invitations are formally received and accepted in advance of the conference.
- Courtesy invitations by major companies providing services to the Council, e.g. Bankers, Insurers etc.
- Invitations to join other company guests at sponsored cultural, sporting events or other public performances and openings of other special occasions.
- Civic and ceremonial occasions when accompanying the Mayor.

3.3 Some **examples** of situations and circumstances where hospitality is **unacceptable** are:

- Paid or concessionary holidays or travel.
- Other concessionary rates which are not openly and as a matter of practice, available equally to other organisations.
- Offers of hotel and/or theatre tickets in London (except in circumstances described in 3.2 above).
- The use of company flats or hotel suites.
- Extravagant meals at exclusive venues.
- Frequent hospitality from one source.

3.4 In general, it is usually more acceptable for you to accept hospitality when it is offered to a group rather than something which unique to yourself. You should take greater care if you are offered hospitality when the person or organisation has current dealings with the Council, or such dealings are in prospect.

4. Recording Gifts and Hospitality

4.1 **All** gifts and hospitality which you accept **must** be recorded as soon as possible in the online Gifts and Hospitality Register which can be accessed via COLIN. Any gift or hospitality must be countersigned by your manager. The register is inspected regularly by the Monitoring Officer. The register is subject to regular audit by the Council's auditors.

It is your personal responsibility for ensuring that your acceptance of hospitality and/or gifts is entered in the record. Any inappropriate receipt of any gift or hospitality could lead to disciplinary action.
