Data Protection Policy

CONTEXT

Colchester City Council needs to collect and use information about the people with whom it works; members of the public; current, past and prospective employees; customers; suppliers and others in order to carry out its duties. This Data Protection Policy sets out the organisation's commitment and approach to data protection and provides a clear frame of reference for employees to determine the organisation's standards, aims, and ideals in respect of data protection compliance.

The processing of personal data in the United Kingdom is regulated by law. The principle statutory instrument setting out the legal obligations of those handling personal data is the Data Protection Act 2018 (DPA 2018). Other laws inter-relate with the DPA 2018 including, but not limited to, the UK General Data Protection Regulation (GDPR), the Privacy and Electronic Communications Regulations (2003) and the Freedom of Information Act (2000). These laws are collectively referred to in this Policy as Data Protection Legislation.
